INTERESTING NEWS NOTES FROM THE SOUTHWICK AREA

Southwick Homemakers Club
The Southwick Homemakers Club annual Valentine and Heart Sisters party was held Thursday evening in the home of Edith Wells, with Mrs. Wells as hostess and Agatha Perkins co-hostess.

The club held a short business meeting which was followed by stunts and games. Valentines revealing Heart Sisters for the past year were delivered from an attractively decorated Mail Box at St. Valentine's Station. The dining room was decorated in white and red, with white doves suspended from garlands of red hearing envelopes containing the Club members names. The dove each one chose was their Heart Sister for the coming year. A fruit salad buffet was served on a table with white table cloth decorated with many hearts and a lacy Valentine centerpiece.

The next meeting will be held at the home of Virginia Cantril, and more work will be done on the personality and color suitability charts.

Missionary Society
The Missionary Society of the Community Church met Friday at the home of Mrs. John Lettenmaier with eight members present. The day was spent preparing more boxes for the Missionaries.

4-H Club Meets
The Spring 4-H Club met Saturday afternoon with five members and one leader, Mrs. Russell Perkins, present. A demonstration was given by Rona Armitage, work checked, and assignments made for the coming weeks. Secret Pals were drawn for 1956. The next meeting will be held at the home of Diana King.

Workshop Scheduled
There will be a "Better Dress" workshop held this week at the home of Virginia Cantril, Mrs. Bernadine Tudor, Nez Perce county Home Demonstration agent will give the instructions. The women taking advantage of the lessons are Edna King, Virginia Cantril, Ruth Armitage, Barbara Hepler, Marie Kachlemier, Ruth Anders, Marion Meeker, Agatha Perkins, Ruth Geidl and Mary Lawrence.

General News
Mr. and Mrs. Ervin Fry and Mrs. Lloyd Thornton were business visitors in Lewiston on Monday.

Mrs. Rollin Armitage made a trip to Lewiston Monday on business.

Mr. and Mrs. Russell Perkins and daughter Hazel were Sunday dinner guests in the home of Mr. and Mrs. Leland Marvin at Juliaetta.

Mrs. C. A. Cuddy is a patient at the St. Joseph's hospital in Lewiston, where she underwent major surgery on Thursday. At last report she was doing very nicely. All wish her a speedy recovery.

Mr. and Mrs. Verlin Benjamin and daughter Susan were Sunday guests in the home of Mr. and Mrs. Al Pederson on Gold Hill.

A new student entered the Southwick school Monday, Jeanette Cuddy, in the sixth grade. She is a daughter of Mr. and Mrs. James Cuddy of Gold Hill.

Sunday dinner guests in the home of Mr. and Mrs. Lloyd Thornton and family were Rev. and Mrs. Lloyd Laubach and family and Mr. and Mrs. Given Mustoe.

Mr. and Mrs. Dick Benjamin and son Ricky and Mr. and Mrs. Ervin Fry and family were dinner guests Sunday in the home of Mr. and Mrs. Milton Benjamin.

Sunday dinner guests in the home of Mr. and Mrs. William Kachlemier were Mr. and Mrs. Don Cantril and daughter Sandra.

Mr. and Mrs. Rollin Armitage and family were Sunday dinner guests in the home of Mr. and Mrs. T. J. Armitage.

Honoring the birthday anniversaries of Arlie Armitage and Jack Mustoe, Mrs. Arlie Armitage entertained at dinner a week ago Sunday. Guests were Mr. and Mrs. T. J. Armitage, Mr. and Mrs. Jack Mustoe, Mr. and Mrs. Given Mustoe.

Saturday evening guests in the home of Mr. and Mrs. Clay King were Mr. and Mrs. Kenneth Meeker and children.

Mr. and Mrs. Marshall Giedl were Sunday dinner guests in the home of Mr. and Mrs. Clay King.

Mr. and Mrs. Leland Marvin and children of Juliaetta spent Tuesday at Southwick. Mrs. Marvin attending the "Better Dress" Workshop at the Virginia Cantril home.

Joint District P-T-A. To Meet

The regular monthly meeting of the Joint P-T-A. of District No. 283 will be held at Kendrick Monday evening, Feb. 20, at 8:00 p. m.

There will be an observance of "Founders Day", and Mrs. Walter Hereth of Lewiston is expected to be present to talk and show slides of her recent stay in Turkey. The ladies of American ridge will be hostesses for the evening.

Married in Lewiston

Word has just reached us of the recent marriage of Patricia Grayson, daughter of Forest Grayson of Southwick, and Earl Bovencamp, son of Mrs. T. H. Gregory, in Lewiston on January 18.

The young couple are making their home with the bride's father for the time being.

Hold Fifteen Hundred Trump

Mrs. Wm. Johnson held a 1,500 trump hand in pinochle in a short card game at the Marion Rowden home Sunday evening. The Johnson family were dinner guests in the Rowden home that day.

Car Goes Through Fence

Friday evening following the ball game, many in attendance found themselves in difficulty due to the fresh, wet snow, which formed an almost grease-like coating on the streets. And among these was Cecil Gruell of Juliaetta.

As Cecil started down the hill the cold motor on his car quit. Realizing the situation Mr. Gruell "steered for curb." When the wheels hit the concrete curb they caught, the car climbed the curb and crashed through the picket fence into the yard of the Everett Fraser home.

The fence suffered considerably, but the car was undamaged, and the occupants not even shaken up — just scared a bit.

ANNUAL CUB SCOUT BLUE AND GOLD DINNER MONDAY

The annual Cub Scout Blue and Gold dinner was held Monday evening in the Kendrick Fire Hall, in observance of the 46th anniversary of the Boy Scouts of America. Following the dinner the Cubs entertained with skits and games. Cubmaster Deweber then presented the following boys with awards: Roger Nelson, Lion Badge, Gold Arrow, Silver Arrow, Three-Year Service Star and Ass't Denner Stripes. Johnny Deweber, Two-Year Service Star and Ass't Denner Stripes. Dana Magnuson, Ass't Denner Stripes. Tommie Rowden, Denner Stripes. Pat Morey, One-Year Service Star. Dickie Baker, Two-Year Service Star and Denner Stripes. Bobby Wilson, Wolf Badge and One-Year Service Star. Den Chiefs Richard Nelson and Denny Abrams were presented with Service Stars.

Next a "Candlelight Graduation" ceremony was held for Roger Nelson, who was welcomed into the Boy Scout Troop by Everett Fraser, Assistant Scoutmaster.

The Boy Scout Troop committee then presented awards and Merit Badges to the following Boy Scouts: Richard Nelson, Leonard Eldridge and Denny Abrams, who received Three-Year Service Stars; Billy Blewett and Edward Jones, One-Year Service Stars.

Merit Badges were presented to the following: Leonard Eldridge, Life Saving and Personal Fitness; Denny Abrams, Salesmanship; David Johnson, Bird Study, Life Saving, Nature, Citizenship in the Nation and Personal Fitness; Randy Wallace, Life Saving, Citizenship in the Nation, Personal Fitness and Nature. Robin Magnuson, Personal Fitness.

After the awards had been made the entire group rose and generously applauded Richard Nelson, as a tribute in recognition of becoming an Eagle Scout. He received that coveted rank at a Court of Honor at Lewiston Saturday night. He is one of the youngest such Scouts in the district, having achieved it when barely 14 years of age.

Weather Resembles March

Beginning last Friday this section has "enjoyed" weather that can best be described as "March like."

Friday, following a snow storm of brief duration, a chill wind began blowing, which gradually turned into a chinook. Most of Saturday night and all day Sunday this warm wind continued to blow, cutting deeply into the snow, particularly here in the canyon, but also on top the hills.

Sunday, in addition to the warm wind, there was bright sunshine — which looked mighty good to local folk, especially those suffering with spring fever — of which a number of mild cases have been reported.

The "official" thermometer has shown a high of 44 degrees and a low of 28.

Since the above was written the mercury has really taken a "nose dive," the reading being 16 above Wednesday morning!

Redecorating Interior

The interior of the Kendrick Variety & Gift Store has undergone a complete re-decorating at the hands of Carl Mattoon the past week-end.

Soft shades of blues and cream were used and the result is most attractive.

LIONS COMMUNITY CALENDAR

Grange — 1st and 3rd Tuesdays
Lions — 1st and 3rd Wednesdays, 6:45.
Firemen Meet 2nd and 4th Wednesdays of each month.

March 6 — Farm Institute, Kendrick — all day.

Note: This calendar is for the listing of coming events. To list items under it, call R. L. Meserve, Supt. of Schools.

SHORT NEWS ITEMS FROM OUR LOCAL SCHOOLHOUSE

Office News

Two of the office girls have been quite busy the past couple of weeks working on school records which date back to the years 1895-1896. They have been found to be incomplete on information on the teacher's names, the years they taught and also the grades.

These record books are being cared for so that people who write the school asking for information on the years they attended the school, etc., can be answered promptly and correctly.

Bus Troubles

Monday morning, Feb. 13th, Ed. Mielke's bus became stuck in his driveway. He put on chains — yet was still in the same predicament. He was unable to get his tractor started, so called on Aaron Wells to help him. Most of the students who would have ridden on the bus arrived in automobiles.

On the same morning, on the same ridge, but on the other side of the hill, at the Fred Glenn ranch, the bus driven by Jesse Heffel "conked out." The bus was given a pull by the Glenn tractor and the students got to school. It was found, on examination, that the light duty generator on the vehicle had been unable to stand the winter's strain and had given out. It was replaced by a new heavy duty generator.

Drivers' Education Car
The Drivers' Education car is now painted and ready to go with the exception of the dual controls, which have not yet arrived. They were shipped Jan. 27, and have been on the way for almost three weeks. The car is a 1956 Chevrolet from the McMonigle Chevrolet Co., Lewiston.

