

AT LAST — DEARY-KENDRICK BIDS TO BE CALLED

Lewiston — Bids are to be opened Nov. 1, 1960 a project on State Highway No. 7.

Work consists of constructing the roadway, drainage structures, and a roadmix bituminous surface on 5.816 miles, Big Bear Ridge-Deary, on State Highway No. 7, known as Idaho Federal Aid Project No. S-4769 (4), commencing at Deary and extending in a southerly direction in Latah County.

Completion of the work will be required as follows: First base course, August 31, 1961. Second base course, August 31, 1962.

Our note: This is the news local residents have been awaiting for years. No mention is made of oiling, but we presume the "second base course" is just that.

KAUFMAN-LOHMAN NUPTIALS OCT. 1ST

Miss Lena Kaufman, daughter of Mr. and Mrs. Freeman Kaufman, Lenore, became the bride of Gerald Lohman, Saturday, Oct. 1, at the Holy Family Catholic Church in Clarkston. He is a son of the late Herman Lohman. The Rev. Arthur A. Joda officiated at the double ring ceremony.

Given in marriage by her father, the bride was lovely in a ballerina length gown of lace over satin. A lace and pearl tiara held her shoulder length veil. She carried a bouquet of stephanotis, centered with a white orchid, on a white prayer book.

Mrs. Darrel Brocke, her sister, and matron of honor, wore a white nylon dress trimmed in a light shade of green, and a white hat. She carried a bouquet of yellow carnations.

Jack Lohman, a brother of the groom, served as best man.

A reception was held in the Moose Hall, Clarkston, following the ceremony. Assisting were aunts of the bride, Mrs. Harry Platt, Mrs. Don Appleford and Mrs. Raymond Polunsky.

For going away the bride chose a two-piece blue knit suit, and the orchid from her bouquet.

The bride is a 1957 graduate of Orofino High School.

The groom is a graduate of Anathone High School and served two years in the U. S. Army. He is engaged in farming near Kendrick, and they will soon be at home to their friends there. At present they are living in an apartment in the Kendrick Hotel.

FLEMING TO HEAD LOCAL SCOUT DRIVE

Lewiston — The annual "Friends of Scouting" finance campaigns for the Lewis-Clark Council, Boy Scouts of America, will begin the week of October 17, according to William Snow, Lewiston, chairman.

"Friends of Scouting" campaigns will be conducted in 22 communities of the council area that do not have "United Fund" campaigns.

Directing the campaign in the Kendrick area will be Wally Fleming.

A budget committee composed of representatives of the council area prepared a 1961 operational budget of \$29,730.00. The budget includes the items necessary to maintain and service approximately 5,500 Scouts, Cubs, Explorers and leaders each year. Included in the budget are training supplies for leaders, program helps, badges and awards, insurance, cost of maintenance for camps, salaries for professional and office staff, office supplies and equipment. The Council is at the present time serving 112 Cub Packs, Scout Troops and Explorer Posts in a geographical area from Palouse and Pomeroy, Wn., to Headquarters, Riggins and Potlatch in Idaho.

There has been no "quotas" set for any community. We ask that everyone be given the opportunity to share in this project to the best of their ability. We know that friends will support Scouting.

MOVES TO TOWN

Mrs. Ed. Gertje, Southwick, moved into one of the apartments in the Kendrick Hotel Monday. It will be her home for the winter months.

NEW ARRIVALS

HOLLENBECK

Mr. and Mrs. Richard Hollenbeck of Bonners Ferry, announce the arrival of a baby daughter, Oct. 5th, weight 7 pounds. The Hollenbecks resided in the Blewett Apartments from March through August of this year.

Edd Kents' Celebrate 50th Wedding Anniversary

MR. AND MRS. EDD KENT Cut The Traditional Wedding Cake

Nearly 300 persons were in attendance Sunday to witness a "mock" wedding ceremony that proved one of the highlights of the 50th wedding anniversary celebration of Edd and Emma Kent. The Golden Wedding Open House was held in the Kendrick Fire Hall, October 2, between 2:00 and 5:00 p. m.

Somewhat different than their wedding 50 years ago, the couple marched down the aisle to commemorate a ceremony that took place just a half century ago — this time with their family near by and fond memories of their life together.

Rev. F. C. Schmidt officiated at the double ring ceremony which was marked with a note of humor. As wedding vows were repeated, Emma said, "Edd, if there is anything I should be sorry, I apologize." Edd said, "Emma, if there is anything I have done in the past years for which I should be sorry, I am glad."

The couple was attended by her sister, Mrs. Ollie Nichols, and his brother, Andy Cox.

Following the ceremony, Clyde Nichols, a brother of Mrs. Edd Kent, led guests in singing some of the old favorites, "Let Me Call You Sweetheart," "You Wore a Tulip" and "Put On Your Old Gray Bonnet."

Janice Heimgartner, pianist, was the accompanist and also played background music and the wedding march.

Decorations of fall flowers in the reception room carried out the Golden Anniversary theme. The refreshment table laid with white linen was centered with a beautiful three-tiered wedding cake accented with gold leaves. Crystal candelabra holding gold tapers flanked each side of the cake. Side cakes of double hearts decorated with white and gold roses added to the decor.

Cutting and serving the cake were two sisters of Mr. Kent, Mrs. Harold Telford (Agnes) of Tulare, Calif., and Mrs. Stanley McDougal (Margaret) of Kellogg.

Punch was served by Mrs. Robert Krause (Mary) Spokane, another sister of Mr. Kent. Mrs. Clyde Nichols of Clarkston, a sister of Mrs. Kent, poured coffee.

Mary Jo Kent, Mrs. Dale Stuart and Andrea Sue Cox, all granddaughters of the bride couple, presided over the guest book.

The gift table was centered with a miniature gold colored "wishing well" covered with ivy.

