## INTERESTING NEWS NOTES FROM THE SOUTHWICK AREA

### Has Brush With Rattler

Given Mustoe had quite a hair-raising experience Sunday while visiting in the home of their son and daughter-in-law, Mr. and Mrs. Jack Mustoe. Jack had cut the tall grass around the pond, and Given was checking it to see if it was dry enough to chop.

When he reached down and brought back and hand full he found he had grabbed not only the hay, but a rattler as well, which, we might add, he threw a record distance. A search was made to retrieve the snake — which was disposed of, and it was found to have four rattlers and a button.

### Club Meetings

The Southwick Homemakers Club will meet for their last full day meeting until fall, Thursday, at the home of Mrs. Wm. Kachelmier, with Mrs. Kachelmier and Mrs. Lloyd Thornton as co-hostesses. Those needing transportation contact Mrs. Don Cantrell. Thursday evening the Syringa Girls 4-H Club will meet at the home of Sandra Cantrell. All girls are asked to be present for this meeting. ### Christmas Cactus Blooming

In line with some of the other oddities this freak season of ours has produced, is the blooming of a big Christmas cactus owned by Mrs. Adolph Forest of Big Bear ridge — and not just one bloom, but a lot of them. And to prove it, she brought three of the almost red blooms to the Gazette office last Saturday.

The big plant, a gift from her mother, is more than 50 years old. It bloomed last Thanksgiving, on Christmas, again on Easter — and now on the 4th of July. How about that?

### Ripe Tomatoes On Texas Ridge

Perhaps you could term it an "oddy of the season," but at any rate Mr. and Mrs. Roy Glenn are enjoying ripe tomatoes from their garden at their farm home on Texas ridge.

Seems they are ahead of the famous Juliaetta growers!

## LOUELLA FRY IS BRIDE OF BOYD BYERS AT LEWISTON

Louella Dean Fry, daughter of Mr. and Mrs. Gabriel H. Forest, Kendrick, became the bride of Boyd James Byers, son of Mrs. Boyd B. Byers and the late Mr. Byers, 621 10th Ave., Lewiston. The Rev. Paul Daneker officiated at the 2 p. m. ceremony July 1, at the Trinity Lutheran Church. Baskets of pink gladioli and lighted candelabra decorated the chancel.

The candlelighters were Linda Jean Brooker and Diane Emmett, cousin of the bride. They wore dresses similar to the attendants with wristlets of carnations and rosebuds.

Mrs. Alvin Baer, organist, played the prelude and the processional and recessional, and accompanied Mrs. Paul R. Daneker as she sang "O Perfect Love" and "The Lord's Prayer."

Escorted and given in marriage by her father, the bride wore an afternoon dress of beige champagne lace and taffeta. The lace bodice was fashioned with a low neckline and cape sleeves. Two lace panels extended down the back of the full skirt. Her small hat was made of beige lace.

Mrs. Gerald Harris was matron of honor, and Miss Dawn Marie Nelson, a cousin of the bride, and Mrs. Leo Snider, sister of the bridegroom, were the other attendants. They wore identical gowns of pastel organdy, ballerina-length, made with fitted sleeveless bodice and full skirt. Their bouquets were carnations and daisies.

Sherill Armiger, cousin of the bride, acted as flower girl. She carried a basket of rose petals. Alan Neil Byers, brother of the bridegroom, was the ring bearer.

Dean Norden was best man and ushers were Wayne Byers, brother of the bridegroom, and Don Johnson.

Both mothers were attired in yellow afternoon dresses and their corsages were gardenias.

The reception was held in the parish unit. The three-tiered cake with three separate cakes forming the bottom tier, was trimmed with pink and white roses topped by two miniature pink wedding bells. Miss Bertina Forest, an aunt of the bride, served the cake to the 60 guests present.

Mrs. Paul Mulalley poured and Mrs. James Fuller served the punch. Mrs. Neva Rade had charge of the gifts and the guest book was in charge of Miss Karen Nelson.

After a honeymoon trip to Spokane and surrounding lakes the couple will reside at 2837 8th Ave., Lewiston.

The bride chose a two-piece orchid suit for traveling.

The bride was attired in a floor-length gown of white satin. Her bouquet was of tiny white flowers centered with a white orchid in a fan-shaped arrangement.

The maid of honor, Miss Ethel Smith, a sister of the groom, wore a gown of yellow net over yellow taffeta. Her bouquet was of yellow carnations, and also in a fan-shaped arrangement.

Best man was Charles Stone, a brother of the bride.

Following the ceremony a reception was held in the church parlors.

The bride is a graduate of the Deary High School with the class of 1956, being one of the high honor students.

