VOLUME 70

KENDRICK LATAH COUNTY, IDAHO, THURSDAY, SEPTEMBER 29, 1960

NO. 39

V. F. W. BUYS OLD SCHOOL, GYM., FOR \$300 SATURDAY

Baker-Lind Post No. 3913, Veterans of Foreign Wars, Kendrick, made the only bid on the old Kendrick high school and gymnasium.

The two buildings were appraised at \$200, and bidding opened at \$300, to close the deal. The property will be deeded to the group in its entirety when the school is torn down and removed from the premises.

The one condition of the sale was that the old high school building be torn down and removed, and the ground leveled. This is to be completed within the next two years. The Veterans plan to remove the building with volunteer labor, as far as possible.

The school directors were pleased to "be rid of the liability," as one put it, for at the previous proposal for sale, the best bid was \$6,000.00 just for the removal of the building. The figure would have been charged against the district, instead of a sale of the salvage, as was first planned.

The V. F. W. plan to make use of the gymnasium. They will purchase some type of furnace and install it in that building, as the heat for the gym, in the past, was supplied from the school heating plant, which is now completely inoperative.

W. S. C. S. CONTIUES STAMP GATHERING

The Kendrick W. S. C. S. has for the past several years been gathering and shipping cancelled stamps to Norway, where the stamps are processed and sold to collectors throughout the world. In answer to many questions regarding this matter, Mrs. Bud Fey, who at present heads this project, has quoted parts of two letters received from Norway on the subject.

"The net amount of the sale of cancelled stamps for the year 1959 was \$50,000.00. We hereby send our best thanks for the stamps you have sent us or intend to send us. We are glad to learn that our project is shown an interest greater than ever before and the shipments of stamps from USA are still increasing.

"All kinds of stamps can be used. Just cut or tear the stamps out of the envelope or wrapping paper leaving a slight margin so the perforation remains intact. Do not try to skin or wash the stamps off the paper. Please do not throw away the common stamps. We can make use of unlimited quantities of every stamp in the world.

"The money is used for the care and treatment of children threatened with tuberculosis in our sanatoriums and hospitals. Part of funds realized is also used to train former tubercular patients for suitable occupations.

FAREWELL SERVICE

With regret the Kendrick Assembly of God Church announces that farewell services will be held Sunday, Oct. 2, at 11 a. m. and 7 p. m., with Pastor and Mrs. H. L. Dawber and family. Everyone is cordially invited to attend both Sunday services and a farewell pot-luck dinner which will follow the morning service.

During nearly eight years of faithful service in our community, many lives have been touched by their kindness and generosity, and they will be missed by many friends. Under his able ministry, the church has erected a beautiful building, and all records of attendance and financial giving have been broken.

As for future plans, Pastor Deweber states that he expects to be opening a new Assembly of God work in the Lewiston Orchards area. He further states that it is with regret that he is leaving this fine community.

VFW URGES SOLDIERS' HOME

Several from this area attended a week-end session in Boise of the Veterans of Foreign Wars department council of administration meeting which went on record supporting legislation for a new state soldiers home at Boise.

Accompanying Department Commander Ray Day of Doary to the meeting were William Bird of Orofino, department judge advocate; Joe Polluck, Orofino, department chief of staff; Joseph Forest, Kendrick, department inspector; Darold K. Hawkey, Lewiston, department surgeon; Clem Lyons, Kendrick, district 2 commander; Ted Crabb, Nezperce, district 3 commander, and Herbert Millard, commander of the Kendrick V. F. W. post.

The meeting was called to set up the department program for the coming year.

GRANGE TO MEET

Kendrick Grange No. 413 will hold its regular business session Tuesday evening, October 4, at 8:00 o'clock. Mrs. Dave Clayton will be the guest speaker.

TO WED

Miss Julian Rowden

Mr. and Mrs. Marion Rowden, Kendrick, announce the engagement and forthcoming marriage of their daughter Julian, to LaVern Ronald Parks, son of Mr. and Mrs. Harold Parks, Juliaetta.

The wedding date has been set for October 21st, in the Kendrick Community Church, Kendrick.

FALL IS HERE

Officially fall arrived Friday of last week, but it brought with it a continuation of the wonderful Indian Summer weather we have been enjoying for the past two weeks.

The days have been sunny, with the exception of last Saturday, when a gentle rain cleared the dust and pollen from the air, washed the tree leaves and laid the dust. Sunshine resumed Sunday, with one of the most gorgeous fall days that anyone could wish.

High daytime temperatures have been in the upper 70's, and the night lows mostly in the 40's, although one night 34 degrees was recorded.