Mr. and Mrs. Edd Kent were married October 5, 1910, in Moscow, and have lived all their entire married life in and around this area, with the exception of a few years on the coast.

Edd Kent was born near Halifax, Nova Scotia, Canada, and came to American Ridge with his step-father and mother, Mr. and Mrs. Wm. Cox, when he was nine years old.

Mrs. Kent, a native of this area, was born on Burnt Ridge, near Troy, Idaho. She moved to Juliaetta with her parents, Mr. and Mrs. E. T. Morgan, when a little girl.

Mr. Kent, a retired farmer, keeps active through his varied interests in horses, cattle and farming. Both are active in the Kendrick Grange and keep "young in heart" through their association with people.

The couple have four children; 10 grandchildren and four great-grandchildren, all present for the festivities.

Mrs. Flo Holt and Mrs. Kathryn Morey, daughters, arranged the celebration of the Golden Wedding Anniversary. Mrs. Morey also baked the wedding cakes.

The day started with members of the family attending church, after which they were served a bountiful dinner in the home of Mrs. Kathryn Morey and sons.

Members of the family present included Mr. Kent's brothers and sisters, all here except A. C. (Chief) Cox. Mr. and Mrs. Harold Telford (Agnes Cox) Tulare, Calif.; Mr. and Mrs. Carroll Cox, Grangeville; Mr. and Mrs. Stanley McDougal (Margaret), Coeur d'Alene; Mrs. Robert Krause (Mary) and daughters, Spokane; Mr. and Mrs. Warren (Hen) Cox, Lewiston; Mr. and Mrs. Bill Cox and Billy, Grangeville; Mr. and Mrs. Clinton Cox and Cathie, Grangeville; Mr. and Mrs. Cornelius Kinzer and children, Grangeville; Mr. and Mrs. Leo Kaschmitter and children, Cottonwood; Mr. and Mrs. Andy Cox and family, Kendrick.

Mrs. Kent's brothers and sisters also were present except Grant Morgan of Auburn, Wn. Others included Mrs. Chas. (Fannie) Gardner, Mrs. A. A. (Clara) Gardner and Mr. and Mrs. Arthur Morgan, all of Tacoma; Mr. and Mrs. Clyde (Ollie) Nichols and Mrs. Robert Schutte and children, all of Clarkston; Mr. and Mrs. Archie Morgan, Mrs. Florence Morgan, Mr. and Mrs. Harold King, Mr. and Mrs. Paul Prior, all of Moscow; George Kent and children Mary Jo and Bob of Boise; Mrs. Paul Hall and daughter, Clarkston, and Mr. and Mrs. Dale Stuart and daughter of Lewiston.

BIRD SEASON TO OPEN SATURDAY

Bird hunters are expected to be out in goodly numbers Saturday, Oct. 15, with shooting to begin at 12:00 noon.

Some reports indicate that birds are plentiful, but for the most part, in and around Kendrick proper, they seem to be very scarce.

The kill limit for the 1960 season is three roosters a day, and in possession.

The 1960 duck season opened in Idaho Tuesday. The control of shooting hours has been set at one-half hour before sunrise, and one-half hour after sunset. However, it is well to obtain a time card and watch the hours.

Limits and possession are: Five ducks per day and in possession, with 1 Woodcock and one Hooded Merganser included in the five-duck limit. Red headed ducks and canvasbacks are protected by law this year.

For duck hunting, repeating shotguns must be plugged to a maximum of three shots.

TEACHERS ATTEND CONVENTION AT LEWISTON

Monday and Tuesday of this week, teachers from public schools in Latah, Lewis, Nezperce, Clearwater and Idaho counties met in Lewiston for their annual convention.

A past president of the National Education Association, Miss Cora Mowrey of Washington, D. C., gave the kickoff talk at the Lewiston High school.

The convention is co-sponsored by the State Department of Education and the Second District of the Idaho Education Association. Students at all public schools in the five counties enjoyed a two-day vacation while the meetings were in progress. Wednesday regular schedules were resumed.

FALL FRACTURES LEFT HIP

Wayne Kuykendall, carpenter, is in the St. Joseph's Hospital as a result of a fall last Wednesday afternoon while working on the new home of Mr. and Mrs. R. E. Watts.

Wayne received a fracture of the left hip when he fell from the main floor to the basement, through the opening that will be the stairway to the basement.

Dr. Christensen administered first aid and took him to the St. Joseph's Hospital, Lewiston, where he underwent surgery Friday morning. The bone was "nailed" and he is reported as getting along nicely.

CAR LEAVES BRIDGE

Delbert Bain and Judy Thornton escaped serious injury Monday evening about 10:30 o'clock when the car in which they were riding bounced off Pine Creek bridge into the trees and brush on a side road.

As they started over the bridge the front tires slipped off the planks which form the bridge decking, and threw the car into the bridge siding. It then bounced back and off into the side of the road.

Judy received a fractured rib, but Delbert escaped injury. The car was considerably "bashed in."

Judy is a daughter of Mr. and Mrs. Clarence Thornton.

IN CAR ACCIDENT

Byard Davidson, Pullman, was injured in a car accident Sunday, and had undergone surgery as a result on Monday.

His brother and sister, Clifford Davidson and Mrs. W. A. Watts, drove up Tuesday to see him. On returning that evening they reported he had suffered a ruptured intestine when thrown forward against the steering wheel, after his car went over a bank and hit a tree. It seems his foot slipped off the brake and onto the throttle, which shot the car over a bank and into a tree.

It all happened as he was going to join some other members of his family, who were there from Seattle, to go bird hunting. The accident occurred right off the driveway at the family home.

25TH ANNIVERSARY

Mr. and Mrs. Adolph Denner will be honored Sunday, Oct. 23rd, at an Open House observance of their Silver Wedding Anniversary, 2:00 to 5:00 p. m., at the Lutheran Church in Juliaetta. An open invitation is extended to all their friends and neighbors.

