Mr. and Mrs. Herman Schupfer attended a reception last Friday evening at Pullman, given by the W. W. P. Co., honoring their new manager, Harry Lucas.

Rumor has it that Mr. and Mrs. Fred Gladden and family of Bear Ridge will move into the Clyde H. Daugherty home about April 1.

There were so many Kendrick and vicinity residents at the basketball tournament in Lewiston last week-end that to even start to name them would be impossible — the Kendrick Tigers certainly did not lack for rooters at any time.

The Rev. Roy H. Murray is spending this week in Portland, where national staff members of the Methodist Board of Education are meeting for three days with the directors of educational work in the Pacific Northwest conference. Rev. Murray holds the office for this district of "Director of Adult Religious Education." While in that section he will also spend a day with his father in Eugene, Ore.

### Among The Sick

Mrs. Geo. Leith has been ill with the flu the past week.

Jordan Kanikkeberg, Maurice Long and Danny Crocker have the mumps.

The little four-year-old son of Mr. and Mrs. Leo Lohman, Southwick, underwent surgery to have a finger-nail removed from a badly infected finger.

The 14-year-old son of Mr. and Mrs. John Thomas, Little Bear ridge, had to have a gash sewed up in his right shin as the result of a freak accident. He was driving a car and when the brakes his foot slipped off the pedal, inflicting the deep shin injury.

### Old Bank Book Fund

Last week-end Walter Hartung brought to the Gazette office an old bank book, once the property of Nick Brocke, the first entry in which is October 2, 1893.

The label on the cover reads: "First National Bank, Kendrick, Idaho." The book was found in the walls of the old Brocke place on American ridge, which Walter is now helping to tear down.

So far we have been unable to find anyone who remembers that bank, or where it stood.

### Store At Juliaetta Sold

Mr. and Mrs. W. J. Cochran have disposed of their grocery and dry goods store at Juliaetta to Lloyed Knight, also of Juliaetta, the deal being consummated last week-end — and the two stores will be consolidated, leaving Juliaetta one store instead of two.

It is presumed that Mr. and Mrs. Cochran will return to the farm.

### New Sign

The Soil Conservation Service office in Kendrick is sporting a new, double deck sign, put up Monday.

The sign is like that used in the national forests — burned into the wood and then varnished. It presents a very neat appearance.

### Grange Meeting Held

The Kendrick Grange met Tuesday evening of this week in regular business session. Two new members, Mr. DeHaven and Mr. Johnson, were initiated into the order.

Lunch was served at the close of the meeting.

There is no valid excuse a man can give for leaving a loaded gun around where there are children.

## To Construct "Sharp Room"

M. C. Halliday began construction Monday of a "sharp room" at the local creamery.

Frank G. Harris, manager, said that this "sharp room" would permit the quick freezing of fruits and vegetables so necessary to proper looking box storage.

The temperature of this room will be kept approximately 50 degrees below zero. When completed, this room means that all the advantages of proper freezing of fruits and vegetables will be available to locker box renters at the local creamery. It is a real step forward.

## KENDRICK TAKES FOUR OF SIX FOR TOURNEY SECOND

Kendrick High school hoopsmen won four out of six district tournament games to win the second spot in the tournament at Lewiston last Wednesday, Thursday, Friday and Saturday, dropping the final, and heart-breaking game to the Gifford five. The following accounts of the games are taken from the sports columns of the Lewiston Tribune.

### Kendrick 33, Craigmont 20

The pre-tournament favorites, Kendrick, didn't disappoint their followers as they led Craigmont all of the way in their afternoon game. After a quick basket by each team to open the game, the Tigers ran the score to 12-2 to close the first quarter.

Only for a short period in the third frame did the Cougars, defending district B champions, threaten Kendrick's lead. Ahead at the half, 15-10, Kendrick moved to 16-10. Baskets by Jobe, forward, and Miller, Cougar guard, and a free throw by Jobe pulled Craigmont to 15-16.