Harvesting operations are nearing an end, with beans the main item — and most of these are now in the warehouse. Yields are reported running from 550 to 700 pounds, with some, of course, below and above that figure.

Tree leaves are beginning to turn yellow and red — and hunters are showing a deep interest in those colors — for the big game season opens Oct. 1st!

FISHING FAIR

Despite published reports to the contrary, local fishermen report that sport on a "off-again-on-again" basis, the big steelheads hitting one day and completely refusing to have anything to do with a lure the next.

However, as of this coming week-end, it won't make much difference, as most all local sportsmen will be heading for the hills in search of big game — that season, in general, opening October 1st, and continuing through the 31st.

There are special areas where two deer may be taken; where special dates hold, etc. It is advisable to carefully consult your hunting map issued by the State Fish & Game Commission, before going into the woods — perhaps another area has bigger advantages.

If you have any doubt about the matter — just read the ads. in the Gazette — they tell the story.

All this reminds us of the story told about an outfitter and guide in Canada. As he prepared the tenderfoot for the day's trip into the woods, he handed him a deck of playing cards, and said "Put these in your pocket."

"What for," said the Tenderfoot. "I came out here to hunt, and besides, there's nobody to play with."

"Never mind," answered the guide. "If we should happen to get separated and you get lost, sit down and begin to play solitaire. Pretty quick somebody'll show up and tell you where you made a mis-play."

JR. HIGH NEWS

The eighth grade class held its election of class officers last Tuesday. Those chosen are as follows: Richard Abrams, president; Bobette Smith, vice president; Elaine Weyen, secretary; Dana Magnuson, treasurer; Marilyn Helton and Janet Danquist, librarians; Dean Brocke, reporter.

Mrs. Ed. Galloway entertained the "Happy Home Club" of Big Bear ridge in her home last Tuesday. Delightful refreshments were served at the close of the meetings.

Mrs. Paul Hall and Mrs. Claude Fite, both of Clarkston, visited with relatives here on Wednesday.

Mrs. Ed. Groseclose, Mrs. Huse Groseclose and Mrs. Leslie Billups visited friends and relatives in Orofino last Thursday.

SA Cleve Spence is home on leave for a few days. He graduated with Honor Company 327. When he returns to service October 8, he will go aboard the carrier U. S. S. Midway. He will join his two brothers, Kem and Gene Jones on the same ship. He and Gene are in the same division.

Mr. and Mrs. Ed. Galloway and Mr. and Mrs. O. D. Reinimer, the latter of St. Maries, joined a group for dinner last Sunday in the home of Mr. and Mrs. Eddie Galloway on Big Bear ridge.

Henry Morgan of Walla Walla called at the Ed. Groseclose home Sunday, enroute home from the Christian Church Retreat, which was held on the Selway over the week-end.

Mrs. Burt Sherman and Mr. and Mrs. Frank Wagner spent several days of last week visiting relatives at Kootenai.

Mr. and Mrs. O. D. Reinimer of Dishman; Mr. and Mrs. Eddie Galloway and Clarence Morey of Big Bear ridge were dinner and evening guests in the Ed. Galloway home last Saturday.

Mr. and Mrs. J. M. Murray spent from Thursday until Monday with their son-in-law and daughter, Mr. and Mrs. J. R. Torgerson, at the Dalles, Oregon.

Mrs. John Groseclose and Wendy spent the week-end with her parents, Mr. and Mrs. Adrian Johns.

Mr. and Mrs. Larry Lane and baby of Gooding and Mrs. Duane Goldard of Lewiston were Friday afternoon callers in the home of Mr. and Mrs. Gordon Penland.

Visitors in the home of Mr. and Mrs. E. J. Walsh, Sunday, were Mr. and Mrs. Lloyd Porter and Mrs. John Walsh of Spokane. Mrs. Willis Howell and Mrs. Ted Peters were also callers.

Mr. and Mrs. Ray Hudson have completed the sale of their home to Mrs. Anna Weber.

Mrs. Herb. Millard and little Abbie Kay accompanied her brother-in-law and sister, Mr. and Mrs. Don Johnson of Lenore to Milton-Freewater, Oregon, last Friday, where they visited with Mr. and Mrs. Lyman Vaughan.

Julietta School News

First Grade — Mrs. Callison's Room: Mrs. Fred Clemmensen visited last Friday morning. The children and teacher are enjoying the new bulletin board which was installed last week. Attendance has been very good so far this year. Monday morning individual pictures were taken. Everyone tried to look his or her best.