Dimes Dimes
The March of Dimes card given the Student Body to fill has been divided into five portions, with each class taking one and the teachers filling the last.

The Freshmen were the first to complete theirs, by having the Student Body treasurer draw a check for \$2.00 from their funds. The Faculty was next, with the Seniors following. The Sophomores and Juniors have yet to complete theirs. The Faculty has an extra dime attached to their card, but the Seniors have beaten all classes with each member contributing a dime, which makes six extra dimes over their card.

Be sure and support the March of Dimes.

Foot Down!
Mr. Cochran, Science teacher, has just put his foot down! Since last week's article in the paper about throwing things and bad manners in class, Mr. Cochran said: "That's all out." He also said that the person who wrote it had left out the fact that if he caught anyone throwing things, that person would "go out on his ear."

Kendrick Defeats Genesee
Kendrick's Tigers took the measure of Genesee for the second time this season, 66 to 45, in a game on the local floor Friday evening. The Tigers were out in front 28 to 14 at the half-way mark.

Genesee's Bulldogs didn't score a single goal during the first period, which ended with Kendrick out in front 12 to 2.

Jim Armitage with 18 points for the Tigers led individual scoring, with Lee racking up 12 for Genesee.

This game ended Kendrick's regular season and gave it a total of nine wins against eight defeats.

The Genesee B squad took the eye-opener 52 to 40.

The Kendrick gym, was literally "packed to the rafters" to witness this contest between the long-time rivals.

Form Shaddock Committee

Formation of a Latah county Louise Shaddock for Congress organization was announced today. The committee members are Copes R. Gale of Moscow, chairman; Len Bielenberg and Mrs. V. L. Rudolph.

The Latah group is the second in northern Idaho to organize, a Bonner county committee having been reported several days ago. They are asking Miss Shaddock, who has been executive secretary to Sen. Henry C. Dworshak, to seek the Republican nomination for First District Congresswoman.

Miss Shaddock, who is currently on a speaking tour in the southern part of the state is expected to return to her home in Coeur d'Alene this week-end.

Gives Weather Comparison
In a brief note accompanying a subscription remittance, Rev. Otto G. Ehlen, of Deshler, Ohio, former pastor of the Lutheran Church at Cameron, says in part:

"Your paper has permitted, as it were, a peep through the window of scenes and people in and near Potlatch Creek." The weather has interested us. We may live slightly 'south' from Kendrick on the globe, but general weather conditions seem very similar. Only, our coldest morning was 6 degrees above zero."

Mill In Rebuilding Throes
The Mead & Howard Sawmill at Kendrick, forced into a winter shutdown by weather conditions, is now in the process of a complete rebuilding, looking forward to the spring and summer operations.

Not only is it being rebuilt, but up-to-the-minute equipment is scheduled to be installed.

In the meantime, as weather permits hauling, the company log yard is being stock piled and the "hog" bin completely emptied.

MORE PERTINENT INFORMATION ABOUT SCHOOLS

In the following article we will answer some of the questions that have been suggested by the P-T-A. Fact Finding Committee:

Question: How is the High School athletic program financed? **Answer:** The High School Interscholastic Athletics are supported financially, entirely, by the High School Student Body. The school district participates only to the extent of providing the gym lights and heat for home ball games. The Student Body pays for the uniforms (approximately \$50.00 for a football uniform) for the basketballs, \$25.00 per ball; for officials for ball games, \$26.50 per home session of basketball; for the lights at the football field and the High School Student Body pays mileage to the school district for every mile put on the school busses when they are used to transport ball players, band and, or students to out of town ball games.

The gate receipts at ball games must meet these expenses, or expenses have to be reduced. So you see there is no money out of your school taxes going to pay for athletics. Yes, the gymnasium and the coach are provided by the School district, but the State of Idaho says every High School must provide facilities for physical education — and you cannot provide an accepted program in this climate without a gym, or a P. E. program without a coach. The coach teaches a full load of academic subjects in addition to his coaching duties.

Each member of the High School Student Body pays dues into the Associated Student Body. This money goes to finance the many and varied extra-curricular activities. The National School Assemblies programs cost the student body a total of \$190.00 per year, plus any extra programs that might be presented during the school year, such as Dr. Glenn Cunningham. The Student body purchased the first 15 lockers at a cost of \$288.00, and they contributed \$300.00 toward the lighting of the ball field.

Maybe someday we will acknowledge the fact that extra-curricular activities are an integral part of today's education and then the school district will provide the finances necessary for these activities. When this happens the Student Body can get out of the money making business, and we can allow free admission to all school activities, as it should be, and some of the pressure for a winning team will be removed. **Question:** How many students do we have in the various school buildings?

Answer: Our total enrollment has fluctuated more this year than in any previous year. Last week we had 373 pupils; when school began we had 380; a month later there were almost 400 students. But regardless of how the numbers fluctuate from day to day we must maintain facilities for 400-plus students.

Southwick Elementary has 44 students in six grades, evenly divided between two rooms, and the rooms are not crowded. Juliaetta has 137 students divided into six grades in six rooms. The first grade has 22 students; second, 23 students. This latter room is crowded because of its small size. The third grade has a present enrollment of 25, a little large. Grade four has 26 students, too many for ideal conditions; grade five 22 students, and the sixth grade has a present enrollment of 19 pupils.

The High School building at Kendrick is presently housing 191 students in a space adequate for about 125. There are no adequate facilities for Home Economics; no facilities for Vocational Agriculture Shop, and the State Department of Education High School Supervisor says: You are trying to teach Science to 30 students in a space adequate for three!

The future enrollment can only be guessed at, but it is fairly certain that student population will grow slightly in the years to come.

Question: Who finances that Hot Lunch Program?

Answer: The Hot Lunch Program that operates in all three schools is another of the self-supported activities of the school district. The district provides the space for operation of the program, the lights and water, the stoves and refrigerators, and that cost is negligible. The Hot Lunch Program is self-supporting in all phases of the operation. The program supplies approximately 335 hot, wholesome lunches daily to the students in the three schools. The operating expenses run about \$1,500 per month. On last year's operations it cost 24.6c per meal for food and labor. This left 4/10 of 1c per meal for replacement of dishes, glasses, silverware and cooking utensils.

It is hoped the above answers will help to clear up some of the questions that exist concerning the operations of your schools.

In Justice Court
Cook Brothers of Juliaetta were fined \$25.00 and costs in Justice of the Peace Jack Travis Court for leaving their log jammer blocking the road on Cedar ridge, making it impossible for the school bus and other traffic to pass.

The warrant was issued in Justice Court and the arrest made by Arthur Foster, constable for this district.

Grange Tuesday
The Kendrick Grange will meet in regular session Tuesday evening, Feb. 21. The business session will be followed by pinochle.

All members are urged to come and bring table and cards.

Bridal Shower

Mrs. John Chapman (nee Dayma Weaver) was complimented with a bridal shower Thursday evening in the Fire Hall, with twenty-nine guests present.

The gift table was centered with a miniature bride and groom standing on a large red heart, and flanked with tall white tapers in crystal holders.

Guests were entertained with several fun games and prizes were awarded Mrs. Bud Eichner, Mrs. Wm. Holt and Oreta Holt.

The bride then opened and displayed her lovely and useful gifts, after which refreshments of ice cream and cake were served by the co-hostesses, Unis Westendahl, Lorraine Clemen-hagen, Jeanette and Ellen Rowden.

WHAT JULIAETTA FRIENDS ARE DOING THESE DAYS

School News
Mrs. Howard Hoffman visited the first grade room on Thursday.

Thursday afternoon a number of the first grade pupils were taken by bus to Kendrick for "shots."

All the Art classes were involved in Valentine projects this past week, and the traditional messages of love (in either humor or beauty) have been used for border decorations.

A picture was shown the school on Friday after the last recess — "Green Harvest."

Mrs. Racicot has begun plans for a spring grade-school operetta.

Meet At Bill Bowen Home
The N. F. M. S. met at the home of Mrs. Bill Bowen Thursday afternoon, with Mrs. Bessie Weatherby presiding. Mrs. R. E. Bebout presented the lesson on "The Day of Prayer."

The roll call was a scripture verse beginning with "B." Those present were Mrs. Wm. Hecht, Mrs. L. C. Groseclose, Mrs. Vada McAllister, Mrs. Lloyd Scott and children, Mrs. Wm. Lublow, Mrs. Nettie Stone, Mrs. Ruth Shove and Mrs. R. E. Bebout. Heart-shaped sandwiches and cherry pie were served with coffee.

Garage Destroyed By Fire
The garage on the Albert Shove property burned to the ground Sunday morning, with defective wiring believed to be the cause of the blaze. Quick work on the part of the local volunteer firemen saved the house from burning.

Shows Pictures
Mrs. Walter Koepf of Cameron called Monday afternoon in the Fifth grade room to show colored slides the family took on a vacation trip into Nevada and California this past winter.

General Items

Mr. and Mrs. Harold Mael and Mrs. Opal Gudmunson, Gary and Gayle, all of Deary, spent Tuesday with Mr. and Mrs. Martin Shove. Mrs. Marie Dahl was also a guest.

Mr. and Mrs. Martin Shove and son David were Sunday dinner guests of Mrs. Marie Dahl.

Eugene Taylor, Mr. and Mrs. M. C. Halliday, Mrs. Ira Havens, Mr. and Mrs. Henry Brammer and Mr. and Mrs. Otto Schupfer attended the funeral for the late William A. Watts in Lewiston Tuesday morning of last week.

Mr. and Mrs. E. G. Wagner of Lewiston and Mr. and Mrs. F. A. Wagner were visiting with friends and transacting business in Kendrick on Wednesday.