Ossie Kanikkeberg, veteran forward who tanked 13 in the game, canned one to make it 18-15, Kendrick. Jobe sank another free toss, but Kanikkeberg laid in another bucket to end the quarter 20-16 and snuff out Craigmont's final hope for victory. The fourth quarter, like the first, was all Kendrick. The Tigers ran the score to 29-16 before Murphy of Craigmont pushed in two points with four minutes gone. Jobe, a reserve, led the Craigmont team in scoring with seven.

Neither team lost a man via the foul route. Nine penalties were called in Kendrick and 10 on Craigmont.

### Cottonwood Trips Kendrick

Hanging grimly onto the lead through the last half of the ballgame, Cottonwood presented tourney followers with the district playoff's first major upset as the Mustangs tripped Kendrick in the second game yesterday (Thursday, March 2) morning, 24-23. Cottonwood took the lead at the half 11-9.

In the first half minute of the final frame, Junior Daugherty, Kendrick guard, tipped in a bucket to tie the score at 20-20. Dale Eckert, sandy-haired Cottonwood forward, who paced his team with 11 points, hit one of his left-handers from the side to put the Mustangs in front, 22-20.

Shortly after the four-minute mark, Eckert again hit a swisher from the corner. Norman Fry, reserve Kendrick guard, moved Kendrick to 21 with a free throw, and Ossie Kanikkeberg, forward, who was high for the Tigers with nine, canned a one-hander from the side in the final 20 seconds.

The first quarter opened slowly with Cottonwood taking the lead at its close 5-2. A free throw by Kanikkeberg and buckets by Bob Fraser and Neil Craig, Kendrick, gave the Tigers the lead at 7-5 in the second period. Eckert tied the score with a corner pusher.

Going all the way under, Kanikkeberg slipped in two points, but Cottonwood tied it 9-9 as Cyril Kees and J. Seubert made free throws good. C. Kees put Cottonwood out in front as the half ended.

The two teams swapped buckets to open the second half, and then Cottonwood moved out quickly to 18-11 in the first five minutes of the third period. Craig hit from the keyhole to make it 18-13. C. Kees hit his second long mid-court shot to make it 20-13. In the final two minutes of the quarter, Kendrick picked up five points as Daugherty tanked one, and Walt McCall, big Tiger center, made a free throw and hit a corner shot to end the period 20-18 for Cottonwood.

Kendrick lost Craig in the final period on fouls and Don Kees, Cottonwood forward, fouled out. Eleven fouls were called on Kendrick and seven on Cottonwood.

### Craigmont Put Out

Bouncing back from their loss in the morning game to Cottonwood, the Kendrick Tigers took an early lead in their game with Craigmont and held it throughout the game to win 31-22. Three points was as close as Craigmont ever came to Kendrick, and the Tigers enjoyed a 12-point advantage twice.

It was sort of "as Kanikkeberg goes so goes Kendrick" last night as the Tiger forward potted goals when Kendrick wanted them most and turned in a bang-up defensive game. Junior Daugherty took game honors with 12, collecting four of these in the final period as a "sleeper" after Kendrick went into stalling formation midway through the last quarter. Ossie got 11.

Kendrick built up an 11-4 first quarter lead and went to 17-5 in the first three minutes of the second period. At the half it was 19-11 for Kendrick. In the third quarter Craigmont picked up nine points while Kendrick was getting but four to trail at its close, 20-23. Kendrick ran the score to 29 before Craigmont hit again in the final period.

### Kendrick Eliminates Cottonwood

Coming back the hard way, up through the loser's bracket, Kendrick, playing two games for the second day running, eliminated Pierce from the tourney yesterday (Friday) morning 48-26 and Cottonwood last night 35-28. Kendrick was defeated by Cottonwood in their first meeting.

It looked for a time late in the final frame last night that the Mustangs might repeat their upset of Thursday. With three and a half minutes remaining in the game, Kendrick was out in front 31-29. In quick succession, Rehder, Cottonwood, looped in a long one. C. Kees hit a push shot from the keyhole, and Dale Eckert slipped in a bucket to make it 31-28. With a minute to go, Cottonwood took the ball out of bounds on a foul by Craig, Kendrick guard, but failed to score again.