Mrs. Ldette Ameling of Kendrick and Mrs. Ed. Ohman of Seattle called at the two First Grade rooms on Monday.

Second Grade: Robbie Witt and Steven Pea have each brought to school a "Woolly Bear" caterpillar for Science observation. They are housed in a fruit jar, and we hope to soon see them start spinning their cocoons.

Last "Art Day" we made "dab" pictures of trees in their changing fall dress.

Mrs. Taylor visited our room on Monday.

The "Many Surprises" class has completed its first review, and we hope to move ahead now with fewer repeat lessons.

All except two have earned their stars for the plus and minus ones, and the plus two combinations.

Sixth Grade: Monday morning we held an election for class officers. Bobby Meserve was chosen class president; Kathy Farrington, vice president; Pat Johnson, secretary and treasurer; Vickie Halseh, sergeant at arms, and Kenneth Heimgartner, reporter.

Monday afternoon the fifth and sixth grades had a baseball game. The score: Fifth grade, 4; sixth grade, four.

Everyone please keep in mind the auction sale of Oct. 28. All items to be auctioned are donated by those wishing to contribute. Any items you think someone else might like or buy will be appreciated.

Mrs. Ted Fey was a visitor in the third grade room on Monday.

ADMISSION CHANGE

At past home football games a considerable amount of confusion has been caused by the girls who collect admissions working their way among the spectators — so a new system will be tried.

Spectators will be charged admission as they enter the grounds, either on foot or in vehicles. This may cause a brief traffic delay, but it will at least permit the girls collecting tickets, to see the games.

The next home game will be on Friday of next week, and the new system will be put into operation at that time.

PONDEROSA PINES APPARENTLY DYING OF ROOT DISEASE

In last week's issue of the Gazette, a story of the apparent death of the area's Ponderosa Pine trees was carried, without knowledge of the cause of the browning and dying of the trees.

Since the article appeared, Russell Slade, Extension Farm Forester of St. Maries, came in to the Gazette and asked several questions regarding the matter, then went out and took specimens of the dying trees. These specimens were taken to the University of Idaho, where they were studied, without revealing the cause of the damage or death.

On Monday afternoon, Dr. Arthur Partridge, Forest Pathologist from the University of Idaho, and Lonnie Williams, Forest Economist, toured the area and gathered more samples for examination.

Dr. Partridge was sure that the trouble was not caused by insects, but felt that some disease is attacking the root structures of the Ponderosa Pine in the area. After digging up several specimens from the roots of dying trees, he said root rot appeared responsible.

The university specialists took a number of samples with them to the University for analysis, and said they would give the Gazette a full report on conclusion of the tests.

Both survey teams seemed quite concerned over the tree damage, but as to date no information is available on what, if anything, can be done for the trees. However, both agreed that if there is a treatment, this area will be informed.

FOREST PRODUCTS WEEK IS SET

Wash., D. C. — President Eisenhower officially designated the week of October 16 as National Forest Products Week in ceremonies at the White House, Sept. 15, attended by representatives of various elements of forest products industries.

In his proclamation, the President noted that the nation's forests and timberlands provide the people with a source of strength and pride. He added: "As a major renewable resource, supported by the science of modern forestry, wood offers the availability and abundance to satisfy the nation's ever growing needs for many products — lumber, paper, building materials, chemicals, furniture and cloth — all dedicated to improving the lives of our people."

Thomas J. McHugh, president of the National Lumber Manufacturers Association and heading the delegation, made President Eisenhower a clock made of 10 species of native American woods. The center segment of the clock was made from a piece of yellow pine removed from the White House during the Coolidge administration, after 112 years of service, beginning when James Madison was president. The other species represented in the clock are black walnut, black cherry, maple, sugar pine, western hemlock, oak, spruce, Douglas fir and redwood.

SCHOOL LUNCH CANNING

A total yield of 122 quarts of dill pickles; 20 quarts of sweet chunk pickles, and 20 quarts of sweet cucumber relish have been processed for school lunches.

Cucumbers have been donated by Mrs. Sproul, Mrs. Leon Branscom, Cleo Vary and A. A. Krenmin.

Processing crews were Mrs. Geo. Brocke, Jr., Mrs. Cleo Vary, Mrs. Andy Cox, Mrs. Bob Smith, Mrs. Ward Helton, Mrs. Ed. Dammarrell and Mrs. E. M. White.

LOSES FINGER TIPS

Roberta, little two-year-old daughter of Mr. and Mrs. Elmer Stitzlein, Kendrick, caught the fourth and fifth fingers of her left hand in the back of the post office door last Thursday morning.