Mrs. Cain has been recuperating from a cracked left ankle suffered in a car accident three weeks ago, when she and Mr. Cain were enroute to Plummer.

The fracture was a result of a collision near Potlatch when the car driven by Bruce Kidder, in which they were riding, collided with a pickup truck. A woman was the driver of the pickup and the only occupant.

She had given the wrong signal at an intersection, which was the reason for the accident. No one else was hurt, however.

You are welcome to use the lands of PFI for hunting, fishing and camping, except during seasons of extreme fire danger, however when you do, use care and help keep our great outdoors as they are today. A campfire unattended can cause forest and land destruction that would destroy the area for fish and wildlife. When you do your part to preserve and protect our great outdoors, you too are practicing good forest management in helping to conserve and properly utilize our natural resources.

**Didn't Tell All**  
Discussing that recent double page spread in the Saturday Evening Post "enticing young, innocent children to the printing and publishing game", Editor Maurice Tudor, of the **STONE COUNTY LEADER**, of Mountain View, Ark., contends stoutly that "it didn't tell all".

"Most printers and publishers I know of nowadays," writes Mr. Tudor, "have been under the impression that

everyone else in the world must have a press concealed in the basement and is turning out reading material—the competition is worse than cut-throat."  
The Sage of Stone County feels it's time for Congress to take a hand in "the plight of the publishers business".  
"We ought to start reducing our surplus," he says, "and stabilize our incomes. Thoughtful editors every-

where ought to be figuring what is parity for them right now."  
"I am willing to be the first one to go—I am willing to start letting over half the space in my paper lie fallow. We'll call it the 'paper bank' plan, and kill two birds with one stone by conserving our precious paper and timber reserves."  
"All the Government has to do is offer to pay me for not getting out an issue every other week. Also, I am willing to sod pages four and six down with Republican propaganda when the GOP is in power, and Fair Deal garbage when the Democrats are in power. The Government, of course, will furnish the type and materials used."  
"I will also accept drought aid—I shall be glad to sign up for cheap news-print and ink. Since my patriotism is unbonded, I would consider quitting the business entirely if the Government is willing to pay me a pension. But if that would be carrying it too far, then I am willing to loaf only half-time for the sake of the welfare of the 750,000

people and more who are known to be in the printing business."  
". . . And to show what a good sport I am, in off weeks I'd be willing to spend two days helping the Government print up enough money to finance the scheme. Or, if they'd give me two helpers and an automatic press, I'll print enough to pay the national debt for them, and then maybe we can all get on a pension."  
Those who would like to join the Tudor Paper Bank should doubtless write their Congressman. Having no Congressman to write, your Washington Correspondent will just continue his own newsprint saving campaign—that of saying as much as possible in the fewest lines possible. — Sincerely, Bob Taylor.

"My husband has the strangest hobby," said Mrs. Smith to a friend. "And I never knew anything about it until yesterday. I found in his desk a queer looking ticket inscribed Mudhorse 10 to 1. I asked him what it was and he told me it was a relic of a lost race. Isn't that interesting?"

**It's a Great Time  
to Buy a Buick**

Buick SPECIAL  
6-Door Riviera

**(And at the Best Buy Yet!)**

**WHAT'S IN IT** for you — if you step out and buy yourself a 1956 Buick right now?

Well, first of all — the *time* is right.

Right now, your present car is at its peak worth.

And, with the whole summer and almost half of '56 still ahead of you, you'll get more enjoyment out of a spirited new Buick this year — if you buy now.

Second, there's the matter of how much more automobile your money buys in the best Buick yet.

*We tell you flatly that nowhere but in a '56 Buick can you get so much bounty for so little booty.*

For example, take the beautiful big '56 Buick SPECIAL pictured here.

It's one big reason why Buick now ranks in the

top three of America's best-selling cars. Yet, you'll find it priced right close to the well-known smaller cars.

That sure makes Buick a whale of a lot of car for the money. And look:

Nowhere but in a '56 Buick can you get the *absolute smoothness* and the electrifying performance of Buick's terrific new Variable Pitch Dynaflo.\*

Nowhere else can you get the obedient responsiveness of Buick's big and mighty new 322-cubic-inch V8 engine. Or Buick's matchless new handling ease and ever-level ride buoyancy — or Buick's bold new sweep-ahead styling, and solidity of structure, and stretch-out roominess.

Add it all up and the answer comes out the same, any way you figure it: *Now's the time to buy your 1956 Buick.*

Will you come in — before another sun sets — and get set with your best buy yet?

\*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century — optional at modest extra cost on the Special.

**A Clean House Seldom Burns**

Most folks have the makings of a real "good" fire in their homes simply because they don't know what rubbish is, warns the local volunteer firemen.

