According to a recent ruling by four Idaho supreme court judges, women in this state have no right to serve on a jury. The women probably won't like this ruling at all. It's funny how folks will fight for the privilege of being eligible for jury duty, but will do most anything to get rid of the job when they are appointed to serve.

The supervised games on the school playground have caused favorable comment on the part of the school patrons. The games are directed by the teachers and are a guarantee of good conduct on the playground. Above all they stimulate a spirit of sportsmanship among the pupils. It is safe to say that they will also promote better conduct in the class rooms.

KNOW HIM?

Isn't it funny?
That a man who thinks
He is a business man
Will get up in the morning
From an advertised mattress,
Shave with an advertised razor,
And put on advertised underwear,
Advertised hose, shirt, collar,
tie and shoes,
Seat himself at the table and
Eat advertised breakfast food,
Drink advertised coffee or substitutes,
Put on an advertised hat,
Light an advertised cigar,
Go down to his place of business
And turn down advertising on the ground that
Advertising doesn't pay?—Ex.

Daniel Webster: Let us never forget that the cultivation of the earth is the most important labor of man. Man may be civilized in some degree without great progress in manufactures and with little commerce with his distant neighbors....When tillage begins, other arts follow. The farmers, therefore, are the founders of civilization.

A girl once advertised for a husband, got him, says an exchange. The advertisement, wedding outfit cost her \$14.00. Within a year he died, left \$5,000 worth of life insurance. While we are not in favor of marrying money, we use this as illustration of the value of advertising.

It is said of a certain young lady in this town would like to have white hands, while they had company asked the advice of a guest. 'Soak them in dishwater 3 times a day,' was the reply. The girl left the piano, sticking her head into the kitchen where her mother was washing the dishes, said: Ma, I wish you would save the dishwater when you get thru.

Arthur Brisbane: The human race begins to move. A midget seaplane on the Delaware river has smashed the American record. It runs along the water, rises from it, travels 3 miles in less than one minute. The speed average 197.6 miles an hour. It "banks" turns as easily as a swallow, travels faster. Around the world in 24 hours is coming.

Broke Up Roman Roads

Large stone slabs which formed the core of the Roman roads in England were in medieval times frequently carried off for building purposes. The using of these ancient roads as quarries accounts for their disappearance in many districts.

KANSAS CITY DOCTOR INVENTS NEW TRUSS

New Discovery Heals Rupture Without Operation

Kansas City, Mo., (Special)—A new discovery which, experts agree, has no equal for curative effects in all rupture cases, is the latest accomplishment of the well-known Hernia Specialist, Dr. Andrews, 75-H Koch Bldg., Kansas City, Mo. The extraordinary success of this new method proves that it holds and heals a rupture. It weighs only a few ounces. Has no hard gouging pads, no elastic belts, no leg straps, no steel bands, and is as comfortable as a light garment. It has enabled hundreds of persons to throw away trusses and declare their rupture absolutely healed. Many of these had serious double ruptures, from which they had suffered for years. It is Dr. Andrews' ambition to have every ruptured person enjoy the quick relief, comfort and healing power of his discovery, and he will send it on free trial to any reader of Kendrick Gazette who writes him. He wants one person in each neighborhood to whom he can refer. If you wish to be rid of rupture for good, without an operation take advantage of the doctor's free offer. Write him today. 41-2t

'Tomorrows Car Today'

About three months ago the Star Motor company put on a slogan contest offering as first prize a Sport Model Star Car. Three hundred thousand slogans were submitted. The slogan adopted was: "Tomorrow's car Today". This slogan was submitted by two parties, one in Spokane and one in Los Angeles, and each of them received a Sport touring car. This slogan indicates that the Star car is ahead of all competition. If you will come in we can show you why. R. L. Spiker, Lewiston, Idaho. 41-1t.

Seven "Bibles" in All

Other scriptures regarded as Bibles,
in order of age, are as follows: The
Zendvesta of the Persians, which
contains the sayings of Zoroaster; the
Three Vedas of the Hindus; the Five
Kings of the Chinese; the Piteks of
the Buddhists; the Koran of the