As the automatic control closed the door, it cut the tips of the fingers off. Dr. Christensen administered first aid and cared for the injured digits.

MANY PLEDGES

U. of I., Moscow — A total of 270 students — a new record — pledged at the 15 national fraternities on the University of Idaho campus, it was announced last week by Guy Wicks, associate dean of students. Last year there were 259 pledges.

Among those pledging was Dennis Abrams, Kendrick.

OPEN HOUSE

The family of Mr. and Mrs. Ed. Kent are honoring them with an Open House reception on their Golden Wedding Anniversary, Sunday, Oct. 2, in the Kendrick Fire Hall, from 2:00 to 5:00 p. m.

An open invitation is extended to all their friends and neighbors.

Return From Vacation

Mrs. Sylvia O. Peters and Mrs. Wm. Bleck (both now of Spokane) returned home Saturday from a three-week vacation trip east. They visited relatives in West Virginia, Virginia, Washington, D. C., and Indianapolis, Ind. They visited Mr. and Mrs. Roger Stoker (nee Wanda Peters) a granddaughter of Mrs. Peters, in Woodbridge, Va. The Stokers took Mrs. Peters and Mrs. Bleck on a tour of the Capitol, visiting many interesting and historical spots — the White House, Mt. Vernon, George Washington's home, the Monument, and many other spots.

It was Mrs. Peters' and Mrs. Bleck's first airplane trip, both enjoyed it and think such travel is wonderful.

TROY TROJANS DUMP TIGERS HERE FRIDAY NIGHT

The Troy Trojans roared from behind in the second half to whip the Kendrick Tigers 34 to 19 in the Second District Eight Man League Football game here Friday night.

Burt Bowen raced to three first half touchdowns for the Tigers to put Troy in a 19-7 half-time hole. Two were reversed from about 35 yards out, and the third came on a double reverse from 15 yards out. Bowen also ran the conversion after the second touchdown.

Troy's first half score came early in the second quarter as Duane Erickson bucked over from two feet out. Rod Bohman converted.

Bohman scored again in the third quarter as Troy closed the gap to 19-13. He added two more fourth quarter touchdowns and Buz Dammarrell picked up one more.

The Tigers are now suffering from three defeats, but hope to come back this Friday (tomorrow) when they tangle with the Mustangs of Deary at Deary.

DAMMARELL GETS STAE GAME POST

From the Bremerton Sun of Sept. 16, 1960 — Frank C. Dammarrell, local sporting goods employee for the past five and a half years, who has been active in sportsmen's circles here, has accepted a position with the state game department. He will start his work next week at the fish hatchery in Puyallup.

Dammarrell, 32, 3729 McCall Blvd., has been a member of the state rifle team at the national matches, is an expert rifle and pistol shot, a life member of the National Rifle Association and of Disabled American Veterans.

An ex-Marine, Dammarrell holds the Silver Star and four Purple Heart medals won in Korea. He is a native of Kendrick, Idaho, a son of Mr. and Mrs. Edgar Dammarrell of that town, and came to Bremerton during the Korean War for hospitalization at the U. S. Naval Hospital. He was discharged here in August of 1954.

He is a past president of the Bremerton Sportsmen's Club and has become well known to hundreds of local youngsters for his part in the junior hunter safety training program. He is also a member of the Boy Scout Council.

STEADY PROGRESS

Steady progress is being made on the new homes under construction at Kendrick.

On the old school playground the home of Mr. and Mrs. Bud Elchner is rapidly taking shape, with the walls up, roof on, and windows now going into place. Siding has not yet been applied, or work begun on the interior — but it is "now in the dry" come rain or storm.

The foundations or footings for the basement walls and garage on the new home of Mr. and Mrs. R. E. Watts at the foot of the schoolhouse hill are now ready to receive concrete, with Gordon Penland supervising construction. The Watts hope to have their walls up and roof on also before winter arrives.

The new home of Mr. and Mrs. Henry Wendt on west Main Street is far past the others in state of construction. Here the siding is on, and the work of constructing exterior concrete steps, etc., going on, as well as interior work. Winter here poses no problems.

THINK IT OVER

In the center section of this week's issue will be found the official notice of election for voting on November 8th, and with it a listing and explanation of the proposed constitutional amendments on which you will be asked to vote.

We suggest that you remove and keep this section for study and a memory refresher before you go to the polls. In our opinion a couple of these proposed amendments are "loaded," and should not be taken lightly.

