NO. 15

## HIGHLIGHTS OF THE WEEK'S NEWS DISPATCHES

Perhaps the last opportunity for blonde and slender Winnie Ruth Judd to escape the noose for the murder of Agnes Anne LeRoi was lost to her in the denial by the Arizona board of pardons and paroles of her plea for clemency. She will be hanged in the state prison at Florence at day-break, April 21, unless other legal means can be found to stay or halt the execution of the death sentence, imposed upon her on February 8, 1932.

Declaring unless the state dry laws are changed Idaho stands to lose upwards of \$150,000 to \$200,000 each biennium, Ira H. Masters, prominent Pocatello democrat and newspaper man, in a letter to Gov. C. Ben Ross suggested he call a special session of the legislature to enact legislation making possible the sale and manufacture within the state of beer and wine. "We will pay a heavy tribute to the surrounding states," Masters wrote, "by our people making excursions into those states to purchase beer and wine, and thus Idaho will be deprived of this large sum in revenue."

Four government departments threw their administrative agencies into high gear to carry out President Roosevelt's program for putting 250,000 men to work on forest projects. Soon after the president signed the bill the war, interior, agriculture and labor departments arranged for the selection of a coordinator who will centralize control of the program. The president is hopeful the first recruits will be put to work in two or three weeks and that the whole 250,000 will be on duty by midsummer.

In the scant month that President Roosevelt has had control of the government, he has instituted economies estimated to total \$572,000,000 a year, and at least another estimated \$100,000,000 is in early prospect. This is the record: Reduction in veterans' benefits, decreed at \$400,000,000. Cut in veterans' administration expenses, \$50,000,000. Reduction in all federal salaries of 15 per cent, \$120,000,000. Consolidation of farm credit agencies, \$2,000,000. The additional \$100,000,000 saving is expected from consolidation of other federal agencies under the power already granted the president by congress. Other economies may be achieved later by still further reductions of departmental functions.

Secretary of the Treasury Woodin said that between March 4 and 30 there was returned to the banks a total of about \$1,160,000,000, including more than \$600,000,000 of gold coins and certificates. He said unnecessary withdrawal of currency was one of the causes of the trouble that brought about the closing of banks throughout the nation.

### E. H. Emery To Spokane

E. H. Emery, for the past five and a half years assistant cashier of the Kendrick State Bank, left Wednesday forenoon for Spokane, where he will be district manager for an insurance company.

Mr. Emery has made many warm friends during his residence in Kendrick whose best wishes for success will go with him. He has been especially prominent in church and Sunday school work and his place in the community will be hard to fill.

Mrs. Emery and the children will remain in Kendrick until the close of school, and perhaps longer.

A very pleasant church meeting and entertainment was held in the basement of the Community church Monday evening in Mr. Emery's honor. A large crowd was in attendance and a splendid time was had.

The Double-Six bridge club entertained at a no host, no hostess dinner at the home of Mr. and Mrs. H. B. Thompson Tuesday evening in honor of Mr. Emery, who was a member of the club. Mrs. Helen Boyd and Mrs. Arthur Davald, playing partners, made high score for the evening.

### Beans Moving Slowly

W. A. Watts, manager of the Kendrick Rochdale company, reports that while the bean market is somewhat slow, that his company has sold a number of truck loads during the past week, they having moved out to coast points.

The price has advanced somewhat during recent weeks, but there is still room for a better market—and the local buyers will pay it as soon as it is possible to do so.

## Highway Costs Be Curtailed

Advised that receipts from the gasoline tax during the first three months of this year had fallen 16 per cent below the corresponding period in 1932, Governor C. Ben Ross said in an interview that expenses in the highway departments as well as other departments "will be cut to fit the cloth."

Most significant he considered a reduction of approximately 25 per cent in revenue from this source for March compared with the same month a year ago.

Revenue for the three months was \$342,012 this year, compared with \$408,158 last year. Revenue for March this year was \$87,174 compared with \$116,957 last March.

## KENDRICK STATE BANK NOW OPEN FOR BUSINESS

Word was received from the State Bank department on Thursday of last week authorizing the Kendrick State Bank to open for business in a limited way—that is, to handle new accounts and to clear all checks on solvent banks. No old accounts can be handled until reorganization has been effected, said H. B. Thompson, cashier.