Kendrick's slick stall formation with Junior Daugherty, guard, under the bucket as a sleeper worked again for the Tigers last night to give them their remaining points. Kendrick held a slim 10-9 lead at the half.

Daugherty had a big score night, getting six points in the last period and a total of 16 for the game.

The Mustangs held the lead but once, briefly, late in the second quarter. Terhar with a long shot put Cottonwood out in front 9-18, but Daugherty slipped under the hoop for two counters in the final ten seconds of the half. Kendrick enjoyed its biggest lead midway through the third quarter at 18-9 and at its close, 22-13.

### Kendrick Eliminates Pierce

Pouring in baskets with the greatest of ease, Kendrick ran up the highest score yet made in the district tournament as the Tigers eliminated Pierce yesterday morning, 48-26. It was 28-10 at the half.

A fat first quarter put the ballgame away for Kendrick. Led by Junior Daugherty, who made nine the first period, Kendrick scored 19 counters before Grieb scored Pierce's first points, getting two from the foul line. The frame ended 21-2.

Neil Craig, Tiger guard, who tanked six the first quarter and picked up an additional five before he left the game was high with 11. Agost, reserve Foresters, getting lay-ins on the fast break late in the game, led the Pierce club with eight.

### Gifford Defeats Kendrick

The real dark horse of the 25th annual district B tournament, Gifford high school, played its own kind of a slow, careful game to gain the coveted district B championship last night (Saturday) as the Ramblers defeated Kendrick 24-16 before a jam-packed crowd Saturday night.

The little seven-man squad from the little 21-pupil Gifford high school went through the tourney undefeated. With the exception of the first few minutes the Ramblers led all the way last night and were out in front at the half, 12-8.

It was a clean, well-played ballgame, and despite the slow score kept the crowd roaring most of the time. Refusing to be hurried, the Ramblers worked the ball around, passing it back and fourth until they saw their opening and then firing.

Kendrick tried to turn it into a faster brand of ball more to the liking of the Tigers, but Gifford just wouldn't be rushed. Only two buckets were scored in the third frame, both by Gifford, to make it 16-8 for Gifford.

Clifford Heitman, slender Gifford forward, was high for the winners with nine points, and shattered all Kendrick's hopes for victory in the first three minutes of the final period when he sacked two looping overhead shots and made a gift toss good.

Only 10 fouls were called in the game, three against Gifford. Two was the most anyone had.

Kendrick scored first to start the ballgame, but Gifford moved out in front to lead at the quarter 6-2. Midway in the second period Kendrick got it to 6-8 again and to 8-9, but Gifford ran the score to 12 to end the half.

Mrs. Davidson had just received a phone call from a member of Ted's squadron, who had returned to the states, the call being made from Omaha, Neb. He also stated that Ted had been promoted to a squadron leader, and that he now held the Air Medal with five Oak Leaf clusters.

Eighty-one kids is a good sized family, no matter how you figure — but Dr. Christensen has everything under control in the modern lambing shed on his place.

The last count Wednesday morning revealed 81 new lambs — and there is one set of triplets, just to make things more interesting.

Let's hope the kids don't get the mumps — or Doc. will have his hands full!

It is hoped that the person having the still missing book will return it immediately.

## WORD FROM LOCAL MEN IN OUR ARMED FORCES

Lieut. Ethel Fraser, A. N. C., accompanied by her brother, Pfc. Donald J. Fraser, arrived home Friday to spend ten-day furloughs with their parents, Mr. and Mrs. Everett Fraser, and other relatives.

Lieut. Fraser is stationed at Camp Stoneman, Calif., and Pfc. Don Fraser at Burbank, Calif.

They were accompanied from Seattle by their brother Arthur Fraser, who is employed in defense work at that city.