SCHOLARSHIPS

U. of I., Moscow — More than \$5,000.00 in scholarships, grants and awards were among gifts to the University of Idaho receiving board of regents' approval last week, President D. R. Theophilus announces.

Sharing in \$200.00 scholarships from the Moscow Lions Club were Dennis Abrams, Kendrick; Judy Gale, Potlatch; Gloria Griffin, Deary; David Primus, Genesee, and Barbara Schutte, Moscow.

LIONS MEET

The Kendrick Community Lions Club held their first meeting of the fall season in the Fire Hall Wednesday evening of last week, with attendance "only fair," due to too many farmer members still being busy in harvest.

Speaker of the evening was Bob Magnuson, who told of the operations of a national political convention. The 6:45 dinner was served by the "School Foods" staff of the local system.

YOU MUST PUNCH THOSE TAGS WHEN YOU MAKE A KILL

Idaho Fish and Game Department conservation officers are holding hunters individually responsible for punching big game tags in three places as illustrated above, to show the month and day of the kill and the sex of the animal. These tags must be punched with knife, pencil or some other means in three places, then wired or otherwise fastened to the carcass immediately after the kill has been made. Although the tags are made of tough fabric, it is suggested that they be wired inside the rib cage or securely to a hook to prevent the possibility of dragging it off when traveling through brush or rough country. The hunter report card is to be torn from the tag, along the perforated line, filled out to provide biological data and mailed to the department as soon as possible.

LOCAL HAPPENINGS IN CAPSULE FORM

Mr. and Mrs. Don Wright and children of Genesee were Sunday visitors in the home of his father, Mr. and Mrs. Louis Wright and Margaret. They accompanied the Wrights home after all had attended the 65th wedding anniversary celebration of Louis Wright's parents, Mr. and Mrs. Harry Wright.

Mrs. A. O. Kanikkeberg left for Seattle last Thursday upon receiving word her father was seriously ill. He is at the home of her sister, Mrs. Rodney. Mrs. Kanikkeberg hopes to be able to return home this week-end.

Mr. and Mrs. E. A. Deobald spent Sunday visiting in the home of their children, Mr. and Mrs. Theodore Deobald and family at Richland, Wash., and Mr. and Mrs. Tom Keene and family at Prescott, Wash.

Mrs. Ed. Ohman of Seattle came last Friday to spend a week visiting her mother Mrs. Liddle Ameling and brother-in-law and sister, Mr. and Mrs. L. D. Crocker.

Mr. and Mrs. W. L. McCreary and her sister, Mrs. E. E. Sands of Juneau, Alaska, accompanied Mr. and Mrs. Oscar Slind on a picnic at Laird Park Sunday.

Mr. and Mrs. Delbert K. Clear and family had as Sunday dinner guests Mr. and Mrs. D. E. Clear of Clarkston, George Benjamin, Clarkston; Mr. and Mrs. Murray Benjamin of Princeton and Mr. and Mrs. Dick Benjamin and Ricky of Big Bear ridge.

R. L. Meserve flew to Boise Sunday where he met with a group of educators to look over and re-evaluate the High School curriculum. The commission was appointed by the State Board of Education. During his absence, Leslie Mallory of Deary, who is Mrs. Meserve's father, stayed with her and the children until his return Tuesday evening.

Mr. and Mrs. August Rose and daughter, Diane and Mr. and Mrs. Ben-Nelson, all of Priest River, were week-end guests of Mr. and Mrs. Louis Malo. On Sunday friends joined the group for dinner, which numbered 35.

Mr. and Mrs. Fred Zimmerman and family of Oakesdale, Wash., spent Sunday here with her brother-in-law and sister, Mr. and Mrs. Elmo Eldridge and family. In the afternoon Mr. and Mrs. Carl Repy of Fairington and Audia Englehart of Spokane were callers.

Jerry Torg, Moscow, was a Sunday guest in the home of Mr. and Mrs. Parker McCready and daughters. Mrs. W. W. Eldridge was called to

Walla Walla last Tuesday, when she received word of the death of her sister-in-law, Mrs. Earl Eldridge. Mr. and Mrs. Elmo Eldridge drove down for the funeral on Thursday and brought his mother home.

Mrs. R. E. Watts entertained at dinner Sunday honoring her husband's birthday anniversary. Guests included Mr. and Mrs. Joe Watts and daughters of Moscow and Mrs. W. A. Watts.

Mrs. F. C. Schmidt attended a Minister's Wives Retreat at Puffer Butte, near Pomeroy, Monday and Tuesday.