Hostesses were Mrs. Tom Denner, Mrs. Walter Denner, Mrs. Eleanor Denner, Mrs. Wallace Clark, Mrs. Geo. F. Denner and Lenette Denner, daughter of the honorees.

F. F. A. ELECTS

At a recent election the newly organized Kendrick Chapter of the Future Farmers of America chose officers as follows:

Wesley Andrews, president; Burton Bowen, vice president; Larry Galloway, secretary; Douglas Shepherd, treasurer; Bill Blewett, reporter; Fred Foster, sentinel.

The group is planning to send some delegates to the International Livestock Exposition at Portland on October 14.

MOVE TO KENDRICK

Mr. and Mrs. Norman Lewis and children are moving into the Wm. Cuddy home in the west part of town. Over the week-end some of their friends came, armed with paint brushes — to hold a work party, helping to get the house ready for occupancy.

DEATH CLAIMS RICKY SHEPHERD, VICTIM OF RARE HEART AILMENT, FUNERAL TUES.

Ricky Dale Shepherd, 10, son of Mr. and Mrs. Harvie Shepherd of Juliaetta, lost his battle for life at 9:15 a. m. Saturday at the St. Joseph's Hospital in Lewiston.

RICKY SHEPHERD

eph's Hospital in Lewiston.

The third grader had been in ill health since last May, when he suffered the first of a series of heart seizures. He was last hospitalized on October 1st, after suffering an attack.

The cause of death was listed as a blockage of the heart. An uncle, Wayne Shepherd of Lewiston, was at the bedside when death came.

After the first attack in May, Ricky was taken to the Sacred Heart Hospital in Spokane, for observation and treatment. Spokane doctors told his parents that nothing could be done. Ricky had a heart condition which normally afflicts older people, and an operation was planned.

GRANGE OPEN HOUSE

Kendrick Grange No. 413 will hold the annual Booster Night and open house program Tuesday evening, Oct. 18.

The festivities will begin with an Idaho products pot-luck dinner at 6:30 p. m. in the Fraternal Temple dining room for members and guests. The program will follow at 8 p. m.

A cordial invitation is extended to all members to come and bring a guest. A gala evening is planned for everyone.

TO TAKE PART IN HOMECOMING

U. of I., Moscow — The welcome mat the University of Idaho is being polished to a high gloss this week in preparation for that most colorful week-end for any school — Homecoming.

The festivities, which each year draw thousands of alumni back to the campus, will begin Friday, Oct. 14, the evening before the game between Idaho and Oregon State.

A pep rally featuring a fireworks display will get under way at 7:30 p. m. at MacLean Field behind the Memorial gymnasium following a serpentine through the living groups on the campus.

Twenty-three high school bands from Idaho and Washington will march in the mile-long homecoming parade which will start on its route along Main Street at 9:30 a. m. Saturday.

Joining the host University of Idaho contingent will be bands from Lewiston, St. Maries, McCall, Clearwater Valley, Troy, Moscow, Connel, Wash.; Grangeville, Kellogg, Kamiah, Culasac, Mullan, Post Falls, Bonners Ferry, Cottonwood, Potlatch, Weippe, Nezperce, Coeur d'Alene, Genesee, Orofino, Kendrick and Lapwai.

STUDENTS SELL CALENDARS

Members of the K. H. S. Mixed Chorus are now, and have been, conducting a canvas of the area, selling the Lions Birthday Calendars, with which all are familiar.

For each calendar sold the choir receives a sum of money, which will be used toward the purchase of choir robes. It is expected that this activity will "put them over the top."

If there are families who have not yet been contacted, and who desire a calendar, they are urged to call the high school and leave a message for Mr. Stitzlein to that effect. It is hoped that every family in the Kendrick trading area will purchase one of these calendars.

impossible. He had suffered 21 attacks in the last six months.

Ricky was born Sept. 10, 1950, at Moscow, and had lived all his life at Juliaetta. He attended the Methodist Church, and was a third grade student at the Juliaetta Elementary school. He did not start school this fall because of his health.

Besides his parents and his uncle, he is survived by a brother, Douglas, 17, at home.

Funeral services were held Tuesday morning at 10:30 at Short's Chapel, Moscow. The Rev. Ernest Gates of the Palouse Methodist Church, a former pastor at Juliaetta, officiated.

Music was furnished by Judson Smith who sang "In The Garden" and "Safe In The Arms of Jesus," accompanied by Georgia Hansen at the organ, who also played background music.

Palbearers were Douglas Johns, Bernal Femelle, Dennis Abrams, Bob Banks, Gerry Peterson and Jack Sherman. Interment was in Sunset Memorial Gardens, Moscow.

TIGERS TO MEET PIERCE FORESTERS HERE TONIGHT

The Kendrick Tigers will be seeking their second football win of the season tonight (Thursday) when they meet the Pierce Foresters on the home field. Game time has been set for 7:00 p. m.

Last week the Tigers dropped their fourth game of the season to the Nezperce Indians. The Indians routed the Tigers by a score of 33-0.

In last Friday's game, Nezperce broke loose for three first quarter touchdowns, and then coasted to victory. The game was played on a wet field.

For Nezperce Bobby Harris started the scoring with an unconverted touchdown on a 20-yard run. Billy Giles followed suit a few minutes later, galloping 60 yards to score. Again the conversion attempt misfired. Larry Riggers added the third touchdown of the period, scoring from 20 yards out. He also added the conversion.

Kendrick held the Indians scoreless in the second quarter, but Riggers broke loose for 30 yards in the third quarter to extend the Nezperce lead. Giles ran the conversion.

Giles tallied the final touchdown, clicking on a 70-yard pass play from Gary Stapleton. Riggers converted.

TV SHOW DRAWS LARGE CROWDS

The TV Festival presented in the Kendrick Fire Hall last week-end by Brocke & Sons, drew capacity audiences, particularly for the Sunday game of the world series, and again in the evening.