Pvt. Donald D. (Dale) Miller arrived home Friday from Chanute Field, Ill., to spend a ten-day furlough here with his parents, Mr. and Mrs. Don Miller. Dale is a member of the Air Force ground crew, and says that he finds his work intensely interesting, but doesn't think much of the state of Illinois, it's too blamed flat.

Dale has grown himself a "cookie duster" on his upper lip, although he admits that the only place he sees or gets any cookies is when "mom" sends them or in a U. S. O. center.

He expects a transfer to another school when he returns to his post.

Mrs. A. W. Jones has kindly allowed us to use excerpts from a letter written by her son, Sgt. John D. Jones, A. A. F., as follows:

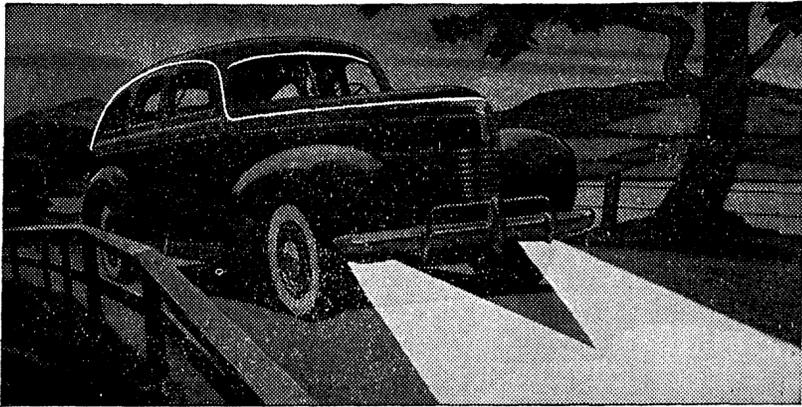

Italy  
January 24, 1944

## Dear Folks:

Just a line to let you know that I am O. K. Got a letter from "Dude" the other day and also one from Irma and one from Iva today. . . . I was out seeing how they farm here in Italy. It is all done by horses around here. Some fair-sized wheat fields but mostly small places. No fences to speak of only around the buildings. Didn't see a gang plow at all — just small foot-burners. I'll bet they weren't more than eight on ten-inch bottoms that just scratch the top. Some real nice looking grain fields. They should have a good crop this year. There are quite a number of goats, but not nearly as many milk cows as I expected to see, but there may be dairies somewhere else. Most of the machinery is International. Lots of old Deering mowers and binders. They use the old high-wheel carts for hauling — pulled by one to three horses.

There are some real nice looking horses here, both work and driving. Have seen quite a number of burros and loaded