The following news dispatch, dated at Boise, March 31, perhaps explains the status of the bank so that its friends may know just what the state commissioner of finance thinks of the situation:

Boise, March 31—Ben Diefendorf, state commissioner of finance today authorized the Kendrick State Bank to open tomorrow on a restricted basis.

The bank was closed several months before the holiday proclamation, he said, and will open under a reorganization approved by the depositors.

The First Bank of Troy, which had been closed since the declaring of a holiday by Gov. Ross, opened for regular business on Friday of last week, they doing a full banking business the same as before the holiday was declared, the only restriction being that of withdrawing money for hoarding.

### Turnbaugh's Visit Kendrick

Mr. and Mrs. O. W. Turnbaugh, who have spent the past season at Midvale, Idaho, were in Kendrick Thursday morning of this week. They have been visiting friends around Leland for the past two weeks, where Mr. Turnbaugh taught school for two or three years.

In a game of pinocle Wednesday evening at the Lyle Harrison home Mrs. Turnbaugh held 1,000 aces and in another hand Mr. Harrison held 1,500 trump. This is indeed rare for two such large "melds" to be held by players in one evening's play.

### Can Marry In Idaho Now

It will not be necessary for young people—or older ones—who want to enter the "State of Wedded Bliss" to go to another state than Idaho to have the knot tied. The "gin" marriage law was repealed at the last session of the state legislature and you may have the ceremony performed just as soon as the necessary permission has been secured from the county auditor—no more five-days wait. You will save the time and Idaho will save the money—two savings made at one time.

### Bridge Club Entertained

The Afternoon Bridge club was entertained Thursday evening of last week at the home of Mr. and Mrs. W. L. McCreary by Mrs. McCreary and Mrs. Harold Thomas, bridge being played at five tables. Mrs. Wade Keene made high score for the ladies and Roy Ramey for the men. Mr. and Mrs. Lester Crocker were invited guests. Light refreshments were served at the close of play.

The next meeting of the club will be next week with Mrs. J. B. Helman and Mrs. Helen Boyd.

### Birthday Surprise Party

A delightful surprise party was given for Hazel Reid in honor of her birthday anniversary, April 3. The evening was spent in playing games and later refreshments were served, which were brought by the guests. Those invited were: Rosebud Brown, Elizabeth Carlson, Nettie Mae McDowell, Rowena Ramey, Ellen Woody, Elma Jones, Mary Johnson, Jayne Plummer, Neva Craig, Jean Ramey, Margaret Davis, June Davis, and the chaperon, Mrs. Davis, and the honored hostess, Hazel Reid.

## INTERESTING NEWS ITEMS FROM JULIAETTA

### Pioneer Matron Honored

Mrs. Dora Pierce, who celebrated her eighty-fifth birthday anniversary Sunday, was surprised by a large crowd of friends Saturday afternoon at the home of her granddaughter, Mrs. Marion Hanks.

The afternoon was spent in singing and Mrs. Pierce and other guests told of their early experiences. Mrs. T. O. Greene presented her with an angel-food cake, with the date of her birth and the present date in gold color on a white frosting. She received several other nice gifts.

Mrs. Pierce crossed the plains from Kansas in a mule-train in 1875. Her family first settled at Pullman, when it was only a sheep camp. They next moved to Moscow, then to Juliaetta, in 1885, when only two or three families lived here.

The guests present for the afternoon were Mrs. Dora Pierce, Mr. and Mrs. Marion Hanks and children, Mrs. Miles Pierce and daughters Frances and Madeline Pierce, Mr. and Mrs. C. W. Jessup, Mesdames Gallaher, Jim Groseclose, Fix, D. E. Buckallew, Lou Spray, Wm. Carlton, Irwin, Heins, Beard, Grandma Weatherby, Lulu Buchanan, Grandma Buchanan, Burns, Schneider, Nye, Millard, Woodruff, Combs, Greene, Jett, Dumbauld, Stinson, Mrs. Fately and children, Mrs. Leavitt and son, Mrs. Ben Weatherby and daughter, Mrs. J. D. Perry and son.

### Juliaetta Victors Sunday

The Juliaetta ball team played its first practice game Sunday with Cameron, on the local diamond. The score resulted in Juliaetta winning 20-2, the visitors scoring only in the last inning. It is expected the team's good playing of last summer will be repeated this season. No game, as yet, is scheduled for Sunday.