Crystal Stevens and Marilyn Zum-

Hoffe have enrolled as freshmen at N. I. C. E. in Lewiston. Kenneth Steigers has registered for his junior year at the University of Idaho.

Mr. and Mrs. Eugene Heimgartner brought their new baby daughter, Teresa Lynn, home from the hospital at Moscow Sunday afternoon. Mrs. Heimgartner had been home several days, but Teresa, who was born Sept. 17th, was too small to be released from the hospital earlier. The tiny Miss weighed 4 lbs., 14 1/2 oz. at birth, and was 17 inches long. Mother and daughter are getting along just fine.

Mr. and Mrs. Cletis Hoisington visited Mr. and Mrs. Walter Zimmerman and family in Spokane on September 11th.

Mrs. Newt. Heath entertained the Friendship Club at her home Sept. 15th. Work was done on several quilts during the day. The next meeting is scheduled for Oct. 13th at the home of Mrs. Roy Heimgartner. Sunday evening Mr. and Mrs. Ernest Steigers joined the William Steigers family at the Lewiston airport for maiden flight rides in the family plane. It was piloted by Vernon Spears, who reported that it handled perfectly. Kenneth Steigers and William Steigers have been rebuilding and working on the plane for several months.

Mrs. Robert Steigers, Sr., of Walla Walla, stayed Wednesday over-night with Mrs. Ernest Steigers.

Mr. and Mrs. Edgar Heath and family of Nezperce and Mr. and Mrs. Kenneth Rugg and Jerry of Lewiston were Sunday dinner guests in the Newt Heath home.

Mr. and Mrs. Stanley Shannon of Spokane brought Mrs. Lillian Morley to Stony Point Tuesday to visit a few days in the Marion and Glen Stevens homes. Mr. and Mrs. Shannon went on to visit relatives and other friends in the Lewiston-Clarkston area until Friday, when they returned, visited for a while, and then all returned to Spokane. Mrs. Morley is an aunt of the Stevens brothers.

FARM CENSUS

Washington, D. C. — The 1959 Census of Agriculture, conducted in Latah county last fall, counted 1,029 farms, according to figures just released by the Bureau of Census. The total land in farms was 385,330 acres. The average size of a farm was 374.5 acres. The average value of farms (land and buildings) in the county was \$66,759.

Of the county's farm operators, 569 owned their farms; 324 owned part of the land and rented additional acreage, and 131 were tenant farmers.

The average age of farm operators in the county was 50.7 years. There were 154 farm operators 65 or more years of age.

Of the 1,029 farms in the county, 739 were commercial farms.

ON WEED SEEDS

Boise — Idaho Commissioner of Agriculture, Stanley I. Trenhaile, has again issued warnings to farmers that the Idaho Seed Law prohibits the removal of screenings from cleaning establishments until such time as the screenings have been ground or processed in such a way as to prevent germination of noxious weed seeds.

Observance of this law by all concerned will greatly retard the dissemination and distribution of weeds throughout the state. The state warehouse inspectors frequently visit the seed warehouses to see that this provision of the law is carried out. Commissioner Trenhaile stated that weeds cost the Idaho farmer ap-

proximately \$21,500,000 during 1959. This figure is based on the national estimate that weeds are responsible for a 10 percent reduction of crop yields. Idaho farmers and the Idaho economy could have used this extra amount last year. Farmers and seedsmen can help recover at least some of this loss in future years by doing a better job of weed control.

SMUT ALMOST NON EXISTANT

U. of I., Moscow — New smut-resistant varieties of wheat, new seed treatment materials, better treating equipment and methods have resulted in smut losses throughout the Pacific Northwest, being reduced to "practically nothing."

Such is the report from Harry S. Fenwick, extension plant pathologist with the U. of I.'s agricultural extension service, and this year's chairman of the Pacific Northwest Smut

Control Committee. This group, representing the states of Washington, Oregon and Idaho, gathers data and studies all angles of the smut problem with the view of holding down losses.

"Not many years ago smut losses in the three states ran around \$5,000,000 a year," Fenwick reports. "Last year they were down to about \$100,000, and for the 1960 harvest are likely to be even less."

FALL LAWN CARE

U. of I., Moscow — Fertilizer does wonders to a lawn if properly applied, and fall care is just as important as that of early spring, for a healthy lawn survives the ravages of winter far better.

The use of two-thirds cup of ammonium nitrate per 100 square feet or one cup of ammonium phosphate per 100 square feet during the growing season, or early fall, will provide

nitrogen for a healthy, green lawn. Spread fertilizer carefully, as it can burn the grass. Use a spreader and make two applications in opposite directions to insure even spread over the surface. Watering thoroughly after applying nitrogen is a must to prevent burn.