This system was used to introduce the 1961 line of TV sets, and particularly color TV.

In the opinion of this writer, the color TV was superior to any yet seen here, in fact, to any seen at Seattle or elsewhere — showing that color TV is making great forward strides.

A gift of tulip bulbs was given each lady guest, and refreshments served.

SCHOOL AUCTION

The 13th annual Juliaetta School Auction Sale will be held on Friday, October 28, at 7:30 p. m., in the Juliaetta School gym. If you have any articles to donate for this sale, we will be most happy to receive them by Thursday, Oct. 27. If you are unable to send them to school we will make arrangements to come and pick them up. Please call the school.

Any article that has sale value will be appreciated.

Roy Glenn will be the auctioneer. The money that was earned last year from the sale was used to buy phonographs and records for each room and playground equipment.

The children will present a short musical program under the direction of Mr. Stitzlein before the sale. During the sale all the children who wish, will be treated to a free movie in the school cafeteria.

OPEN HOUSE

An Open House honoring Mrs. Estella Leith on her 80th birthday anniversary will be held Sunday, Oct. 16, from 2:00 to 5:00 p. m., in her home.

Mrs. Leith's daughters, Mrs. Ig. Flaig and Mrs. Robert Spencer are in charge of arrangements, and extend a welcome to all their mother's friends.

LOCAL HAPPENINGS IN CAPSULE FORM

Mr. and Mrs. M. E. Hagen of Kaslo, Alberta, Canada, left Friday morning for their home following a 12-day visit here with his brother-in-law and sister, Mr. and Mrs. Jack Travis. On Thursday, the day before they left, a birthday dinner honoring Jack's birthday anniversary was enjoyed. Others present than those already mentioned were Jim Travis, a grandson, and Mrs. Harless, who is staying at the Travis home and caring for Mrs. Travis. Mrs. Travis is reported as improved.

Mr. and Mrs. Fred Silflow and Mrs. Walter Silflow drove to Pullman, Sunday, where Mr. and Mrs. A. O. Wegner joined them for dinner at the Washington State University Smorgasbord.

Mr. and Mrs. Lester Crocker and granddaughters Pat and Debbie Johnson visited Sunday at the home of the girls' paternal grandmother, Mr. and Mrs. Robert Carns in Spokane. Pat and Debbie stayed until Tuesday to visit with their father, QMI Richard D. Johnson, who is on leave from the navy, but serving in Japan. Enroute to Spokane the Crockers called on the Rev. Ernest Gates family in Palouse.

Mr. and Mrs. R. L. Meserve entertained at a birthday dinner Sunday which honored her father, Leslie Mallory of Deary. Other guests were her brother and family, Mr. and Mrs. Walter Mallory and children of Lewiston.

Mr. and Mrs. Harvey Dale and children of Lewiston were here over Saturday night with her parents, Mr. and Mrs. E. M. White. Sunday morning they returned home and the Whites drove to Richland to visit their son-in-law and daughter, Mr. and Mrs. Theodore Deobald and children. Enroute home they stopped at Spokane where Mr. White received a medical check-up on Monday. They called also on the Bob Benscoter family, arriving home Tuesday afternoon.

Those attending the second session of the District Leader Training school for Church School workers at the Orofino Methodist Church Monday included Mesdames Marvin Long, Bob Magnuson, Bud Fey, Frank McCreary, Dick Benjamin and Arnold Holsington from Kendrick, and Mrs. Bob Hutcherson from Juliaetta.

Mr. and Mrs. John DeHaven attended the 50th Anniversary celebration of the Winchester Presbyterian Community Church, Sunday. They report on impressive ceremony and an enjoyable day, as they met many old friends.

Mr. and Mrs. Ruben Stephenson and Tommy Stephenson, all of Salmon Arm, B. C., visited here Thursday through Friday with Mr. and Mrs. H. C. Schupfer. Both men are uncles of Mrs. Schupfer. From here they went to Clarkston to visit their sister, Mrs. Norris Walker.

Rev. and Mrs. Knight of Clarkston were Monday evening guests of Rev. and Mrs. F. C. Schmidt.

Mrs. Edgar Long left Thursday on a vacation to visit her son-in-law and daughter, Mr. and Mrs. Jack Maxwell and children at Lawrence, Kansas. Enroute she stopped at Spokane and Portland to visit relatives.

Mr. and Mrs. Dick Kuykendall and family of Coeur d'Alene drove down over the week-end to visit his father, Wayne Kuykendall, who is a patient at St. Joseph's Hospital, and to call on her parents, Mr. and Mrs. E. J. Platt, and other relatives.

Mr. and Mrs. Oscar Medalen were pleasantly surprised Monday evening when his brother-in-law, John Gronkova, of Nekoma, North Dakota, dropped in, accompanied by Axel Lindberg of Foster, Minn., an old friend whom they had not seen for 20 years.

Week-end guests of Mrs. Elsie Deobald included her mother, Mrs. Emma Wegner, and brother George of Twin Falls, Ida.; her sister, Eleanor Wegner of San Jose, Calif. On Sunday they were joined for dinner by another sister and her family, Mr. and Mrs. Allen Sather of Genesee, and their daughter, Marilyn, from the U. of I., and Mr. and Mrs. W. A. Deobald and children of Moscow.

Mrs. Ralph White of Lewiston spent Monday visiting her niece and family, Mr. and Mrs. John Deobald and children.

Rev. and Mrs. Ernest Gates of Palouse were in town briefly Tuesday, and called on friends.

TO CONVENTION

Mrs. Edith Wells, president of the Idaho Chapter National Association of Postmasters, and Miss Imelda Wimer, Cottonwood Postmaster, will leave Lewiston via West Coast Airlines Friday morning for Salt Lake City, Utah, where they will join 34 other postmasters from Idaho and Utah for a scheduled bus tour to Miami, Florida.