### Needlework Club Meets

Miss Lucille Gruell was hostess to the Needlework club last Thursday. A pleasant afternoon was spent with needlework, followed by a dainty lunch, served by the hostess. Attending were Mesdames Wm. Spray, D. E. Buckallew, M. Nutt, B. Sherman, C. S. Biddison, C. Gruell, F. Spray, Wm. Carlton, S. Gruell and Miss Thelma Spray.

### Mrs. Groseclose Surprised

Mrs. Louis Groseclose was pleasantly surprised with a layette shower Friday afternoon at the home of Mrs. Jim Groseclose. The time was spent in conversation, with luncheon served later by Mrs. Groseclose. Those present were Mesdames Gallaher, Stuart, Kite, Draper, Winters, Calvert, Westling, Dougherty, C. Gruell, Stinson, Nye, Staats, Woodruff, Nutt, Wm. Spray, Perry, Burns, Frazier, F. Spray, L. Groseclose, Sapp, Misses Thelma Spray and Lura Groseclose.

### Injures Hand

Tom Taylor had the misfortune to cut his hand severely while cutting kindling, Sunday evening. The hand was cut the length of the axe blade, between the wrist and the forefinger, nearly severing the thumb. Six stitches were taken by Dr. Christensen to close the wound.

### Brother In Akron Disaster

Arthur E. Carlson, Moscow, brother of Edgar Carlson, was a member of the Akron's crew, which sank off the New Jersey coast early Tuesday morning.

### Short Items

Mrs. E. L. Gallaher has returned from Kamiah, where she spent several months. Dr. Gallaher remained there to doctor, is improving in health and will return home later.

Mrs. Sam Gruell and daughter, Gertrude, spent Friday and Saturday in Lewiston.

Mrs. Jimmie Sutherland and son are here from Spokane visiting her parents, Mr. and Mrs. Miles Pierce, and other relatives.

Mrs. T. O. Greene was a Lewiston visitor the first of the week.

Mr. and Mrs. Everett Custer spent Sunday here from Genesee.

Mr. and Mrs. E. P. Wilcox spent the week-end in Spokane. Mr. Wilcox's daughter, Miss Marie Wilcox, and her friend, Miss Sampson, accompanied them home and visited until Sunday afternoon.

Mr. and Mrs. Henry Irwin and

## OLD SPANISH SWINDLE IS AGAIN BEING TRIED

A Lewiston business man is in receipt of a letter that indicates the resurrection of a moss-grown swindle scheme, known and exposed several decades ago, but now perhaps forgotten or unknown by the present generation. It is one that in past years has caused many losses to innocent and unsuspecting victims.

This swindle usually takes the form of an appeal by a supposed prisoner in Spain, or some other unfortunate person, whose large fortune is claimed to have been temporarily tied up in litigation or otherwise, and who offers a temptingly large sum when the fortune is recovered to the person who assists by advancing financial aid.

In the present case the letter was addressed from Barcelona, Spain, supposedly in handwriting but really in printed reproduction of writing, and which has probably been addressed to a large number of persons who are expected to swallow the bait. The letter reads as follows:

"Barcelona, 30-1-33

"Dear Sir:

"Excuse my liberty in addressing you without your knowing me, but I am in a desperate position, and you are the only person I can trust, as you will later on realize.

"I am a prisoner here for bankruptcy, caused by reasons it would be too long to explain herein. If, as I expect, you are prepared to help me, upon receipt of your cable I will write again, explaining my history and how your name has been known to me.

"Of my whole capital I have only been able to save from bankruptcy two checks for \$235,000, which before my arrest I had hidden in a secret inside pocket of one of my bags. This luggage was embargoed and searched when I was detained, but fortunately the checks for that amount were not found.

"Therefore, what I propose to you is to come here to cancel the embargo and get my luggage, thus recovering my money and saving the future of my poor daughter, who is at present in an orphan asylum.

"To cancel the embargo it is necessary to pay my trial expenses and a fine I was sentenced to pay. The whole amount is approximately \$4,000. As a reward for your help I shall give up to you one-half of the checks, value of \$111,500.

"Of course, before you pay a cent you will have on hand every proof and security on the identity of the checks, as well as the honesty of all I am hereby proposing to you, though you will not have to cancel the embargo until the checks will actually be in your possession.