When you water your lawn, give it a good soaking.

Fall use of 2,4-D is also recommended for dandelions, plantain and other weeds — but be sure the temperature is around 70 degrees. The 2,4-D should be of the amine type to prevent drift, and the proportions should be three tablespoons full to each gallon of water. Be careful not to get the mixture on flowers or shrubs — it is better to cover them, before spraying, with canvas or plastic covers.

TRUTH!

"Now, gentlemen," said the lecturing how-to-win-friends expert, "always be sincere, whether you mean it or not."

CONSTITUTIONAL AMENDMENTS

"Shall Section 2 of Article VI of the Constitution of the State of Idaho be amended to provide that citizens nineteen years old or older shall be qualified electors of the State of Idaho?"

ATTORNEY GENERAL'S STATEMENT OF PURPOSE

The proposed amendment of the Idaho Constitution is designed to give citizens nineteen years of age or older the right to vote if otherwise qualified. Section 2 of Article VI of the Idaho Constitution as now in effect provides that every male or female citizen twenty-one years old and qualified in other respects shall be electors. The amendment, if approved would lower the voting age to nineteen.

The proposed amendment also adds the words "or older" after "nineteen years old." Heretofore there has been no doubt but that persons older than the twenty-one (the present minimum) are electors. The Legislature, however, in proposing the amendment has inserted the words "or older" so that no one may ever raise the question.

"Shall the Constitution of the State of Idaho be amended, in the form of the addition of Section 27 to Article III, thereof, so as to authorize and require the Legislature, subject to certain limitations and conditions, to take certain action in order to insure continuity of state and local governmental operations in periods of emergency resulting from disasters caused by enemy attack or in periods of emergency resulting from the imminent threat of such disasters?"

ATTORNEY GENERAL'S STATEMENT OF PURPOSE

The proposed amendment proposes an addition to the Constitution to give the Legislature power to provide for the continuation of state and local governmental operations in the event of an emergency resulting from disasters caused by enemy attack or threat of such disasters. Thus, the proposal would vest the Legislature with "power and immediate duty"

- (1) to provide for prompt and temporary succession to the powers and duties of public offices, of whatever nature and whether filled by election or appointment, the incumbents of which may become unavailable for carrying on the powers and duties of such offices, and
- (2) to adopt such other measures as may be necessary and proper for so insuring the continuity of governmental operations. In the exercise of the powers hereby conferred, the Legislature shall in all respects conform to the requirements of this constitution except to the extent that in the judgment of the Legislature so to do would be impracticable or would admit of undue delay.

"Shall Section 1 of Article VII of the Constitution of the State of Idaho be amended so as to raise the limitation on the creation of public indebtedness by the Legislature from two million dollars (\$2,000,000) to three percent (3%) of the assessed valuation of all property in the state, except in case of war, to repel an invasion, or suppress an insurrection, unless the same shall be authorized by law for some specific object or work?"

ATTORNEY GENERAL'S STATEMENT OF PURPOSE

The principal purpose of the proposed amendment is to change the limitation on indebtedness which the Legislature may create from two million dollars (\$2,000,000), to three percent (3%) of the assessed valuation of all property in the State.

At present, Section 1 of Article VII of the Constitution provides that the Legislature shall not create any debt or debts, liability or liabilities singly or in the aggregate, exclusive of (1) the debt of the territory at the time of admission as a State, (2) the debts or liabilities for completing the state capital, and (3) the debts or liabilities incurred by the eleventh session of the Legislature, which shall singly or in the aggregate exceed two million dollars (\$2,000,000) except in case of war.

The proposed amendment would raise the two million dollar limitation to three percent of the assessed valuation of the State and also remove from Section 1, Article VII, the enumerated exclusions, these debts and obligations having already been paid.

Section 1 of Article VII, at present, further, excepts from the indebtedness limitation, debts or liabilities "authorized by law for some single object or work to be distinctly specified in such law, which shall also provide ways and means for the payment of the interest and principal within twenty years of the date of contracting if provided such law is first submitted to the people and a majority of votes are cast in favor of the same."

The proposed amendment also proposes:

1. To change the wording which provides that the excepted debts or liabilities shall be "for some single object or work" and to make it read "for some specific object or work."
2. To remove the requirement that the excepted debts or liabilities shall be discharged within twenty years.
3. To add a provision providing for the discharge of the excepted debts or liabilities so authorized "by pledging the general revenue power of the state."