At that city they will attend the 56th Annual Convention of the National Association of Postmasters of the United States, October 23-28. This will be the first such convention ever held in a resort city.

This convention will conclude Mrs. Wells' term as president of the Idaho Chapter. Dale Vining, Jerome, was elected to succeed her at the Chapter Convention held in Lewiston last June.

MEETING CHANGED

The regular meeting of the Joint District No. 283 P-T. A. will be held on Monday, October 17, at 8:00 p. m., at the Kendrick Jr.-Sr. High school. This meeting was originally scheduled to be held at Southwick, but has been moved to Kendrick, due to conflicting meeting.

Delegates to the State Convention will be elected.

Paul Kaus from the University of Idaho will discuss the "Student Dropout Problem." Although this problem exists at the high school level, it should be most interesting and helpful to all parents in the event they have to face this problem.

Refreshments will be served by the Southwick ladies.

QUANTITY BUYING CAN BE SAVINGS ON FOOD BUDGET

The trend in some communities and cities is for larger grocery stores and greater savings in the purchase of food. We are not grocery store experts, but we merely want to point out one way of saving that has been developed in some areas of the country.

Knowing that food is one of the major costs in the budget of every family, any saving that can be effected in the weekly grocery allowance is of major interest to all of us. And, this saving does not have to be effected in large stores only, for small stores might adopt the same practices — on a smaller scale. The trend we speak of, specifically is that toward buying larger quantities of various foods. In some stores fruits and vegetables are now offered in gallon-sizes. For those with a large family, or with foods which keep a long time, a considerable saving can be effected by buying in large quantities.

For example, one can save some forty or fifty percent by buying a gallon can of peaches, pears, fruit cocktail, plums, apricots, etc. — and if this can of fruit were consumed by a large family in a few days, or in a week, or maybe even ten days, a considerable saving might be effected.

It is true that this quantity would have to be stored in the refrigerator, but the saving might be well worth while. And, the saving is logical, since the producer did not have to purchase five or six cans, and use five or six times as much labor, in preparing and packaging the product.

This is only one example of saving which might be effected by buying in quantity. There's no reason why vegetables could not be bought in larger quantities, or even such things as canned meats, including fish, stews, etc. Especially for those with large families, this practice would produce a considerable saving.

What with our modern-day freezers and refrigerators, we can keep leftovers satisfactorily for long periods of time. Therefore, even if one did not have room in the refrigerator if he had a freezer he could freeze leftover portions of such foods and use them again at a later date. This system might save you money.

Good Eating From Idaho

There's good eating aplenty in this Red Bean Salad; crunchy- crisp with celery, sweet Spanish onions, and pickles; laced with zesty French dressing. Idaho's pride-of-the-crop, tender, plump red beans have a flavor all their own—unique, full-bodied, satisfying. Besides, there's nourishing goodness in every forkful. Unseen, there are proteins, food energy, B-vitamins, minerals. So much for so little, pocketbook-wise.

You won't need much else beside the dessert of your choice when you partner this hearty salad with another of Idaho's famous "crops"—lamb, a leg roasted the day before, refrigerated, thin-sliced. Add relishes, hot garlic-buttered French bread; serve it buffet style. You've never had it so good!

Red Bean Salad, Idaho-Style

2 to 2½ cups grown-in-Idaho cooked or canned red beans
1½ cups coarsely-cut celery
1 cup sliced-on-the-bias sweet Spanish onions
½ cup French dressing
½ cup sweet pickles, sliced
½ cup small cubes of sharp Cheddar cheese, if desired
1 tablespoon sweet pickle liquid

Drain cooked or canned red beans. Combine with other ingredients, adding coarse-ground black pepper and salt as needed. Allow to stand in the refrigerator several hours or overnight. Garnish with onion rings, hard-cooked egg slices, if desired. Makes 6 hearty servings.

To prepare Idaho red beans: wash 2 cups dry red beans. Add 6 cups cold water. Let soak overnight. Or, if more convenient, place beans and water over high heat. Bring to boiling point. Boil briskly 2 minutes only. Remove from heat. Allow to soak 1 hour. For either soaking method, to cook beans—bring to boiling point over high heat. Reduce heat to simmer. Add 1 teaspoon butter to keep down foaming. Cover tightly. Cook 1 hour. Add 1 teaspoon salt. Continue cooking for 1½ to 2 hours or until beans are tender but not mushy. Altitude and hardness of water will affect time. For salad, drain beans, saving liquid. This will make around 5 cups cooked beans. Use liquid remaining beans to make up a favorite casserole dish for.

HISTORICAL GIFTS PRESENTED TO U. I.

Historical fashions ranging from a dress worn by a pioneer woman crossing the plains in 1853 to a 1907 high school graduation dress were among gifts received this week by the University of Idaho home economics department.

The collection of antique clothing and accessories was presented to the university by Mrs. Lillian McCoy Bower and Eugene Bower, both of Lewiston, and Mrs. Doris Bower Mix of Moscow.

Also included are a number of text books used by schools in the Pacific Northwest between 1860 and 1881, and a group of American flags made by Mrs. Mix to depict the evolution of our flag.

In presenting the gifts, Mrs. Mix said, "The University of Idaho means so much to our family. We feel that the gifts will be of historical importance to the students, faculty and friends of the University in years to come."

A number of the items were brought to the Northwest by Mrs. Mix's great grandparents, who arrived by wagon train in the Willamette valley of Oregon in 1853, and her grandparents, who homesteaded at Oakdale, Washington in 1881.

The clothing includes a 1900 Gibson girl ensemble, a Red Cross Canteen uniform from the first World War, and a wedding dress worn by a bride in 1880.

"READ THE TAG ON THE BAG"

That's a good policy for the farmer buying fertilizer as it is with seed. The tag tells you what's inside so you won't be holding the sack, says Homer Fetter, Latah County Agricultural Agent.