Rev. and Mrs. R. E. Bebout were business visitors in Lewiston on Friday.

Mrs. Ira Havens was a visitor in Moscow on Monday, Feb. 6th.

Mr. and Mrs. Wm. Lublow and Mr. and Mrs. Alonzo Guthrie were business visitors in Lewiston on Friday. Mrs. Guthrie consulted a doctor while in that city.

Mr. and Mrs. Earl Rayment and family were evening visitors in the Roy Fry home at Kendrick Monday evening.

Mrs. Geo. Havens of American ridge was a guest of Mrs. Henry Brammer Tuesday, while Mr. Havens and Mr. Brammer went to Lewiston on business.

Mr. and Mrs. Harold Mael of Deary took Mrs. Marie Dahl to a doctor in Moscow, Monday. Mrs. Dahl will spend a few days with the Mael family before she returns home.

Mr. and Mrs. Dick Carlton have received a telegram from Huntington Park, Calif., telling them that they have a new granddaughter, born to Mr. and Mrs. Robert Carlton. The little Miss has been named Jean.

Wednesday evening dinner guests in the home of Mr. and Mrs. Harvie Shepherd were Buzz Nye, Ray Taylor and the Dick Carlton family.

The Methodist church had a special guest speaker for their Sunday services. He was Winston Onyena of Nigeria, South Africa, who is a student at the University of Idaho.

Mr. and Mrs. Carl Koepf and Mr. and Mrs. Werner Brammer and daughters, the latter of Kendrick, visited Sunday with the Henry Brammer family.

Pinochle Club Meets

Mr. and Mrs. John Deobald entertained their pinochle club Saturday evening with three tables in play.

Guests included Mr. and Mrs. Keith Thornton, Mr. and Mrs. Chas. Easterbrook, Mr. and Mrs. Luther Parks, Mr. and Mrs. Geo. Brocke, Jr., and Mr. and Mrs. Bud Eichner.

High scores for the evening were awarded Mrs. Bud Eichner and Luther Parks; lows to Mrs. Chas. Easterbrook and Keith Thornton. The "goose" followed Chas. Easterbrook home.

Delicious refreshments were served by the hostess at the close of the evening.

SHORT LOCAL ITEMS OF MORE THAN PASSING INTEREST

Charles Harris Dies At Moscow

Charles Vester Harris, 51, member of a prominent family of Southwick, died of a brain tumor at the Grtman Memorial hospital in Moscow at 7:00 p. m., Monday.

He underwent brain surgery at Spokane on Feb. 15 of last year, and had been in failing health since. He had been hospitalized 11 days.

Mr. Harris was a son of the late Mr. and Mrs. Gordon Harris of Southwick. He was born at the Harris home Dec. 6, 1904, and lived at Southwick until 1930.

From 1930 to 1943 he was a farm worker in the Pullman area. He returned to Southwick in 1943 to farm for himself until he became ill in 1955.

His wife is the former Flora Lienhard of Princeton. She survives at the home of her father, John Lienhard of Princeton, where the family moved last October.

Other survivors are three sons, David, Delbert and Gilbert; four daughters, Shirley, Marilyn, Linda, and Jill, all of Princeton; four brothers, Virgil Harris of Lewiston, Ormonds, Willie Harris of Nezperce, Cecil Harris of Roseburg, Ore., and Earl Harris of Pullman; and an uncle, Walter Harris of Lewiston.

Funeral services will be held at Short's Chapel, Moscow, at 2:00 p. m. Thursday, with the Rev. Elton Hillard, pastor of the Nazarene church of Princeton, officiating. Burial will be in Memorial Gardens Cemetery at Moscow. — Lewiston Tribune.

Home From Service

Cpl. and Mrs. Frank P. McCreary arrived in Spokane last Thursday at noon from Landstuhl, Germany, where he has been stationed the past 13 months, and were met there by his parents, Mr. and Mrs. W. L. McCreary.

They left Frankfurt, Germany, on Monday, flying over the northern route to Ireland, Gander, Newfoundland, New York, and then to Spokane. Parker has completed his military service and stopped in Moscow to register his honorable discharge enroute home. They are at the home of his parents for the time being.

Mrs. McCreary (nee Ursula Maslow-ski) is from Magdenburg, Germany, a city in the Russian occupied zone. She came across from the East zone as a refugee in 1953 to the Kaiser-slautern-Landstuhl area.

She speaks and writes English as well as French, Polish, Russian, and of course German, so has had no trouble with the language barrier. When asked what impressed her most in her new home she replied: "All the friendly people and the warm way they have welcomed me. Also the wide open spaces everywhere — in Germany everything is crowded so close together!"

Mrs. McCreary seems to think that American women are very lucky — a telephone in every home; all the hot water you can use; electrical equipment to lighten household work, television sets and every family with a car or two. "It's a great big, wide, wonderful land." Speaking further, she said, "I just love American fashions for women!"

While in New York the McCreary's visited with Mr. and Mrs. Dick Coulter and heard the New York symphony play at the Radio City Music Hall.

Mielke-Parks Nuptials

Mr. and Mrs. Edwin Mielke announce the marriage of their daughter Dorothy Ann, to Charles H. Parks, Jr., son of Mr. and Mrs. Harold Parks.

The bride chose for her wedding a lovely orchid suit with white accessories. The groom wore the conventional dark blue business suit.

The young couple were married in a double ring ceremony at Lewiston, Idaho, on Friday, Feb. 10, 1956. They were attended by the bride's sister, Patricia, and the groom's brother, Ronald. Their parents, Mr. and Mrs. Edwin Mielke, and Mr. and Mrs. Harold Parks were also present at the ceremony.

Both young folks are very well known here, having been born and reared in this community. Both are graduates of the Kendrick High School with the class of '52, and both attended the University of Idaho.

The groom just completed two years of military service, having been stationed in Germany for a year. They will make their home on Potlatch ridge near Leland.

Word From Paul Kortemeier

From Mrs. Grace Kortemeier at Corvallis, Oregon, comes word regarding her son Paul, in which she says that he has now shipped out for the Far East, and would undoubtedly enjoy mail from his friends at Kendrick. His new address follows: Paul A. Kortemeier F. T. SN; 471-21-81; U. S. S. Ammen DD 527; c/o F. P. O., San Francisco, Calif.

NEWS ITEMS ABOUT LELAND RESIDENTS AND FRIENDS

Home From Hospital

Mrs. Marvin Vincent returned home Monday from Lewiston, where she had been a patient at the St. Joseph's hospital, following major surgery. She is getting along very nicely.

Entertain At Dinner

Mr. and Mrs. Alan Medalen and family of Orofino spent the week-end with her parents, Mr. and Mrs. Jesse Thornton.

Mr. and Mrs. Robert Draper and Mrs. Norman Viles, the latter of Seattle, were Monday evening supper guests of Mr. and Mrs. W. H. Weyen in Kendrick.

Mr. and Mrs. Ben Hoffman called on Mr. and Mrs. John Frisbee in Juliaetta Friday afternoon.

Mr. and Mrs. Lloyd Craig and daughters visited Sunday with Mr. and Mrs. Virgil Flesman in Clarkston.

Mr. and Mrs. Herman Johnson were Monday guests of Mr. and Mrs. Dick Cuddy in Kendrick.

Mr. and Mrs. Ted Weyen were Saturday supper guests of Mr. and Mrs. Ervin Draper.

Mr. and Mrs. Ervin Draper, Mr. and Mrs. Chester Vincent, Mr. and Mrs. Billy Weyen, Mr. and Mrs. Harold Silflow, Mr. and Mrs. Wilbur Tarbet and Mr. and Mrs. Glen Wegner surprised Mr. and Mrs. Ted Weyen with a party in their home Monday evening — the occasion being their wedding anniversary.

Mrs. Norman Viles of Seattle is visiting this week with her parents, Mr. and Mrs. Robert Draper.

Louise, Loren and Lowell Hoffman are spending this week with their grandparents, Mr. and Mrs. Ben Hoffman.

Boyd Thornton of Lewiston spent the week-end with his parents, Mr. and Mrs. Jesse Thornton.

Mrs. Olive Krutz is visiting with Mr. and Mrs. Marvin Vincent.

Mr. and Mrs. Bill Rogers and family of Kendrick were Thursday evening supper guests of Mr. and Mrs. Chester Vincent.

Mr. and Mrs. Everett Lohman, Mr. and Mrs. Leon Wolff, Mrs. Helen Hinrichs and son Herman, Mr. and Mrs. Gordon Peters and Mr. and Mrs. Harold Parks and son Ronnie gave a surprise birthday party Saturday evening for Mrs. Harold Parks and Jesse Heffel at the home of Mr. and Mrs. Jesse Heffel.

STONY POINT NEWS

Feb. 13 — Marie Heimgartner and Kathleen Greer attended "Play Day" at the Lapwai school Saturday.

The Greer family of Lenore were Sunday evening visitors in the home of Mr. and Mrs. Leslie Heimgartner and family.

Mr. and Mrs. Cletis Hoisington and family were Sunday dinner guests of the Lauren Hoisington family on Big Bear ridge.

Mr. and Mrs. Eugene Heath and son and Mrs. Inez Ingraham and family were Sunday visitors in the Newt Heath home. The Edgar Heath family were Sunday evening callers.

Mrs. Helena Brown and Carol Brown were Friday over-night guests in the Ernest Steigers home.

Mr. and Mrs. Keith Steigers and family visited Sunday with Mr. and Mrs. Ernest Steigers.

LeRoy Kress of Spalding was a week-end guest of Virgil Stevens.