"To make this possible, I count on the assistance of one of my warders, whom I have offered \$3,000 for his cooperation. In my next letter I will give you full details for carrying this proposition to a successful end. I can't receive your reply in prison, but if you decide to help me I shall safely receive your cable as it will be addressed to the warder's brother-in-law. To avoid suspicions here about my writing to a foreign country I am giving this to the warder for him to put in a typed envelope and post.

"Anxiously looking forward to your reply, when I shall intrust you my secret. I sign now only

"R de S.

"I beg your closest discretion. To save time, don't write. Cable exactly as follows and sign.

"Roldan, Sista de Correos 527, San Juan de las thadesas, Spain.

"Well."

The same letter was received last week by a Kendrick business man and is now in the possession of the Gazette. This same scheme has been undertaken (and worked) in many instances in the past. It is a fake, pure and simple.

### Brown Derby Being Reblocked

Pressure is being brought to bear on Alfred E. Smith by his friends and associates, it was learned, to persuade him to re-enter the political ring as a candidate either for mayor of New York or United States senator. The office of mayor will be filled at the November election, while the seat in the senate occupied by Dr. Royal S. Copeland will be the object of a ballot contest in 1934.

Smith, a close associate said, has been non-committal with even his most intimate advisors, adopting the attitude it is too early to decide on any course.

## COMMERCIAL CLUB MEETING

The Kendrick Commercial club will meet in regular session at the Raby Hotel on Monday evening, April 10. Dinner will be served at 6:30.

Everyone interested in our little city should make it a point to be present at this meeting. There is much relief work being done at this time and everyone who is interested in the different projects to be taken up should be present.

Don't forget the date—Monday night, April 10—at 6:30.

## BROTHER OF A. K. CARLSON GOES DOWN WITH DIRIGIBLE

Arthur E. Carlson, brother of A. K. Carlson of Kendrick, was one of the crew of the ill-fated dirigible, Akron, which fell into the Atlantic ocean off the New Jersey coast early Tuesday morning. Mr. Carlson was chief petty officer of the ill-fated ship and undoubtedly went down with 73 of his shipmates when the big ship plunged into the Atlantic.

Mr. Carlson enlisted in the navy in 1917 and was transferred to the naval air service in 1925, shortly before the Shenendoah, U. S. dirigible, was wrecked in Ohio, when 14 of her crew were killed. Mr. Carlson was a member of the crew at that time and was undoubtedly instrumental in saving many lives by his quick action in shutting off a valve to avoid the shifting of gas.

He visited his parents, Mr. and Mrs. C. E. Carlson, at Moscow and his brother, A. K. Carlson, at Kendrick, in April, 1931, when enroute from the Hawaiian islands to Lakehurst, N. J., where Mrs. Carlson resides.

Others in the family besides his parents at Moscow, Idaho are four brothers, George, in California; Clifford, at Washington, D. C., and Edgar, Juliaetta, Idaho, and a sister, Mrs. Amy Malmsten, Tekoa, Wash.

### Farmers Bank Reports Progress

"The Farmers Bank operating under the program as given out last week reports everything progressing nicely with deposits under 'Special Accounts' increasing daily," said Mr. Carroll.

"We appreciate the trust and confidence shown by the people under the conditions which have come to pass the past 30 days, which has not only made it inconvenient but embarrassing to nearly all, but it has been taken very graciously. The turning point now apparently is here in the increase in prices of all commodities and everyone seems to be putting their shoulder to the wheel to bring back prosperity to all," Mr. Carroll added.

### Clean-Up Day April 10

Monday, April 10 has been set by the village council as clean-up day and everyone is urged to take advantage of this free service and to clean up their places. There is nothing that appeals to the eye any more than a neat, clean town, so let's all get behind this movement and clean up our places and our lawns, put the things we want hauled away into boxes and sacks, put it where it can be easily gotten at and make the old home town look like prosperity was here again. Come on Kendrick, let's go!

### Filling City Lot

Dirt is being hauled from the old school grounds and used in filling in the city lot lying along the railroad. Holes have been dug and trees will be planted, making the unsightly place into a park, which will later be seeded and put into good condition.

Our little city park is one of the most beautiful in the entire country and Kendrick is proud of it. It is hoped that some day the one being fixed at this time will eventually be just as pretty.

### Elk Causes Team To Run Away

The other day when John Galloway, living on Big Bear ridge, just this side of Deary, was driving to Deary a large elk bolted out of the brush in front of his team and caused them to become frightened and run away. Mr. Galloway was thrown from the rig upon his head and was rendered unconscious. His injuries are not serious.