## BUT... OIL-PLATING YOUR ENGINE is like outdoing the future -- today

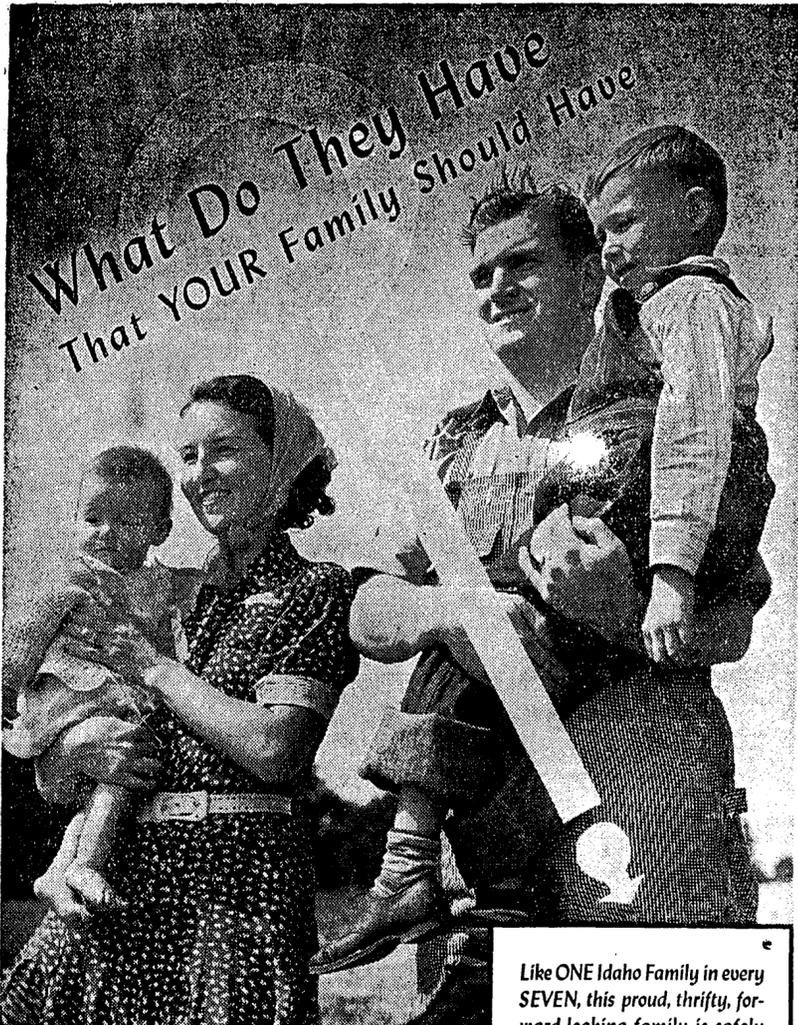

3,965,194 people bought the "latest" cars—mostly 1941 models. Twenty-odd million cars are still older. All the probable new car orders—even if dated today—won't be quickly filled. Then what future car improvement is likely to mean more than the instant improvement of your present car's health?

The least you can do for it is to have unsuitable scratchy old Winter oil drained. But get more than an oil change; adopt the major advancement of oil that OIL-PLATES—simply by getting Conoco N<sup>th</sup> motor oil for your indispensable Spring oil change. Conoco N<sup>th</sup> adds protective OIL-PLATING to working parts by "magnet-like" effect. This comes from the special modern synthetic in Conoco N<sup>th</sup> oil... at regular price.

OIL-PLATING defies engine acids. These infest every engine; they're part of every explosion. They tend to corrode metals most when your engine's driven little—not heated throughout—often re-started after full cooling. Yet even for more favorable postwar driving you'll want acid-resistant OIL-PLATING. Why not get it without waiting? Today! PUBLISHED BY THE KENDRICK CO-OPERATIVE CREAMERY

REMEMBER THE BIG DANCE AT THE KENDRICK GYM. SATURDAY NIGHT, MAR. 11 9:00 P. M. EVERYONE WELCOME! GOOD MUSIC

This dance is sponsored by the Home Ec. Girls, and the proceeds will be used for the improvement of their room. Let's help them out — for this is a good cause.

And Don't Forget It pays you to market your produce the co-operative way. It means greater profits to you.

If you are not now a member of this organization, come in and talk the matter over with us. We'll be only too glad to tell you all about it. No obligation, of course.

And bring those eggs and that cream to town every time you come — never allow them to "pile up" at home.

This story is reported to have leaked out of German held territory.

There was a certain Yank who was captured and sentenced to die by hanging. He was asked if he had anything to say before dying. The Yank replied: "No, I haven't."

The trap was sprung and the ersatz rope broke. The same thing happened a second time without the Yank's saying a word. But on the third try he was losing his patience. So when asked if he had anything to say this time the Yank replied: "You bet I have! What do you think I am, a Yo-Yo?"

The minister had just finished an excellent chicken dinner. As he looked out of the window a rooster strutted across the yard.

"My!" said the minister. "That is certainly a proud rooster." "Yes, sir," said the host, "he has reason to be proud. One of his sons just entered the Ministry."

#### MORE ABOUT ARMED FORCES

visit. Well, thanks again for the paper. I surely enjoy it. Sincerely Pfc. Elmer C. Wilson.