In a special Spring Clean-Up plea, all householders are urged to immediately "learn how to spot junk and other quick burning things around the home, for these are a real fire danger!"

"Then, get into the habit of disposing of it regularly and often, and you'll be contributing more to the fire safety of your family and home than could all the fire departments for miles around."

Here, according to the local firemen, are some of the things that can be classified as rubbish — the fuel the fire needs: Lamp shades, old mattresses, cast off clothing and furniture, loosely piled newspapers, dirty rags (particularly those that have been used for polishing or painting), old boxes, scrap lumber, etc.

**AREA'S POWER WOES OUTLINED**

**Will Be Difficult to Meet Needs, Council Told**

PORTLAND, Ore., June 14. (AP) — The Pacific Northwest will have an even more difficult time in meeting hydroelectric power needs than had been expected, the Bonneville power administration's advisory council was told today.

In the coming water year it will be difficult to meet firm demands under median streamflow conditions and steam will have to be called on for 235,000 kilowatts to keep interruptible contracts filled.

Only if there is early construction of all projects where applications have been made to the federal power commission — at Mountain Sheep, Pleasant Valley, Rocky Reach and others — will all loads be served under median conditions in the next 10 years.

Atomic generation will not be competitive in the foreseeable future. — Reprinted from The Spokesman-Review, June 15, 1956 as a public service by The Washington Water Power, Co.

**PAYMENT...**

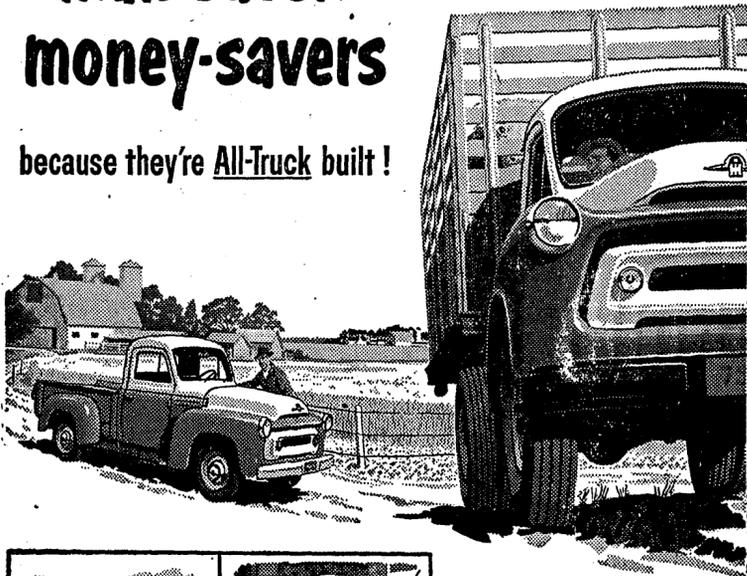

Many people are surprised to find that a complete Vassar-Rawls funeral service is obtainable at a price much less than they think. Because our figures are based on actual costs plus a fair profit, these moderate prices are possible. There is no need of spending beyond one's means, and the cost of the funeral can be arranged on terms to meet the individual's needs. This is an Insured Payment Plan, whereby, after the first monthly payment if something should happen to the individual making the payments, the balance is taken care of in its entirety.

Regardless of income, no one has ever been denied service at Vassar-Rawls. If you would like further detailed information on our Insured Payment Plan, please write for our free brochure; Vassar-Rawls, 141 9th, Lewiston, Idaho.

**HELLO, FOLKS:**

Well, now that the glorious 4th is over — and the accompanying headaches are only memories (as well as the traffic you bucked) let's talk about your equipment. Is it taking the work of haying, cultivating, etc., in a satisfactory manner? — or does that engine seem just a bit sluggish? If it does, it's quite possible that a crankcase full of Royal Triton Motor Oil and a thorough greasing with those famous Union Lubricants is all that's needed. Try it, won't you?

Dentist: "I'm sorry, but I'm all out of gas."  
Pretty Girl Patient: "Good heavens, you mean dentists pull that old stuff, too?"  
Let us grease, wash and polish

that car. We'll do a first class job (despite the heat), the cost will be low — and you can sit in the shade while we work!

The defeated candidate for election to union steward was contesting the results. "I know it was crooked," he exclaimed. "I voted for myself three times and yet I didn't get a single vote!"

Heat and old rubber make a dangerous combination. Are the tires on your car, pickup or truck safe? Can you depend on them to get you there safely and on time? If not, come in and let us show you those famous U. S. Royals. You'll be surprised at how cheaply you can own one or a complete set!

Yes, we stock car accessories of many kinds. See our display.