The first thing in buying fertilizer, he said, is to find out what your soil needs by testing it. The second thing is to be sure the guaranteed analysis on the bag lists the kind of plant food your soil and crop requires.

If you find a bag for sale without an analysis tag, report it to the state commissioner of agriculture, advises Charles Painter, soils specialist of the University of Idaho extension service. Law requires tagging.

Painter gave some tips on reading the analysis. He said the tag should tell the kind of fertilizer and the amount of actual plant food there is in the sack. For example: If you are using nitrogen, check the analysis for the guaranteed percentage of nitrogen. This is equal to the number of pounds in a 100-pound bag. This applies to any single fertilizer when you are interested only in one at a time.

If you want mixed fertilizer figure the cost per pound of nitrogen and phosphoric acid from the facts on the tag and the price of the sack. If you have the equipment and the time, it may pay you to apply the nutrients separately or mix your own. In most cases commercially mixed fertilizers cost \$10 to \$15 more per ton than the separate materials. The extra cost is because of mixing charges.

**FAMILY POSITION
HIGHLY IMPORTANT**

The family occupies a position of more importance than the average person realizes, believes Professor

Harry C. Harmsworth, chairman of sociology at the University of Idaho. The Idaho professor has returned to the campus following a sabbatical leave to the University of California to do research on the historical significance of the family.

Dr. Harmsworth feels that many

sociology texts offer a shallow approach to the family.

"Most books on the family are related to marriage and behavior in marriage — how to get along with your wife, ect. Students like them because they are interesting from the standpoint of the individual. However, the family as a social institution should have broader focus," he said.

His research has traced the importance of the family from ancient Egypt to the modern day. Throughout history, governments have had to depend upon the family unit. Today, Harmsworth asks, where would industry be without the family as a target for advertising their wares?

Dr. Harmsworth's studies may some day find their way to a publisher — built around the thesis that the family is much more important than many persons give it credit for being.

IN THE U. S. A.

Any farmer hiring help at today's wages should get a chuckle out of the following story:

A farmer with a reputation as a tight-wad, had two hired men and a housekeeper. Rumors were that he paid them starvation wages. A Federal inspector from the Wages and Hours Administration called at the farm.

"I hear you pay your help below the legal minimum," said the inspector.

"Is that so?" demanded the farmer angrily. "Well, there's Willie, who milks the cows and does odd chores. Ask him what he gets."

"Forty dollars a week, sir," said Willie.

"And there's Sammy," said the farmer, calling over the other hired hand. "Tell this man what wages I pay you."

"Forty dollars a week," Sammy told him.

"And there's Katie, the maid, ask her what she gets."

"Thirty dollars a week, with room and board," Katie answered.

"Any more employees?" asked the inspector.

"Well, no — only the half-wit,"

the farmer said. "He gets \$10 a week, a bit of tobacco and his food."

"Could I speak to him?" asked the inspector.

"You're speaking to him now," answered the farmer.

**TOURISTS SPEND
MONEY IN IDAHO**

Boise — A Department of Commerce and Development survey shows that most of Idaho's yearly visitors spend about \$9.00 a day per person and stay in the state three days.

Secretary Louise Shaddock has released some figures obtained during July and August, when 1,000 out-of-state vacationers were asked to say how much they were spending, how long they were staying, and why they chose Idaho as a vacation spot.

Miss Shaddock says 80 percent of the visitors questioned spent \$9.06 a day per person and stayed 3.09 days. Another 20 percent was spending at the same rate and staying from one to two weeks.

Conducted by James W. Anderson, department research director, the survey was aimed at collecting some actual dollars and cents figures to indicate how much tourism contributes to the state's economy. Miss Shaddock says motel, hotel, restaurant and lodge operators throughout the state cooperated with the department in carrying out the survey. "They handed their guests our questionnaire and asked them to fill it out. I certainly want to publicly compliment all those people who gave a lot of time and effort to our project."

Fifty percent of the visitors covered by the survey said they came to Idaho because of the advice of friends and relatives. "Previous vacationers to our state are obviously spreading the word about Idaho's scenery and recreation possibilities," Miss Shaddock said.

The chain of life is forged with little rings — each word and act forming a part of it.

The man who gets pleasure out of his chosen work has a vacation every day of his life.

ALASKA...
Pipeline for
America's
thriving age
of action

**IN ALASKA**

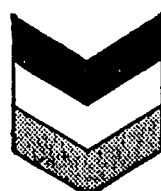

As in all 50 states, the vitality of busy Americans has moved our economy into a new age of action.

Take Alaska's oil industry, for example: Oil was discovered two years ago, is now flowing in commercial quantities. And starting this week, a new pipeline is speeding it to waiting tankers at Cook Inlet—which is a 22-mile journey through muskeg and swamp forests.

For Alaska, Standard's participation in the pipeline project is another step forward in an expanding oil industry, with new jobs and opportunities. For all America, it will add oil to our strategic reserves—new vigor and strength to our ever-accelerating economy.

"Keep our young people at home"

Says Washington Water Power Company Board Chairman

Washington Water Power Co., through its wholly owned subsidiary, the Washington Irrigation and Development Company, gave a check to Uncle Sam last week amounting to \$2,228,395 to pay off indebtedness to the Federal Government on a former Naval Supply depot, in the vicinity of Spokane.

The 542 acre warehouse and industrial facility site will be used to house new industries yet to come. For somebody looking to the future, there is constructed and waiting, with gas, electricity and water available, over three million square feet of choice industrial buildings.

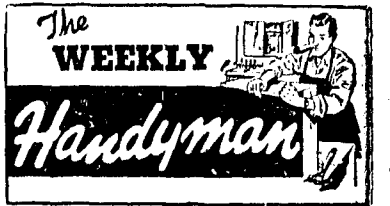

Commenting on the transaction, K. M. Robinson, chairman of the board of WWP and president of the Spokane Industrial

Park, said: "The company's chief interest in putting money and credit in this project is to help industrialize the area. With other businessmen, I agree that we have talked long enough. At this point we need something practical, and the company and its subsidiary believes this is a good start."