Mr. and Mrs. Glen Stevens and family were Sunday dinner guests of Mr. and Mrs. Lyle Kerby and family. Jan Kerby returned to stay over night with Glenda and Linda Stevens.

The Friendship Club met Thursday with Mrs. Darrel Kerby and quilted a quilt for Pat during the day. The next meeting will be on Feb. 23rd at the home of Mrs. Mart Klopfer.

New Rochdale Co. Manager

At a meeting of the directors of the Kendrick Rochdale Co., held Saturday afternoon at the company office, Robert (Bob) Watts was elected manager, taking the place of his father, the late W. A. Watts.

Bob has been an employee of the company for the past several years — so is no stranger to the business.

Get those fresh frozen fruits at least for breakfast. See Blewett's Grocery-Market, Kendrick. adv.

NEWSY ITEMETTES FROM AMERICAN RIDGE AREA

Hi-Hope Club

The Hi-Hope Club will meet with Mrs. Bud Eichner on Thursday, Feb. 16, at 1:30 p. m. Mrs. Ernest Andrews and Mrs. Lawrence Heimgartner will demonstrate making of lamp shades. There will also be a Valentine exchange.

General News

Frank Hill of Lewiston spent last week here with his daughter, Mrs. Ernest Andrews and family.

Mr. and Mrs. George Merrick of Kendrick were Sunday evening visitors in the George Havens home.

Mr. and Mrs. Wayne Davis and family were Saturday evening guests of Mr. and Mrs. Ed. Kent.

Mrs. Ernest Andrews and Mrs. Lawrence Heimgartner attended the workshop on "Lamp Shades" in Moscow on Tuesday.

Most all the ridge folks attended the funeral for the late W. A. Watts in Lewiston last Tuesday morning.

Mr. and Mrs. Ed. Kent were Sunday dinner guests of Mr. and Mrs. W. H. Weyen in Kendrick.

Mr. and Mrs. Ernest Andrews were Lewiston visitors on Monday. John Merrick and Reggie Wegner were Friday evening guests of Charles and Rayner Havens.

Mr. and Mrs. Berne Davis and family of Pullman were Sunday dinner guests of Mr. and Mrs. Wayne Davis and family.

Mr. and Mrs. Harry Benscoter spent Wednesday in Peck with her parents, Mr. and Mrs. Dan Lyle.

Walter Benscoter was a Monday caller in the Geo. Havens home.

Mr. and Mrs. Ed. Kent were Monday evening supper guests of Mr. and Mrs. Frankie Benscoter, watching TV that evening.

Mr. and Mrs. Wayne Davis and Joy were Moscow visitors Tuesday.

Mr. and Mrs. Ira Havens of Juliaetta were Friday afternoon visitors of Mr. and Mrs. G. B. Havens.

Mrs. Harry Benscoter attended the Cancer School in Lewiston last Friday.

Mr. and Mrs. Orlie Hewett and Ray Carlson of Harrison, Ida., came up on Tuesday and Friday, having purchased the Bob Nelson herd of sheep, and were taking them home. Jim Nelson accompanied them Friday, all then coming back Monday for the remainder of the sheep.

Bob Nelson was in Lewiston Monday on business.

Mr. and Mrs. Walter Benscoter spent Thursday evening with Mr. and Mrs. Arlie Armitage at Southwick.

Marjie Ingle and Wanda Peters were week-end guests of Nita Benscoter.

Mr. and Mrs. Wayne Davis were Thursday evening visitors of Mr. and Mrs. Geo. Havens and family.

Barry Gardner was a Wednesday over-night guest of Todd Nelson.

Bob Nelson was in Spokane on business, Thursday.

Mr. and Mrs. Arlie Armitage of Southwick were Sunday dinner guests of Mr. and Mrs. Walter Benscoter. Mr. and Mrs. Frank Hoisington of Big Bear ridge were Sunday evening guests.

Mr. and Mrs. Bud Eichner attended a card party at the John Deobald home Saturday evening.

Becky Eichner spent last Tuesday with Mrs. Marion Rowden.

Norla Callison served on the jury in Moscow several days of last week. Mrs. Callison and Mrs. Walter Benscoter accompanied him to Moscow on Wednesday.

Mr. and Mrs. Norla Callison and son Bobby attended the Blue and Gold dinner of the Cub Scouts in Kendrick Monday evening.

Joy Davis spent Tuesday with Marjorie Smith.

Mr. and Mrs. Bob Smith and family spent Monday afternoon with Mr. and Mrs. Harley Eichner.

Norla Callison attended an R. E. A. meeting in Lewiston Friday. His sister, Mrs. Walter Benscoter, accompanied him.

Mr. and Mrs. Bud Eichner and Becky spent Sunday with Mr. and Mrs. Harley Eichner and Mr. and Mrs. Herman Schupfer.

Mr. and Mrs. Bob Smith and family spent Saturday in Lewiston with relatives.

Mr. and Mrs. Harley Eichner were luncheon guests of his sister and husband, Mr. and Mrs. Jack Simpson one day last week, in Clarkston.

Mr. and Mrs. Clarence Dougherty had as their luncheon guests recently in Lewiston, Mr. and Mrs. Matt Johnson.

BIG BEAR RIDGE NEWS

Mr. and Mrs. Robert Jones and son Ronnie spent the week-end here in the home of her parents, Mr. and Mrs. Ed. Halseth.

Mr. and Mrs. John Johanson were Sunday guests of Mr. and Mrs. Oscar Slind.

Mr. and Mrs. Boyd Leland and daughter Resa visited her parents, Mr. and Mrs. Ed. Halseth and family, Sunday.

Mr. and Mrs. Harley Perryman and son Gene of Cedar ridge visited in the Ed. Galloway home Sunday.

Mr. and Mrs. Virgil Wampler of Lewiston visited with her parents, Mr. and Mrs. A. Kleth and family on Sunday.

Mr. and Mrs. Dan Kechter and children were Sunday guests of Mr. and Mrs. Walton S. Morey and sons.

Mrs. Robert Clemenhagen entertained the Ladies Guild at her home in Kendrick last Wednesday afternoon. The time was spent in tying a quilt.

Mr. and Mrs. Danny Kechter and family of Cedar ridge were Sunday dinner guests of Mr. and Mrs. Newt Morey and sons.

Mr. and Mrs. Richard Benjamin and son were Sunday dinner guests of Mr. and Mrs. Milton Benjamin at Southwick.

Mrs. Joe Clemenhagen visited Monday afternoon with Mrs. Adrienne Clemenhagen in Kendrick.

CARD OF THANKS

We desire to express to our kind friends our heartfelt thanks for their many expressions of sympathy. The beautiful floral offerings were especially appreciated. —Babe Watts and Joe Watts Family; the Bob Watts family.

PERSONALS AND NEWS BITS ABOUT KENDRICK FRIENDS

Sunday dinner guests of Mr. and Mrs. Ben P. Cook were their children, Mr. and Mrs. Bennie B. Cook of Pullman; Mr. and Mrs. Harold Goff and sons of Asotin; Rev. and Mrs. F. C. Schmidt and Winston Onyena of Nigeria, South Africa, who is a pre-med student at the U. of I. and who had been guest speaker at the morning worship hour in the Community church. Evening callers were Mr. and Mrs. Gilbert Geidl of Lenore and Mr. and Mrs. Ross Armitage.

Mr. and Mrs. L. S. Thurber left Sunday for Spokane on a combination business and pleasure trip. They returned home Wednesday evening.

Mr. and Mrs. Herbert Howell of Lewiston were Sunday evening dinner guests in the home of Mr. and Mrs. Manning Onstott.

Mrs. Bob Watts and daughter Patti accompanied Bob and Joe Watts to Spokane on business Friday, she going on to Coeur d'Alene to visit her father, H. M. Barber, who is recuperating from an operation for kidney stones.

Mr. and Mrs. Joe Watts and daughters of Moscow spent the week-end here with his mother, Mrs. W. A. Watts.

Paige Craig, Sandra Tarbet, Elaine and Dean Weyen all of Leland were Saturday night guests in the W. H. Weyen home.

Mr. and Mrs. Robert Draper and Mrs. Norman Viles (nee Vivian Draper) were supper guests in the home of Mr. and Mrs. W. H. Weyen Monday evening.

Mr. and Mrs. Harl Whittinger of Southwick and Mr. and Mrs. Ed. Kent were Sunday supper guests in the W. H. Weyen home.

N. H. Rhodes of Lewiston was a Sunday evening guest in the McCreary home.

Mr. and Mrs. A. O. Wegner of Pullman came down Saturday to visit in the home of their son-in-law and daughter, Mr. and Mrs. Ed. Nelson, and to attend the Boy Scout Court of Honor in which their grandson, Richard Nelson, received the coveted Eagle Scout Badge at the Court of Honor held in Lewiston that night.

The Nelsons took Mr. and Mrs. Wegner home Sunday and visited with the Harry F. Wegner family for a short time.

Mr. and Mrs. Bennie B. Cook returned to Pullman Sunday afternoon after having spent the week-end here with home folks.

Mr. and Mrs. Roy Ramey, Jr., and

daughters, accompanied by her mother, Mrs. Eva Miller, all of Rosalia, stopped here Sunday morning to pick up his parents, Mr. and Mrs. Roy Ramey, all going on to the home of Mr. and Mrs. Walter Koepf at Camerson to enjoy a dinner which honored the birthday anniversary of the Koepf's son, Skippy — which also happens to be Abe Lincoln's birthday anniversary. Mr. and Mrs. Ernest Brammer of Southwick were also guests at the dinner.

Mr. and Mrs. Herman Travis and grandson David Bryant of Grangeville; Jimmy Travis and Bill Johnson of Spokane, and Mrs. Lettie Israel and son Martin were Sunday dinner guests in the home of Mr. and Mrs. Jack Travis.