"Shall Section 6 of Article XVIII of the Constitution of the State of Idaho relating to the county surveyor be amended to remove the office of county surveyor from specification or designation in the Constitution as a constitutional office,

leaving the matter of the office of county surveyor unspecified in the Constitution so that said office might be recreated by legislative act, thus making it possible for the Legislature to specify the qualifications for said office."

ATTORNEY GENERAL'S STATEMENT OF PURPOSE

The proposed amendment proposes to amend Section 6 of Article XVIII of the Idaho Constitution by removing the office of "county surveyor" from the list of county officers enumerated therein, thus abolishing the county surveyor as a constitutional officer.

The question to be submitted to the voters further provides that the office of surveyor "might be recreated by legislative act, thus making it possible for the Legislature to specify the qualifications for said office." However, said Section 6 of Article XVIII specifies that "No other county offices (than those enumerated) shall be established"; and the amendment does not provide for any change in this provision.

Thus, there appears to be an inconsistency between what is proposed by the amendment and the question to be submitted to the people which inconsistency we deem advisable to call to the voters attention.

CATTLE MARKETING
EXPECTED TO GO UP

The beef cattle business seems to
be entering a new phase of the cycle,
an economist of the University of
Idaho extension service said this
week.

Wayne Robinson, marketing spe-
cialist, said the national increase in
cattle numbers during the next year
is likely to be smaller than has been
the case for the last two years. "The
present build-up," he said, "came
about by withholding both breeding
and young stock. Evidence shows we
are still holding breeding stock, but
are not retaining the younger animals
as we did the last two years."

The comments are in the latest
edition of "Economic Facts for Ida-
ho Farmers."

"The cattle cycle," Robinson said,
"has progressed to the point where
increased marketing for slaughter
is assured, despite further increase
in cattle numbers on farms. Market-
ings of both fed and grass cattle this
fall are expected to be larger than
a year ago."

The price outlook for sheep and
lamb appears less certain than for
beef, but declining prices are ex-
pected for all three.

Idaho's potato crop may have been
reduced by recent frosts in eastern
Idaho, the economist said, but extent
of the damage is not known. At last
estimate, Idaho was expected to har-
vest about 41 million hundredweight,
seven percent more than last year.

Milk production in July was 160
million pounds, five percent above
the same month for 1959. Milk prices
are likely to show about the usual
seasonal rise from June through De-
cember.

The index of prices received by
Idaho farmers for the month ending
July 15 dropped four percent from
a month earlier. Prices were lower
for most commodities. Exceptions
were hay, dry beans and peas, hogs,
chickens and eggs.

The 1961 Ford Galaxie Club Victoria (top), a new model in the
Ford line that will be introduced to the public on September 29,
features the crisp, fresh appearance that earned a gold medal from
an international fashion authority for "functional expression of
classic beauty." Ford's station wagon series includes the nine-passen-
ger Country Squire (bottom) and introduces another new model—
a six-passenger version of the Country Squire. The new Ford station
wagons have a roll-down tailgate window, and the tailgate itself is
seven inches wider than in 1960. All 1961 Fords feature new dimen-
sions for greater maneuverability and such major engineering
improvements as 30,000-mile lubrication, heavier, self-adjusting
brakes, and longer-lasting bright trim and underbody parts.

THE Bull itin

Published Weekly by the Union Oil Service at Kendrick
W. L. "Bill" Rogers, Editor

HELLO, FOLKS:

Hunters — we're going to warn you once again about going out into "them thar hills" without mud and snow tires, anti freeze and chains! Come in and see us, and you'll be surprised at how cheaply you can be fully equipped.

The boss was going over the expense account of one of his salesmen. "Huntley," he exclaimed, "how can you spend \$11.00 a day for food in Moab, Utah?" "It's easy," explained the salesman cheerfully, "you just skip lunch."

How about that fuel oil tank? Do you have enough for your daily requirements to keep the family warm? If not, call us at 4251, and we'll be there in a flash with Union!

A tourist spotted an Indian sending up smoke signals in the desert. He had a fire extinguisher strapped to his side.

"What's the idea of the extinguisher," queried the tourist. The Indian shrugged: "If I misspell a word," he explained, "I can erase it."

Is the old bus getting a bit cranky these chilly mornings, and doesn't start just right? If so, come in for a tankful of Union Gasolines — 7600 or 76 Royal. You'll find a new pleasure in driving.

"I can't understand you," sobbed the bride. "Monday you liked stew; Tuesday you liked stew; Wednesday you liked stew; Thursday you liked stew — now, suddenly, you don't like stew!"