Continues Robinson: "People in this section are spending considerable tax money these days to educate our young people. They are trained in many specialized fields, only to move to other areas to find jobs because opportunities are sometimes lacking at home. The Washington Water Power believes in the Inland Empire of the Pacific Northwest. We want to see it grow, and furthermore we want to see our capable young people employed at home."

A reader who is building an office within his workshop to serve as farm "headquarters" has requested plans for a two-drawer file cabinet.

The plans for just such a cabinet are included in the Research Center's model office arrangement, which also includes a desk, typing table and small book case.

The file cabinet is 15 inches wide, 28 inches long and 30 inches deep, utilizing common 1x2's in the framework and 3/4-inch plywood in outer construction. The entire assembly can be completed over a weekend with the aid of such standby portable tools as

the electric saw, drill and sander. (Free illustrated instructions for this cabinet may be obtained by writing to the Thor Research Center, Marengo, Ill., and asking for Plan FC202.)

From the mailbox:

Q. Should I use sandpaper or steel wool to smooth woodwork and doors when preparing them for water-lok?

A. I can't recommend using steel wool too freely, because it invariably leaves steel particles on the surface and thus tends to harm a good finishing job no matter how carefully the wood is cleaned after using the abrasive.

You will be playing it safe by successively using coarse, medium and fine abrasives—advancing no more than two grit sizes (from 40 to 60, for instance) when going from coarse to medium. Complete the sanding with about 120 grit.

The only time most advanced handymen use steel wool is when they're finishing curved or unusually shaped areas.

Q. Could you tell me what causes motor overload in a portable electric tool?

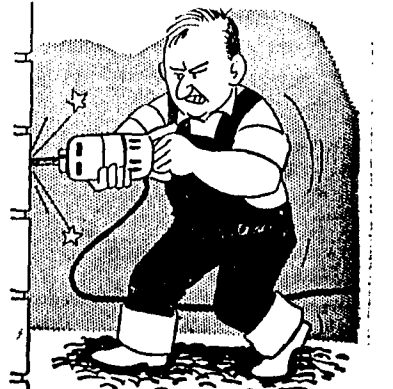

A. Usually inexperience or bad habits. These two factors more than any others rob motors of longevity or cause them to heat up. To avoid motor overload, heed the following don'ts:

—Don't stop or start a tool while it is in the work.

—Don't use dull or oversize bits or blades.

—Don't crowd or jam the tool by applying too much pressure.

—Don't use too much or too little voltage in operating the

Don't crowd or jam drill by applying too much pressure.

tools. Power needed is specified on the tools.

Another factor which may shorten the life of a valuable tool is the failure of its owner to clean and lubricate the tool at intervals.

Here's a tip for the handyman who uses a nail set with any degree of frequency: Instead of groping among the other hardware you have in the shop apron in search of the set, drill a hole in a small rubber ball somewhat smaller than the square end of the nail set. Insert the device in this hole and, presto, the nail set not only will be easy to find, but it will have a built-on shock absorber as well.

A reader recommends: "Recently when laying an asphalt tile floor over concrete, I encountered some bumpy areas. I had no access to a blow torch, so my wife came up with a very adequate solution. She softened the tiles by literally ironing the backs of them with her flat iron, and we shaped them to fit the floor contours."

Hold your horses — it was uncontrolled horsepower that caused half of last year's traffic fatalities.

There is no substitute for good food, and you will find every kind to tickle your palate at Blewett's Grocery in Kendrick. 1-ad

HIGHWAY COURTESY CAN SAVE LIVES

Some of the accidents that occur on Latah and Nezperce County Highways could be avoided by the exercise of good manners on the part of the drivers involved.

The rush to beat other vehicles to the start and to get ahead in a traffic jam often leads cultured people to take advantage of other drivers in a manner that does not reflect proper consideration for others, even in modern traffic snarls.

We think drivers should always bear in mind the possibility that others, like themselves, miscalculate speed and other factors, and sometimes get in a jam through mental error. If we would make an allowance for this possibility, we could definitely add to the safety of the highways.

Too often, in driving along the open road, one meets an approaching vehicle which, in passing another proceeding in the same direction, comes dangerously close to causing a collision. It is probably natural to "say something" about such driving without remembering similar occasions when, through an error in judgment, we have done the same thing.

Common everyday courtesy is a good thing for everyday living, and it produces the same desirable results when put into practice behind the wheel.

HEAVIER HUNTING PRESSURE THIS FALL 2-DEER AREAS OFFER INCENTIVE FOR

When fires blackened thousands of rangeland acres recently in the Hell's Canyon section of the middle Snake river, the Idaho Fish and Game Commission amended the 1960 big game regulations to create another two-deer area.

Director Ross Leonard says the purpose was to offer enough incentive to cause nimrods to go into the middle-Snake (see map) and bag at least one deer apiece.

Not that hunters will find a deer behind every bush — they won't, and it's rugged, rough country.

But unless nimrods do some timely salvaging of this herd, nature is bound to do it this winter through starvation and malnutrition, disease and parasites, and other means.

The recent fire complicated big game management in the Hell's Canyon region which already was underharvested because the ruggedness of the country caused most hunters to look elsewhere for deer to take on their "regular" tag.

Now the fire area units of 18 and 22 have been declared open for two-deer hunting and a special Hell's Canyon tag has been issued as an incentive to draw more hunters.

The special Hell's Canyon deer tag makes it at least theoretically possible this year for a hunter to harvest four buckskins around the state.

It works like this: First, a hunter may use his regular tag to bag one deer during any general season in the state. Then he may obtain an Extra deer tag and

get a second deer in designated management units in southeastern and/or southwestern areas. The Middle Fork tag entitles the holder to another deer in parts of the rugged central portion of the state.