Harry Merrick and a friend from Cheney, Wash., drove down Friday night to spend the week-end here with his parents, Mr. and Mrs. Geo. Merrick. They returned to Cheney Sunday evening, where they are attending E. W. T. C.

Les Mallory, father of Mrs. R. L. Meserve, writes that he is now basking in the sun at Monterey, Mexico.

R. L. Meserve drove to Sandpoint Saturday to spend the day with his parents, Mr. and Mrs. C. R. Meserve.

Mr. and Mrs. Marvin Long took the afternoon train for Spokane Tuesday, and will spend several days there on a combination business and pleasure trip.

World Day Of Prayer

The Leland Ladies will join the Kendrick W. S. C. S. at the Kendrick Community Church Friday from 10:00 a. m. through early afternoon to observe World Day of Prayer.

This is a world-wide observance, with Christians around the globe taking a part of the day to worship. You are invited to join the above group, whether or not you are a member.

Meditations will continue through the lunch hour. You are asked to bring your sack lunch. Coffee and dessert will be furnished.

There will be special music. Try to come for at least a part of the day, even if you can't remain for the entire program.

Working In Austria

Word has just reached us that Wesley Clayton, son of Mr. and Mrs. Joe Clayton, Kendrick, is working with a construction company in Austria. He left the states in December, and his father tells us the company is engaged in building ski lifts. He expects to be busy with this operation for about four months.

HUGE POWER PLANTS NOW
UNDER WAY ON SNAKE

"The economy of the Pacific Northwest will grow and prosper if local power suppliers are permitted to go ahead with comprehensive plans for building major new hydroelectric projects. But northwest citizens will be denied that needed growth and prosperity if political power cliques are allowed to blockade private capital seeking to help relieve critical power shortages."

This was the bold statement made last week in an interview by Kinsey M. Robinson, president of Pacific Northwest Power Co., formed by four major Northwest electric utilities, and which has asked the federal power commission for a license to build and operate a 1,183,000-kilowatt, \$210,000,000 project at Mountain Sheep and Pleasant Valley on the Snake river.

As the year turned, the generating company awaited the green light from FPC, standing ready to start immediate construction of the largest hydroelectric project ever undertaken in this region by private capital. It filed its license request in September. Pacific Power & Light, Portland General Electric, Washington Water Power and Montana Power companies — PNP organizing utilities — are spending \$1,750,000 for preliminary engineering and other investigations at the two dam sites located between Oregon and Idaho.

The firm has served blunt notice that it will resist any effort of what it terms "political power cliques" to block the middle-Snake development. "We regret that the blockaders are at it again, seeking under a political smoke screen to delay this vital project," Robinson said.

"However, thorough and painstaking investigation makes us confident that our project is a good one, and that the plan of development we propose will stand up as the best to insure full utilization of the Snake river, including power production, flood control, recreation and other benefits for the region."

"But if the public power zealots now asking to intervene in this important program are permitted to snarl the license application with the FPC, the entire economy of the

Northwest will suffer."

"Citizens of this region will raise a strong voice of protest against the obstructionists who insist their federal-or-nothing concept of power development, which can lead only to the privation of prosperity for the Pacific Northwest."

"This area cannot tolerate those who say they would rather see the Northwest's rivers run undeveloped to the sea than permit local power suppliers to help to harness them."

"There is the alarming knowledge that 500,000 or more kilowatts must be added to the generating capacity of the area each year in order to keep pace with growing needs."

"We in private industry recognize our responsibility in meeting the needs of our customers, and we will oppose with full vigor any efforts to stop us."

Both the Northwest Public Power and the National Hells Canyon associations, as well as farmers' union groups have filed intervention petitions with the FPC against the PNP project. The company has asked that the petitions be denied because they "fail to qualify under the Federal Power act and the rules of the commission" and has accused the interveners of trying "only to delay and hinder the work of the commission" and "create confusion."

Robinson said that the PNP is "ready and able to start construction" of the \$210,000,000 project in 1956, and could make the first power available in 1959 under a "full speed ahead building program" in the remote and rugged Snake river canyon.

Slash Disposal Important

U. of I., Moscow — That "the future of a new timber stand, indeed its very establishment, may depend heavily on how the slash from the old stand has been handled," is one conclusion reached by the authors of a new University of Idaho College of Forestry, Wildlife and Range Experiment station bulletin just off the press.

"Logging Slash — A Study of the Problem in Inland Empire Forests" is the title of the publication, which was written in cooperation with the Intermountain Forest and Range Experiment Station of the U. S. D. A. The bulletin treats four aspects of

the logging slash problem: (1) its history, (2) the most recent research, (3) some conclusions of a six-year study still in progress, and (4) a forecast of future slash research and problems.

The authors point out that lack of basic knowledge on logging slash is particularly frustrating where the problem involves such varied consideration as fire control, silviculture, soils, pathology and economics. New demands, new machines, new social and economic forces constantly require the development of new knowledge and new methods.

One valuable basic concept has been developed, however, that each situation must be analyzed and treated according to its own merits — no single treatment is a panacea.

What is slash? It is the uneconomical recoverable debris left after a timber harvest — a heterogeneous mass of very fine to very coarse material ranging from needles and twigs to heavy branches and defective logs. It is a problem primarily because it creates a very serious fire menace. Virtually any appreciable body of slash comprises a combination of fine and coarse fuels in which fires may spread rapidly, burn with great intensity and persistence and are very difficult to control.

Although the title of the publication refers to forests in the Inland Empire, the authors point out that the phrase: "Northern Rocky Mountains" could be used almost interchangeably with "Inland Empire."

Wildlife Funds Allocated

Federal aid funds allocated to Idaho for approved fish and wildlife restoration programs during the 1955-56 fiscal year, total \$275,433.00, the Idaho Fish and Game department said this week.

Ross Leonard, director, said the money is derived from a national excise tax on hunting and fishing equipment, and is pro-rated to the states according to a ratio of licenses sold and the state's surface area. "In effect, this means that the residents of states with little hunting and fishing of their own thus help support the wildlife programs in the less fully developed states, where most of the good wildlife populations are located," he explained.

He said \$197,986.74 of the available total is allocated to finance approved wildlife restoration programs, and \$77,356.43 to approved fisheries projects. He pointed out that the federal fund reimburses the state fish and game department with three-quarters of the cost of each project segment as it is completed, the state paying the other one-fourth. "Incidentally, many people do not realize that fish and game management in Idaho is entirely supported by hunters and fishermen," he said. "The state fish and game fund is made up of license income, a portion of the fines collected, and a percentage of the proceeds from beaver sales. The department does not receive any money from the state's general tax fund."

The amount available for wildlife restoration is much greater than that for the fisheries program because the tax on hunting equipment is more productive than that on fishing gear, and the proceeds are set up in two different funds, he explained.

Income Tax Help Available

Every Monday, January 9 to April 16 will be federal taxpayers information day at the U. S. Internal Revenue Service office in Lewiston, announced Calvin E. Wright, Idaho district director at Boise.

"But folks are asked to first read the instructions and do their returns as far as they can. Then come or telephone and we'll gladly answer any questions and help them complete their returns if necessary."

"This sort of 'self-help' speeds up service for everyone. We tried it last year with fine cooperation by our fellow taxpayers who appreciated being shown how."

"No one will be denied information on other days of the week, but on Mondays more internal revenue agents will be on hand, so there will be less waiting."

"Jack and I have parted forever."

"Good gracious. What does that mean?"

"A five-pound box of candy in about an hour."

Get more on-the-job power from your trucks, quicker, smoother response from your car with Chevron Gasolines. All the benefits of the highest octane in Chevron history AND famous "Detergent-Action," that cleans away carburetor deposits to end the biggest single cause of engine trouble.

Flood, Once Great Man-Killer, Now Relatively Tamed

NEW YORK—The recent devastating floods in the Eastern United States notwithstanding—flood—one of man's greatest and oldest enemies is becoming less and less a factor in yearly loss of life. The United States Weather Bureau reported 1,728 flood fatalities for the 20 years from 1934 through 1953. Of the total, 1,153 occurred in the first half of the period and 575 in the second half. Provisional data for 1954 indicate a toll of about 50 lives, about half of which were taken by the Texas flood in June of that year.

For more than 15 years, the statisticians note, no single flood has killed as many as 100 persons. In the period of 1935-1937 there were three floods in each of which more than 100 lives were lost. A Mississippi Valley flood in 1927 took 313 lives and an Ohio River flood in 1913 reduced 467 victims.

The reduction in flood fatalities has resulted in large measure from the construction of reservoirs, levees, flood walls, and canals by Army engineers in cooperation with State and local agencies. Another important factor has been the increase in the extent and reliability of flood forecasting by the United States Weather Bureau.

Emergency measures against flood waters and the rapid evacuation of people from dangerous areas—efforts in which the American Red Cross often plays a major role—have also contributed materially to the reduction of the toll.

The largest loss of life from floods have occurred in the Ohio and the Missouri River systems, which have accounted for one quarter and one fifth, respectively, of the total for the 20 years under review. Three fifths of the flood deaths in the country as a whole occurred during the period of April through July, and nine of the 13 floods which took 25 lives or more were in this four-month period.

Cumberland Gap Now National Park

WASHINGTON — Cumberland Gap, the Appalachian mountain doorway that funneled untold thousands of pioneers into the promising American west, is being dedicated as a national park.

Creation of Cumberland Gap National Historical Park culminates a 35-year effort to preserve an area recalling Daniel Boone and other frontiersmen who plodded the Wilderness Trail.

Three states contributed more than 20,000 acres of scenic mountain land to the park. The Gap is situated where the sharp southwestern wedge of Virginia joins the Kentucky and Tennessee borders. From Pinnacle Rock, 3,000 feet skyward, park visitors on clear days can see Georgia, Alabama and North Carolina.