## GRAIN MARKETS FIRMER WITH BETTER DEMAND

Domestic grain markets were independently firm during the last week in March, reflecting a more active inquiry for most grains and continued unfavorable prospects for winter wheat, according to the Weekly Grain Market Review of the U. S. Bureau of Agricultural Economics.

Wheat prices advanced 2c to 3c per bushel, making a gain of 7c to 8c since the first of March. Corn prices were also up 2c to 3c for the week, with a good demand prevailing, particularly for the white grades. Oats advanced about 1c and barley 2c to 3c per bushel. Compared to a month ago, corn prices were 8c to 9c per bushel higher. Oats 3c to 4c, barley 3c to 4c for feeding grades and 8c to 9c higher for malting types. Rye markets strengthened with wheat and were 1c to 2c higher than a week ago, but flax markets remained dull, with prices practically unchanged.

The strengthening of domestic wheat markets was due in part to continued unfavorable prospects for winter wheat with private trade estimates indicating unusually heavy abandonment and a crop only about three-fourths as large as last year's small turnout. Cool weather retarded growth in the Ohio, valley and the condition of the crop varies from fair to good in that area. Weather conditions were favorable in the eastern half of the main hard winter belt but large areas in western Kansas and Nebraska, in Oklahoma and parts of Texas and in eastern Colorado were still dry with further deterioration reported. Seeding of spring wheat has begun in southern Minnesota and South Dakota but work over most of the belt was delayed by snows and wet soil. Efforts of large users of flour to accumulate stocks prior to enactment of farm legislation were reflected in a more active demand for wheat and this was an additional strengthening influence in the market.

Foreign wheat markets did not follow the advance in United States markets and the general wheat situation remained weak. Canadian markets held about unchanged with No. 1 Manitoba quoted at Winnipeg at 49c per bushel, equivalent to 40½c in United States currency and at Vancouver at 50½c or 43½c in U. S. money.

The reduced demand for the surplus of the world is reflected in shipments, which have totaled only about 425,000,000 bushels to date this season, compared with 517,000,000 bushels for the corresponding period last year and about 650,000,000 bushels in 1928-29 when world shipments reached a record total of over 915,000,000 bushels. The reduction in this season's movement is accounted for very largely by smaller shipments from Russia and the Danubian countries.

Advancing prices in domestic wheat markets brought out larger country shipments and receipts at the principal central and southwestern markets totaled 1,258 cars, compared with 867 cars during the corresponding week last year. Milling inquiry remained active, however, and current offerings were readily taken at steady to firmer premiums. At the close of the market March 31, No. 2 hard winter, ordinary protein, was quoted at Kansas City at 49½c to 50½c. Local mills were active buyers at Omaha but shipments were largely to outside mills for Red Cross flour distribution. No. 2 hard winter was quoted in that market at 48½c at the close of the week. No. 1 hard was quoted at Fort Worth delivered Texas common points, at 61c to 62c per bushel. Protein of week's receipts at that market averaged high.

Shippers and interior mills were in the market at Chicago where shipping sales for the week totaled about 400,000 bushels. Prices strengthened with No. 2 hard winter quoted nominally at 55c per bushel. The St. Louis market was firm with receipts very light, reflecting small country marketings and the disinclination of country elevators to sell wheat at prevailing prices. No. 2 hard winter was quoted nominally at that market at 56c per bushel. Soft winter wheat strengthened along with other classes.

Pacific Coast wheat markets were strengthened under the influence of better demand for both milling and feed wheat. Higher prices at eastern points were also a strengthening factor. The advancing market was reflected in increased country shipments.

### GRAIN MARKETS FIRMER WITH BETTER DEMAND

In Washington and Oregon and the receipts at Puget Sound and Columbia river terminals totaled 431 cars for the week, compared with 194 cars for the corresponding period last year. Current offerings were readily taken by domestic mills but some of the receipts were placed in storage. Inquiry from California buyers was more active than for several weeks but no export business was possible at prevailing prices which are well above quotations from competing export areas. At the close of the market on March 31, bluestem hard white was quoted at Portland at 61½c, soft white, hard winter and northern spring at 52½c, western white and western red at 51½c and dark hard winter at 59c per bushel, sacked, ba-

sis No. 1. Baart hard white was quoted at Seattle at 63c, hard winter at 57c, western red at 56c and western white at 54c per bushel, sacked, basis No. 1.