Leonard stressed, however, that about eight percent of Idaho's total deer harvest last year was taken on Extra or Middle Fork tags.

With respect to the new Hell's Canyon two-deer area, Leonard pointed out that the region has been the site of landholder-sportsmen misunderstandings in the past, that the situation was not much improved, if any, and that hunters must respect the rights of property owners. He also urged the hunters to use caution on all roads in the area when they become wet or slick.

IT COULD BE

A wholesale dealer who had a lot of trouble getting a certain retailer to pay his bills, finally wrote a firm letter. He got this reply:

"Dear Sir: What do you mean, writing me a letter like that?"

"Every month I put all my bills in a hat, and then draw out as many bills as I have money to pay."

"If you don't like my way of doing business, I won't even put your bills in the hat!"

GOOD NIGHT FOR A SNOOZE

Flag raisers had to be fast at the McMurdo Sound Naval Air Facility in Antarctica on April 27, 1960, as there were only five seconds between sunrise and sunset. This marked the beginning of the Antarctic winter night. The colors were laid away and will be raised again tomorrow morning which will be sometime this August!

History proves that the high speed of living has something to do with the high cost.

Announcing the Affiliation of Short's Funeral Chapel

FIRST & WASHINGTON STREETS
MOSCOW, IDAHO

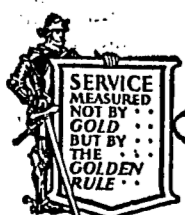

This is an important announcement, because membership in the Order is open only to funeral directors of high professional standing; it is a distinction shared by carefully selected funeral directors throughout the world.

An application for membership cannot be passed upon by the Order itself; membership is granted only after the Order has made direct contact with those who are in the best possible position to know whether the applicant is worthy; families served, and the business and professional men of the community in which the applicant lives.

The Symbol which appears below is the identifying emblem of membership, and all users of this Symbol are pledged to give modern, comprehensive service, to advise wisely, and keep all charges moderate.

The Order is happy to present and recommend this firm to the people of this community and the surrounding territory, and takes pride in making this public announcement of the appointment.

CURIOUS ABOUT HUNTING LUCK

In a note accompanying a subscription payment, Gene Groseclose, now of California, says in part:

"Have been watching the paper, to see who brought in the first elk. I figure it to be some hunter from the early open season (Sept 16th) from the Little North Fork or Clearwater area). I guess rain and snow in late August in the high country discouraged sheep and goat hunters, and the unseasonal hot weather in mid-September discouraged early elk and deer hunters in the high Bitterroot mountains.
"I also imagine fires along the Potlatch river and in the Arrow Jun-

ction area drove the pheasants and rabbits out of that area."

To answer we must say: We do not know who brought the first elk into Kendrick — but understand it was a California hunter, during the early open season. As for local hunters, when the regular season opened the elk and deer arrived here so fast we never did learn who was first — and there were so many hunting parties we completely gave up the idea of naming them!

You are right about the fires driving out the Chinese pheasants. We have no reports on how plentiful birds may now be — we'll just have to wait until after the season opens to find out.

RAIN AND CHILL

This areas beautiful Indian Summer weather ended with "a dull, sickening thud" Thursday of last week, when a chill wind brought rain with it.

Since that time temperatures during the day have been mostly in the low 60's, and at night just above freezing, although Saturday night brought a rather heavy white frost to the valley.

Sunday was a beautiful day, the only truly nice one since Wednesday, and area residents took advantage of it to drive on sight-seeing trips, the fall colors being gorgeous. Snow could be seen on some of the higher peaks Sunday morning.

Farmers welcomed the first two days of rain, as it provided the necessary moisture for plowing, seeding, and other fall activities. Loggers, too, were pleased, as it almost eliminated the fire danger and cut down on dust and heat.

However, the continued fall has not been so welcome, as dirt roads have become slick and prevented hauling.

Fires in homes and places of business are a "must" at this time.

GROCERY SHOWER

Rev. and Mrs. William Reeve and family of the Kendrick Assembly of God Church were honored with a "Shower of Groceries" following the evening services at the church, Sunday.

FROST KILLS GARDENS — Flashlights came into play in at least one Park garden as gardeners tried to beat the first killing frost, Saturday night. Those who didn't have all of their squash and tomatoes harvested did so as radio and television predicted frost. Since everyone was well warned, no one lost many vegetables.

TEACHERS INSTITUTE — Park students had a chance to sleep in Monday and Tuesday mornings, as this week saw Teachers' Institute on those days.

OTHER ITEMS — The Jerry Smiths were very busy again this week. They were in Lewiston Monday on business, and to visit his uncle and aunt, Mr. and Mrs. R. L. White and family, and his grandmother, Mrs. Rosa Nikloski. Mrs. Smith and children were in Deary, Friday, and on their return visited Mr. and Mrs. Everett Brown and family at Helmer, and Mrs. Glenn Fox and children. A Saturday caller in the Smith home was Bill Mengel of Touchet, Wash. On Sunday the Smiths visited at Southwick with Mr. and Mrs. Albert Lawrence and family.

Charles Jelleberg visited the Chas. Enger family, Sunday.

Mr. and Mrs. Charles Stratton were in Plummer, Thursday, to visit her brother-in-law and sister, Mr. and Mrs. Wm. Agte. Sunday, their daughter and son-in-law, Mr. and Mrs. Donald Gudmundsen and family of Colfax, Wn., visited. While the Gudmundsens were in Park they also visited his parents, Mr. and Mrs. Charles Gudmundsen. Other visitors at the elder Gudmundsen home were Mr. and Mrs. Chet Heustis and son of Princeton and the Gudmundsen's daughter, Mrs. Clariss Ireland and two sons, who called Thursday.

Mrs. Mickey Baumgartner and children visited Mrs. Glenn Fox and children, Sunday.