Cumberland Gap was known centuries ago to the Indians as a natural entrance to Kentucky's hunting grounds. It was discovered in 1750 by Dr. Thomas Walker, an alumnus of the College of William and Mary, during a search for settlement lands. Daniel Boone came 19 years later and, finding the lovely Kentucky countryside just beyond, "esteemed it a second paradise," and determined to live there.

Believing Makes It So in This Instance

MILWAUKEE—Bill Rothe, who doesn't believe in crabbng about business, used a little psychology to talk some other people out of the habit.

Rothe took a ribbing from business friends when he ordered 1,000 buttons reading, "Business is GOOD." Waitresses in his restaurant wore them and passed them out to customers. Before he knew it, Rothe was distributing his third order of 1,000 buttons.

Salesmen and clerks report that customers are impressed and what they thought would be a joke has proven a good business asset.

Lawbreakers Invited To Join Novel Club

DURHAM, N.C. — Speeders convicted in Harnett County are invited to join the 55 club. The state speed limit is 55 miles an hour.

Membership cards say they are eligible "by reason of being convicted of a speeding violation on the highways of the State and by reason of the fact that (they have) since that conviction, promised to assist in the fight against speeding in Harnett County and North Carolina."

They Accepted

CHARLESTON, W. Va. — Thieves took a local motor sales company at its word.

Officials of the Valley Motor Sales Company told police they were missing a 1953 truck valued at \$1,000.

The truck, which stood on the company lot, was advertised with a cardboard sign which contained this invitation: "Come in and steal this one."

Old Ledgers Give Peek Into 1776 Army Medical Kit

WASHINGTON—Epsom salt, glauher's salt, castor oil, mercurial ointment, adhesive plaster, and cinchona bark were among the drugs used most during the American Revolutionary War, according to information confirmed through the examination of some 1776 account records of a Philadelphia apothecary shop.

The story of how the American Revolutionary Army was crippled by lack of medical supplies and by internal feuds within the medical department has been previously reported, but information about the all-important regimental medicine chests used by the Continental Army has been sketchy. The complete inventory of some 20 medical chests that were furnished the Continental Congress for the newly organized regiments from New Jersey, Pennsylvania, Virginia and North Carolina have been revealed through the study of the Waste Book of the Marshall Apothecary Shop, which is preserved in the Historical Society of Pennsylvania.

The records show that cathartics were the leading medicine employed by the American forces of 1776. The regimental chest included 10 pounds of epsom salt; 10 pounds of glauher's salt; 1 1/4 pounds of castor oil; 1 1/2 pounds of aloë; 2 pounds of jalap; and 1 pound of rhubarb. Sedatives were few, including only 8 ounces of opium and 12 ounces of tincture of opium for an entire regiment. Cinchona bark, from which quinine was later discovered, was in wide use, 4 pounds being contained in the Continental chest.

Surgical dressings included 10 pounds of tow (a type of cloth wrung out of hot water and applied as a stupe); 3 pounds of lint (a dressing made by scraping old linen cloth); and 6 pounds of adhesive plaster.

Caterpillar Not Immature Butterfly

WASHINGTON—Few phenomena in nature have stirred more general interest than the transformation of the somewhat repulsive "worm" into the beautifully colored winged insect, but the real marvel is the previous transformation of insect into "worm," which, since it takes place inside the egg, nobody ever sees to wonder about.

It often has been assumed that the wormlike form represents some earlier rung in the evolutionary ladder through which the insect race progressed in the ancient days of life on earth and which each individual must repeat in a somewhat telescoped fashion before birth. Thus man and higher mammals are supposed to pass through stages of their vertebrate ancestry before birth. In the case of the insects, it is speculated, part of this embryonic development takes place outside the egg.

This is contrary to fact, says Dr. R. E. Snodgrass of the Smithsonian Institution. He says the caterpillar is not an immature butterfly. In some way not understood the insect egg becomes two animals, each independent of the other and each of which is born, leads its own life and perishes. The various body cells which are to become a young butterfly are contained, in an inactive, non-developing form, in the body of the caterpillar.

Road-Wear Students Earn College Degree

PITTSFIELD, Mass.—Would you travel 86,000 miles for a college degree?

Two Pittsfield men have commuted that distance between here and Troy, N.Y., during the past 10 years to study at Rensselaer Polytechnic Institute. They received bachelor degrees in mechanical engineering during recent commencement exercises.

The men, Leonard R. Spencer and William E. Fessenden, both 38, attended evening classes at R.P.I. three nights a week since 1945. That's the time required under the evening program to complete the regular four-year academic course in mechanical engineering.

New Guinea Tribesmen See First White Man

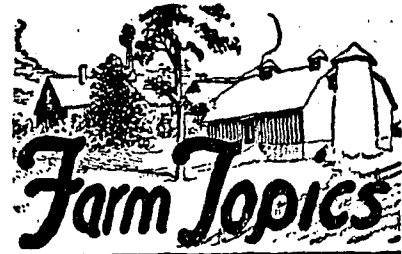

CANBERRA, Australia—A patrol into the interior of Papua has found a tribe of wig-wearing warriors who had never before seen a white man.

A report issued by the New Guinea Administration said the tribesmen, known as the Duna, wear wigs and long beards which give them a Biblical appearance.

Missing Million

CHICAGO—City Treasurer Morris B. Sachs says he found \$1,000,000 the City of Chicago didn't know it had.

He said the money was found in one of the City's bank accounts during a routine examination of records. It had been there between five and eight years, he said.

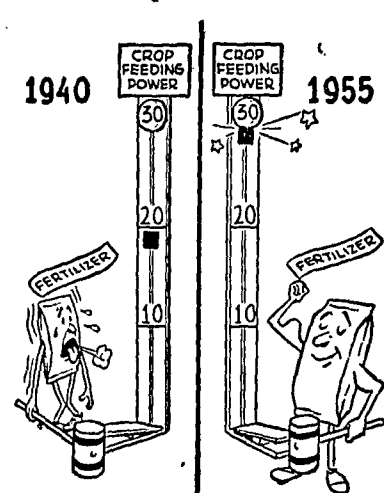

Farmer's Friend Is Fertilizer

Offers More Crop Feeding Power Today

In keeping with the national spiral, the cost of every item the farmer must have to stay in business—from hoe handles to tractor tires—has been going up for years. Yet, there's one bright spot in the farming picture, according to the Middle West Soil Improvement Committee, which reports that farmers are getting more crop feeding power per ton in the fertilizer they buy.

Over the years the percentage of primary plant food content in an average ton of fertilizer has increased from 19.6 per cent for the United States as a whole.

In the Middle West, the increase has been considerably greater. The committee estimates that the plant nutrient content is now in excess of 33 per cent in this area.

With the cost of all farm supplies and equipment higher than ever, fertilizer is today the farmer's best friend. The price increase on fertilizer has been moderate, and as shown above, the crop feeding power is increased.

University of Illinois agricultural economists report that most items farmers buy today cost three to five times more than in the 1910-14 period. The cost of fertilizer has increased only 54 per cent in the past 40 years. Figuring 1910-14 prices at 100, the index of farm wage rates today is 521, the index of taxes is 411, livestock 320, farm machinery 314, and seed 252. The index for fertilizer is only 154.

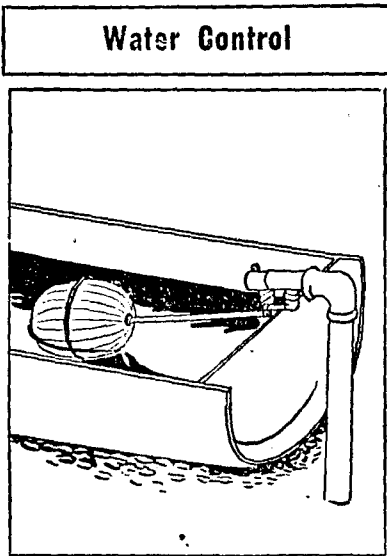

Spraying Plant Leaves Not Always Profitable

Plants can use liquid fertilizer when it's sprayed on the leaves, but it isn't practical or economical to fertilize common crops in that way.

Soils experts say there are two reasons why you shouldn't spray fertilizer on plant leaves. First, only small amounts can be put on at one time, since too much burns the leaves and reduces yields. Second, liquid fertilizer sold for leaf spraying costs much more than the liquid or dry fertilizers sold for direct application to the soil.

The farmer considering spraying liquid fertilizer on leaves should first get out his pencil. Usual recommendations call for two gallons of nitrogen for each of two spray applications. Since each gallon weighs about 11 pounds, that would be a total application of 44 pounds of solution per acre.

But 44 pounds of solution contains 32 per cent nitrogen. So actually, you would be putting on only 14 pounds of nitrogen per acre. And 14 pounds isn't enough for a corn crop. Common nitrogen recommendations call for 40 to 80 pounds per acre.

Maintaining constant supply of fresh water for range flock is achieved through float controlled valves. Trough shown is one-half of hot water tank cut lengthwise. When water is turned on at source, troughs are filled. Thereafter the float valve permits supply to be continually replenished without further attention.

Earlier-Than-65 Retirement Plans Held Unlikely

MINNEAPOLIS—An industrial pension plan which provides an average worker with a life income of \$100 a month if he desires at 65, would only yield him \$70 a month if he retired at age 60. But the same program, if based on retirement at age 70, would yield him \$143 a month, reports the family economics bureau of a National life insurance company.

Agitation for programs of retirement at younger ages such as 60 run into two main objections, says the report: The heavy added cost of providing a given income beginning at 60 instead of 65, and the vast loss in output of goods and services.