California wheat markets advanced largely as a result of strength in the northern and eastern markets. Local offerings were light with growers still showing a holding tendency despite further improvements in local crop conditions. Rains in the Sacramento valley and northern and central San Joaquin valley improved crop conditions but more moisture is needed in coastal countries. Demand from mills and feeders increased during the week with advancing corn prices stimulating inquiry for feed wheat.

## Renewed Confidence

Under date of March 27th the Commissioner of Finance, Boise, Idaho, granted this bank the privilege of taking new deposits — allowing the depositor the privilege of checking against these new deposits, clearing checks, and in a general way provide for the banking needs of the people as far as new business will permit.

We are able to offer you the protection of the Federal Reserve Bank for funds deposited, and we assure you it is our wish to be of service to this community in so far as it is possible.

Many have already taken advantage of this privilege and we are more than pleased with the feeling of RESTORED CONFIDENCE, GOOD WILL, and the CO-OPERATION of the public in this program.

**"Be An Optimist"**  
Friday, April 7, the Junior class will present their play, "Be An Optimist," in the Kendrick theatre. Many exciting moments full of laughter, thrills, signs and exclamations of all types are in store for those who are to join in being an optimist. Can you imagine how a real Egyptian mummy looks? Did you ever see the inside of an antique shop and learn the tricks of the antique trade? These and many other things will be portrayed in "Be An Optimist." Everyone likes to laugh. Until tears have their sway. Then come, "Be An Optimist" and see the Junior play. Don't miss "Be An Optimist." A play to delight the crowd. It's clever ways of making antics. Will make you laugh out loud. Crash. Bang—and a clatter. Isaac yells—"Hey, vats da matter?" Oy—it is a mystery. Solved for you if you come see, "Be An Optimist."

**Senior Class Meets**  
A meeting of the Senior class was held in the office, Monday at noon, at which the date of Baccalaureate was set for Sunday, May 14. Commencement exercises were scheduled to be held Thursday, May 18, in the local Methodist church. Semi-formal costumes were decided on for the girls. The boys chose to appear in dark suits.  
It was also decided that the Seniors as a class would give the commencement exercises by themselves instead of employing a speaker as in the past.  
Senior kid day was held Thursday, April 6, in accordance with amendments made at this meeting.

**Date Set For Senior Play**  
The Senior play, "Tea Toper Tavern," will be given Friday, April 28. The play itself is a comedy drama in three acts by Lindsey Barbee. The plot is humorous, fast moving, and contains many laughs and thrills for everybody.  
Mrs. Harold Thomas is preparing a musical entertainment to be given along with the play, but between the acts, with members of the cast taking part. As an anti-climax to the whole performance, there will be a grand ensemble by the senior class.

**Track Progressing Nicely**  
Track practice is progressing very nicely under the supervision of Coach Art. Dawald. He has given the boys a few pointers on the high jump and on the shot put. They have received a vaulting pole ordered recently and have been vaulting regularly during the week.  
Coach Dawald is using the playground at the school until the ball ground has dried.

**Dancing Club**  
Miss Newman has been having Dancing club regularly the past two weeks. Many of the students have turned out for the purpose of learning to dance in preparation for the coming Junior Prom. In order to pay the pianist for the occasion, each student is asked to bring a small fee of five cents.

**Girls' Basketball**  
A picture was taken of the girls basketball team Friday, March 31, which will be sent to the Spokesman-Review. The girls are receiving this honor as a reward for not being defeated in any of the seven games they played this year.

**Student Opinion**  
A new plan for commencement exercises is being planned this year. In place of hiring a speaker for commencement exercises the students will deliver the addresses.  
This plan is being carried out in a number of high schools and has proven its worth in all cases. There is no reason why the plan shouldn't be a success in the case of the graduating seniors of this year. It not only saves the expense of hiring a speaker but affords the student practical experience in delivering speeches before an audience. This experience is of nearly measureless value to the student, as being able to speak in public is one of the fundamentals of success. This type of program is of further value because it will enable the students to manage and direct the exercises themselves instead of having it done for them. It is thought by many informed educators that such experience is of great value to students, for they develop a sense of

responsibility that is so necessary in life, after school.

**Grade School News**  
All grades are writing for their Palmer method penmanship buttons and certificates.

The scholars of the third and the fourth grades gave their teacher a surprise party Friday afternoon in the form of a flower and peanut shower.