Gerald Ingle has kindly allowed us to reprint excerpts from the following letter, written by his brother, Cpl. Wm. W. Ingle, as follows: Somewhere in Iran 26 Jan., 1944

Dear Brother and Family: This sunny afternoon is a fine time to write. If my camera were here I would get a picture of myself strolling to the bath house dressed in a towel.

Two of the fellows are out on a game hunt. When a fellow goes out here he hesitates to say just what kind of game he is going to bring back. You see, he really doesn't know until it is time to go home what kind of game he has the most of. There are gazelles, boar, fox, jackel, rabbits, ducks and many different kinds of pheasant, grouse, etc. One doesn't get to go often, but there is nothing more enjoyable to do here. The Arabs are afraid of the wild hogs. It is not uncommon for a defenseless human to be seriously injured by the sharp tusks of the boar. Likewise, the wild cats, etc., lay around and wait for a chance to kill part of the herdsmen's flocks. For these reasons the Arabs are eager to have you hunt near their villages, which usually are situated close to water, near the best pastures and farm lands. The people are of Moslem faith and it is hard to get one of them to help you load a dead hog in a vehicle, let alone eat one. They will walk beside you or behind you, though, and

try to show you where the hogs are. Four of us went out a few days ago to try our luck with wild fowl. We each had a shotgun and a few shells, loaded with lead drops of all sizes and shapes. The birds were so wild that it was hard enough to even dust their feathers, let alone kill one. It so happened that one fellow brought an army rifle and some ammunition. Shortly after we reached the hunting grounds one of the fellows spotted a hog sleeping very close to him. He had the rifle and the large, fat sow never knew what hit her. More hogs came into sight suddenly shortly afterwards, and disappeared just as quickly. The fellows again started hunting birds and shooting whatever they found. One shot a jackel, another a wildcat, and so on. We were on the lookout for hogs all the time, and occasionally caught a glimpse of them traveling at high speed through the underbrush. I looked about and sighted one about fifteen feet away, in a well camouflaged position. The instant I saw him he charged. Mr. Boar used the element of surprise to the end, not a sound did he utter. Three shots would have been enough, but he got two extra for good measure. My buddy got the second shot, so I guess the two of us got the "hawg." Anyway, it was a satisfying feeling to know that you had at last killed an enormous, ferocious wild boar while on a bird hunt, and with a shotgun. It was a fine hunt.

I have been out several times now and there are a few things about the people and their habits that I have noticed. So far I have not seen a single boat of any kind beside the rivers. I suppose the people on one side are not very curious about what is happening on the other. On the other hand it may not be very healthful for them to mingle with each other. No matter where you stop, whether far out on the desert, where it is a vast level area without any vegetation, or somewhere in a river bog, where there are a lot of brush and thorns, you can wait a few minutes and some Arabs will show up even though when you stopped, not a soul was in sight. At times you think they popped up out of the ground. There are many remnants of villages and ancient castles on the vast deserts, sometimes there is an occupied village a few hundred yards, or a mile from the ruins of an older settlement. During the winter they plow up fields and plant grain. You can see them going to their fields just before daylight; the men with donkeys and the women and children walking if there aren't enough donkeys to go around. Their implements are the very crudest.

I saw a soccer game Sunday between British and American soldiers. The British won one-to-nothing. The Yanks are new at the game, but they are learning. Some of the players showed a lot of skill. The ball is moved to the goal by kicks, and if it is high the opposing team intercepts by bunting it with their heads. A "grounder" kick is sent to the other goal by intercepting and kicking in the other direction. A fellow needs a set of re-inforced shins and an ivory head.

The mail has fallen off to a faint trickle for the last several weeks. I haven't heard from home for a long time. I hope that this letter finds you all in good health and in fine spirits. A fellow hears a lot about morale on the war front but I should like to know more about how it is on the home front.

Our medical officer has spent a lot of time telling us about his short term of duty in the Holy Lands. He surely saw a lot of the world. If an opportunity like that comes my way I'll jump at the chance.