Present trends are in the opposite direction. When the figures in a recent U.S. Department of Labor study of 300 industrial pension plans are analyzed, they reveal that of the nearly 6,000,000 workers covered, 42 per cent are under plans which have no compulsory retirement age, and 46 per cent who do come under fixed retirement-age provisions nevertheless can be retained on the job beyond the specified age under certain conditions.

Of the remaining 12 per cent, 4 1/2 per cent must retire automatically at 65, 5 per cent must retire at 68, and the remaining small fraction at various other ages, from 66 to 72. None of the plans calls for retirement prior to age 65.

To provide a male worker with a life income of \$100 a month starting at age 60 requires a pension fund of \$17,700. If the income begins at 65 the fund must contain \$15,150. If not until 70, a fund of \$12,700 will do it, the insurance company's report says.

More Ball Players Wearing Eyeglasses

CHICAGO—White Sox outfielder Bob Nieman thinks almost 50 per cent of the major league players could play better baseball with the help of eyeglasses. It's pride that makes them go without, but they'll change when they learn that spectacles can raise their earning power.

"When you need them," says Nieman, "glasses certainly help you pick up a line drive quicker and add 10 or 20 points to that batting average."

Among the players now wearing specs is Del Ennis of the Phillies, who took them up after his batting average slumped, is well satisfied with their effectiveness. He and Nieman agree that the only drawback is a little fogging up when it's necessary to flip sun glasses over the corrective lenses. Catcher Stan Lopata, first baseman Earl Torgeson, and infielder Bob Niece-lotta also use spectacles.

Other well-known eyeglass-wearers are pitchers Bob Rush and Jim Brosnan, catcher Clint Courtney, outfielders Harry Elliot and Bill Virdon, Yankee shortstop Phil Rizzuto and pitcher Jim Konstanty.

Catching Snakes Fun For This 16-Year-Old

FRANKLIN, Va.—Snakes are fascinating to most small boys, but Joe Chase, a 16-year-old schoolboy finds them both interesting and profitable.

The female members of Joe's family naturally dislike the hobby he has pursued since the age of 9, when he began catching snakes. He has since caught thousands of them, both harmless and dangerous, and sold them from 50 cents to \$10 each to zoos and private snake farms.

Joe has been bitten by some non-poisonous snakes. His only encounter with a dangerous snake came when a big cottonmouth moccasin struck his hand once—but the fangs hit his fingernails and didn't puncture the skin.

More Than Verse on New Greeting Cards

BOSTON—They're jazzing up greeting cards these days with more than a cheery or sympathetic verse.

For example, one firm plans to use on its cards this year:

1,500,000 wedding rings, miniature water and whiskey bottles, and similar trinkets.
100,000 plastic baseballs.
84,000 sets of artificial teeth.
330,000 chips of wood.
11,000 simulated pearl necklaces.
2,500,000 rubber cubes.
And 1,250,000 yards of colored ribbon.

Atoms for Peace

CHICAGO—The Armed Forces are seeking ways to harness the atom in small ways for peace and defense as well, says a report from the Illinois Institute of Technology.

The Army and Air Force, for example, are testing storage batteries, less than half a cubic inch in size, which utilizes the rays from atomic bomb byproducts to produce electricity.

Low Wheat Yields Means No Profits 10 Bushels Increase Brings Good Return

Wheat yields that average less than 20 bushels per acre leave practically nothing for profit after production costs are deducted, reports Dr. E. P. Reed, Ohio State University extension agronomist. About the only benefit from such low yields, says Reed, is that a place is provided in the rotation for establishing a meadow seeding.

Agronomists report that up to 500 pounds of fertilizer per acre

Low wheat yields and high production costs leave little for profit. Midwest agronomists say that 500 pounds of fertilizer per acre will return a healthy profit.

is profitable for wheat. Merely boosting yields by 10 bushels per acre, they say, can increase a farmer's profit margin as much as \$20 per acre.

As yields are increased, costs of production per bushel are reduced, and the farmer is actually raising his own salary—earning more "take-home" income, even if prices are in a downturn.

Since wheat needs plant nutrients in quickly available form from the soil, agronomist suggest wheat farmers have their soils tested and closely follow recommendations for application of nitrogen, phosphate and potash fertilizer.

Granular Insecticides Tests Are Promising

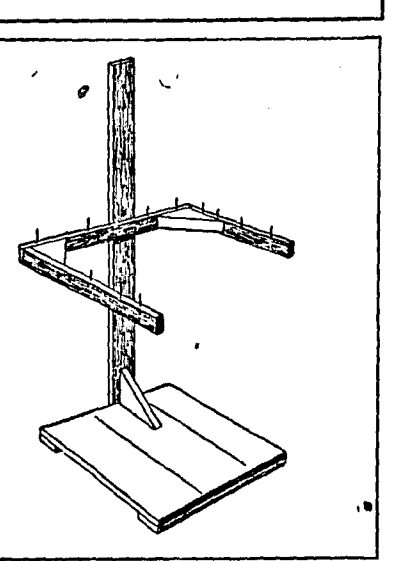

Granular-type insecticides have shown promise for controlling the European corn borer in cooperative USDA-State experiments at Ankeny, Iowa.

Results of 2-year tests indicate that DDT, EPN, and heptachlor used in granular form give as good, or possibly, borer control than when used in conventional emulsion sprays. Furthermore, they leave much less insecticide residue on the corn plants.

Thus, granular insecticides may be the answer to the residue problem facing farmers who graze livestock in their cornfields after harvest or put up the stalks and leaves as silage. Toxic residues from insecticide-treated corn may accumulate in the body fat of livestock or be found in the milk of dairy cows when the animals are fed on the treated plants.

The Arkeny experiments show that applications of the new, granular insecticides leave 100 to 200 times less residue on the leaves of the corn plants than emulsion sprays, and about half as much residue where the leaves join the stalks. Unlike sprayed materials, the granular toxicants do not cling to leaf surfaces, but tend to slide down into the leaf whorls and to the junctures of leaf and stalk, where young corn borers do most of their feeding.

Sack Holder

No helper is required with this handy sack holder. Platform is about 20 inches square with 1" boards on top of two 2x4's, with a length of 2x4 braced to this platform. Six-penny nails were driven into top edges and nailheads clipped off. Holes bored into the upright and a bolt with wing nut installed in sack holder lets you fill any size sack.

Worms In Chickens Common

Bob Black takes a dim view of the worm's turn. The trouble is the worm always takes his turn first when it is mixed up in the chicken business.

As poultry specialist of the University of Idaho extension service, Black is concerned over the worm problem in many Idaho flocks. The parasites keep birds in poor flesh, reduce the number of eggs, and in extreme cases, kill chickens.

When chickens have worms it's a safe bet the worm gets his share of the food first, Black said. Before the grain or mash can be put to work on eggs or the general welfare of the pullets, the worms get theirs.

Fortunately, he went on, worms are fairly easy to control. A convenient time for a de-worming session is when the birds are housed for fall

or winter. There are three types of worms and drugs that take care of them.

One capsule of Butynorate for each bird will control all three large roundworms, dical worms and tape worms. This drug can be given as a pill or in the feed. Nicotine sulfate is effective on large roundworms. Phenothiazine is good for control of dical worms. The two materials are combined in bird-size pills. Roundworms can also be controlled by medicine in the drinking water.

It costs less than a nickel a bird to get rid of the worms, Black said. Increased production will usually pay that back many times over in a short time.

Kindness will open a door when all other efforts fail.

New Gasoline Soon On Market

Standard Oil Co. of California this
week announced the west's first auto-
motive gasoline made with aviation
anti-knock fuel formula. This avia-
tion blend is available only in Stand-
ard's premium grade gasoline.

Company engineers say the new
gasoline is designed to meet the
special performance requirements of
modern engines. These special needs
are the result of greatly increased
compression ratios, radical cylinder
head designs and critical valve opera-
tion.

Extensive tests in Standard's labora-
tories and on the road indicate
the new gasoline lengthens valve life
and reduces combustion chamber de-
posits, thus improving octane per-
formance. A substantial reduction in
wear rate of piston rings and cylinder
walls is also reported in the tests.

Spokesmen for Standard Oil say the
same benefits improve performance of
older cars as well. Primary purpose of
the new blending, however, is to make
possible all the performance designed
into modern high-compression en-
gines.

FIX RIDGE ITEMETTES

The Fix Ridge Club will meet in
the home of Mrs. Walter Dennler on
Friday evening, Feb. 17, at 7:30 p.
m. Roll call will be answered with
"A Household Hint."

The Juliaetta Lutheran Missionary
Ladies met Wednesday afternoon in
the home of Mrs. Walter Dennler.

Mr. and Mrs. Adolph Dennler and
family were Sunday dinner guests of
Mr. and Mrs. Sam Weaver at Linden.
In the afternoon they visited with
Mr. and Mrs. Lester Weaver for a
time.

Sunday dinner guests of Mr. and
Mrs. Walter Dennler were Mrs. John
Schwarz and sons Ernest and Law-
rence, Miss Emma Hartung and Mrs.
Ida Stoneburner, all of Cameron.

Afternoon visitors were Mr. and Mrs.
Tom Dennler and sons and Mrs. El-
enor Dennler and sons.

Marilyn Sather and Leitha Aherin
of Genesee were Friday over-night
guests of Judy Dennler.

Mrs. Adolph Dennler and daughter
Lenette attended the wedding shower
honoring Mrs. John Chapman in Ken-
drick Thursday evening.

Little Debbie Dennler visited Tues-
day with her grandmother, Mrs. An-
nie Weaver, in Kendrick.

The Luther League of Juliaetta and
Cameron met in the home of Mr. and
Mrs. G. F. Dennler, Sunday evening.
Maurine Luedke and Rowena Eikum
of Genesee visited over the week-end
with Janice Dennler.