The third and fourth grades presented a Holland program to their mothers and fathers Thursday afternoon.

The first grades have begun study in their phonics books.

The second grade has begun study in their fourth readers.

The state exams, for the eighth grade will be held the 26th of April. Instead of the long and detailed tests that they have formerly had, they are going to have shorter achievement tests covering the minimum essentials of the eighth grade subjects.

**Jobs For 20,000 Men**

A news dispatch from Missoula, Mont., under date of April 1, stated that there was a possibility of the employment of some 20,000 men in the forests of Montana and northern Idaho in the near future and of ten times that number by late summer, the forecast being made by the United States forest service.  
Instruction to "proceed aggressively" to make arrangements for putting, as large a number of men as possible to work were contained in a telegram from Washington to the forestry department at Missoula. They stated that places could be made for 2,000 men by the middle of April and that employment for 20,000 was possible by the end of the summer.

### Asks Aid In Collecting Chain Tax

The state department of finance has sent a letter to all county assessors asking their aid in collecting the newly enacted chain store tax.

The act places a levy graduated from \$5 to \$500 per store, depending upon the number operating under one ownership in the state, the top charge being for "chains" of 20 or more stores.

The department asked assessors to send in lists of all stores in their counties as the law applies a charge of \$5 on individual stores not members of chains. An offset from the new tax is allowed for taxes paid on real property or fixtures.

The chain store tax applies beginning with July 1 and the revenue is distributed among the counties for the public schools.

The constant and consistent advertiser is still doing business.

### Turkeys "Contained" Gold

Gold hoarding by a flock of turkeys down at Council, in the southern part of the state, has led to a miniature gold rush.

A turkey taken to Boise from there was discovered to have \$2.50 worth of gold in his crop. Two other turkeys from the same place, the Wisdom ranch on Squaw creek, netted \$5.10 additional while a fourth found dead on the place, delivered up a little more coarse gold.

Since the discovery several days ago crews of men have been going over the Wisdom ranch in search of the "turkey strike."

Bitterest of all was a butcher in New Meadows who reported killing a turkey from the ranch and throwing away what he estimated was a table-spoonful of gold which he did not recognize. He has been unable to rediscover it.

### Queer Kinds of Money In Use

Over at Friday Harbor, Wash., on an island out in Puget sound, they are using fish skin scrip as a medium of exchange. The "money" is issued in 25c, 50c and \$1.00 denominations by the American Legion post at Friday Harbor and is backed by a trust fund in a local bank.

At Enterprise, Oregon, they have made scrip out of deer-skin. There the issue is of 50c and \$1.00 denominations. The dollar or "one buck" scrip features a deer, a buck with horns, and states that it is Enterprise Chamber of Commerce currency and is fully secured by Wallowa county warrants. Part of the issue will be on genuine buckskin, with the rest printed on heavy jute paper. The scrip on buckskin will be issued largely for souvenirs, while the paper scrip will be for circulation.

### Weather Beautiful

The past few days we have been having as fine spring weather as any person could wish for. Shrubs are leafing, tree buds are swelling fast, gardens are being put in and everything points to real spring.

Monday was rather a blustery day, but the wind helped to dry out the fields and make earlier plowing possible. It seems to be rather an ill wind that blows nobody good.

### Seeking Two-Cent Postage

Restoration of the two-cent postage rate for first class mail was proposed in a bill by Senator Bone (D., Wash.) He said it would result in increased revenue.

The senator also contended that the three-cent rate was chiefly burdensome to the small business man and private individuals and that the large corporations were using other means of distributing their bills.

### Death of J. Kasper

An item was recently published in the Spokesman-Review announcing the death of J. Kasper of Lind, Wash. Mr. Kasper was formerly a resident of Kendrick and conducted a store here. While he has been a resident of Lind for the past 35 years, he will be remembered here by some of the older inhabitants. He was a member of the Odd Fellows lodge.

Angelica—Joe's new speedster is awfully cute.  
Betty—Yes, you ought to see it play dead on a lonely road.

Judge—What's the charge against this man, officer?  
Cop—Arson, yer honor; burning up the road.

We still have two tons of sugar, contracted for before the advance in price, and will continue our VERY LOW PRICE of \$4.89 for beet and \$5.05 for cane until the supply is exhausted.