Lenette Dennler was a Tuesday
over-night guest of Blanche Benja-
min in Genesee.

Mr. and Mrs. Rex Taber and daugh-
ters visited Friday evening with Mr.
and Mrs. Adolph Dennler.

Sunday dinner guests of Mr. and
Mrs. Geo. Giese were Pat Woodruff of
Spokane and Mr. and Mrs. Martin
Poleson of Lewiston.

Kenneth Dennler and Alex Weaver,
the latter of Kendrick, visited with
Mr. and Mrs. Clarence Weaver and
Mr. and Mrs. Fred Gieses in Spokane
for a couple of days last week.

Mr. and Mrs. Adolph Dennler and
family were Tuesday supper guests
of Mrs. Annie Weaver and Mr. and
Mrs. John Chapman in Kendrick.

Judy Dennler visited over the week-
end with Leitha Aherin and Marilyn
Sather in Genesee.

Mrs. Geo. Giese visited with Mrs.
C. R. Woodruff and Mr. and Mrs.
Martin Poleson in Lewiston, Friday.

Mrs. Eleanor Dennler visited Sun-
day evening with Mrs. Geo. Giese.

GOLDEN RULE

Feb. 14 — Mr. and Mrs. George
Finke and Alma Betts were dinner
guests of the Don Christensen fam-
ily Tuesday evening, on the North
Fork.

Mr. and Mrs. George Finke, Alma
Betts and Mr. and Mrs. Chas. Rath-
bone were among those attending the
funeral of Mrs. Eva Kelsey in Lew-
iston Wednesday afternoon. Daisy
Stage and Mrs. Ralph Stage were
also in Lewiston.

Mrs. Kirk Wilson, Mrs. Bruce Wil-
son and son Norman and daughter
Mrs. Don Paige, all of Kendrick were
supper guests of Mr. and Mrs. Eu-
gene Betts Thursday evening.

The Southwick Homemakers Club
enjoyed their Valentine meeting at
the Edith Wells home Thursday even-
ing.

Mr. and Mrs. D. V. Kuykendall
were among the Kendrick visitors on
Friday.

Alma Betts spent Friday at the
Wm. Kachlemier home, while Mr.
and Mrs. Kachlemier drove to Orofino.
Mrs. Vern Wright, Mrs. Don Cantril
and Mrs. Stanley Hepler and Donnie
were callers there during the day.

Mrs. Vern Wright spent Friday
afternoon visiting with Mrs. Eugene
Betts and baby.

The Ernest Cowger family spent
Friday evening in the Alma Betts
home watching TV.

Russell Betts accompanied Oscar
Lawrence to Lewiston, Saturday.

Caroline Lawrence entertained the
4-H Club at her home Saturday
afternoon.

Among the week-end visitors at
the Roy Martin home were Bruce
Tarbet, the Chester Martin and Ish-
mael Martin families of Lewiston.

The Don Christensen family of Elk
Creek were Sunday dinner guests of
Mr. and Mrs. George Finke.

Mr. and Mrs. Bob Ware of Lewis-
ton; Kirk Wilson, Mrs. Dick Watson
and son David of Kendrick were Sun-
day guests in the Eugene Betts home.

Mr. and Mrs. John Westgate of
Clarkston visited at the Alma Betts
home Sunday afternoon.

Mrs. Roy Martin, Mrs. D. V. Kuy-
kendall and Mrs. Eugene Betts ac-
companied Alma Betts to Lewiston
on Monday.

Herman Kuykendall of Lewiston
spent Monday night with his parents,
Mr. and Mrs. D. V. Kuykendall.

LINDEN ITEMS

The Friendly Neighbors Club will
meet this Friday evening with Mrs.
Gil Erlewine. Subject for discussion
will be "Lamps and Lighting."

Mrs. Ida Lyons and Clem Lyons
were Sunday dinner guests of Mr.
and Mrs. George Lyons and children,
honoring the first birthday anniver-
sary of their daughter Lisa. In the
evening all went to the home of Mr.
and Mrs. Gil Erlewine, taking birth-
day cake and ice cream to help Gil
celebrate his birthday anniversary.

Mrs. Alva Craig and Mrs. Wm. Zim-
merman attended a Home Demonstra-
tion meeting in Moscow on Tuesday.
Mr. and Mrs. Adolph Dennler and
family of Fix ridge and Mrs. Annie
Weaver of Kendrick were Sunday
dinner guests of Mr. and Mrs. Sant-
ford Weaver. In the afternoon the
Dennlers visited in the Lester Weaver
home.

Mrs. Jessie Bateman was called to
Colfax on Monday by the illness of
her daughter.

Art Costen spent a few days last
week at his home here on the Kirk-
patrick place before leaving on Sun-
day for the Coulee Dam area to visit
for a month with Mr. and Mrs. Ev-
erett Kirkpatrick.

Mr. and Mrs. Dan Kechter and
children were guests for Sunday din-
ner in the home of Mr. and Mrs. Newt
Morey on Big Bear ridge.

Forrest Grayson, his son-in-law and
daughter, Mr. and Mrs. Earl Boven-
camp, were Sunday evening callers
in the Sanford Weaver home.

Mr. and Mrs. Sylvester Konen were
Sunday dinner guests of her brother
and sister-in-law, Mr. and Mrs. Leon-
ard Ill of Pullman.

Mr. and Mrs. Bob Chilberg and
family and Mrs. Wm. Chilberg were
Sunday dinner guests of Mr. and Mrs.
Lloyd Candler in Juliaetta, the oc-
casion honoring the birthday anniv-
ersary of Mrs. Bob Chilberg.

Former Resident Passes
Portland — John Clifton Emmel,
widely known in musical and radio
circles in Portland since 1929, died
Wednesday, Jan. 25, at Multnomah
county hospital, where he had been
confined since early December. Fun-
eral services were held Friday at
2:30 from Colonial mortuary with
private committal in Rose City cem-
etery.

Mr. Emmel was born May 17, 1907,
in Naperville, Ill. He was employed at
various radio stations here: KWJJ,
KGW KOIN, and was musical director
for three years at KPOJ; two years at
KEX, and was musical director at
KLOR-TV from its opening until late
last spring. He also took a very active
part in church work.

John Clifton Emmel will be re-
membered by many in Kendrick and
vicinity, as a boy 8 to 10 years of
age when his father, the late Rev. H.
B. Emmel, served as pastor of the
Kendrick Methodist church. At that
early age he was deeply interested in
and very talented in music.

In his passing the many friends of
the Emmel family will deeply sym-
pathize with the wife, mother and
family.

Alcohol is just as bad for the
arteries of traffic as it is for the
arteries of the drinker.

A lifetime of good example is much
better than a library of good advice.

CALL FOR BIDS

Sealed bids will be accepted for the
former Juliaetta Lutheran Church
property — lots and remainder of
the building in one package. Bids
must be in the hands of Werner
Brammer, Kendrick, by Saturday
Feb. 18, at 5:00 p. m. — WERN
BRAMMER, Secretary. 7-1

Care Means More Profits

Bruiise prevention in livestock hand-
ling, cattle grub and liver fluke con-
trol, offer great possibilities for most
producers to increase their income.
W. A. Coon declared at an animal sci-
ence seminar at the University of
Idaho, Coon, a native of the Hailey
district and an Idaho graduate in
agriculture, is now superintendent of
the Armour packing plant at Spo-
kane.

"Millions of dollars still are being
lost to producers every year through
rough handling of livestock," Coon de-
clared. "Bruise prevention must be
like our human safety program. It
must never cease."

In a review of current livestock
production problems, Coon empha-
sized that livestock still are the im-
portant meat animal by-product. On the
average, however, a third of all livers

are condemned. In some areas this
reaches 50 to 60 percent. Responsibility
for this heavy loss is the liver
fluke.

"Anything that agricultural re-
search can do to help reduce these
losses will be of greatest help to the
livestock industry," he said.

Cattle grubs remain high in dam-
age to beef cattle carcasses and prices
to producers. Cattlemen in several
localities of the Pacific Northwest,
however, have demonstrated what can
be done by concerted community ac-
tion against this costly parasite.

Power To Be Off

REA power will be off Thursday,
Feb. 23, from 1:30 to 3:30 p. m. in the
Southwick, Cavendish, Leland, Deary,
American Ridge, etc., due to WWP
Co. sub-station changes. — Harvie
Shepherd, REA, Juliaetta. 7-1

THE Bull itin

Published Weekly by the Union Oil Service at Kendrick
W. L. "Bill" Rogers, Editor

HELLO, FOLKS:

Are you one of those who believes that spring has come? We hope not, for as most of you are aware the latter part of February and early March always bring with them a great deal of damp, chilly and generally disagreeable weather. So don't be lulled into false security. Let us fill up that fuel oil tank so that you may be comfortable, even though "March wind doth blow." Just phone 1251. We'll do the rest.

Two Irishmen came over from the old country. They stopped at a country hotel for the night and found the bedbugs were so thick they could not sleep. So they went out on the porch to sleep.

After a few minutes Mike punched Pat and pointed to some lightning bugs, as he said: "It's no use, we'll do the rest."

Pat, they're coming after us with lanterns now!"

Like to drive a clean, squeak-free car again? If so, just bring it to us. We'll wash it, vacuum the interior thoroughly, grease and care for it in general — using those famous Union Lubricants — and you can again "go down the road," proud of your car's appearance and performance.

A young bride of three months complained to her relatives about her husband's continued drinking habits.

"If you knew he drank, why did you marry him?" she was asked. "I didn't know he drank until one night he came home sober!"

Yes, we stock chains, mud and snow tires, anti-freeze, etc.
