

REP. GEO. F. BROCKE EXPLAINS FISH AND GAME DEPT. BILL NOW PENDING

George F. Brocke (D. Latah) said in Boise last Friday: "About two weeks ago, I received a petition, signed by a number of people in the Kendrick area. This petition was a protest to House Bill No. 95 which pertains to the Fish and Game Department. This bill, if passed, would make the members of the Commission elective instead of appointive as is now the case.

"I am pleased that so many people took the time to sign the petition, no doubt knowing that I was one of the sponsors of House Bill No. 95.

"The plan or intent of House Bill No. 95 is to conduct the election of commissioners to the Fish and Game Commission along the same line as we now elect our District Judges and Justices to the Supreme Court. This is a non-partisan election and has worked out very well.

"We have two wildlife associations in the state — the Wildlife Federation and the Outdoor Association. It is my opinion that each of these would put up a candidate for the position of Commissioner on the Fish and Game Commission. It is the intention of the bill to give the people a voice in the operation of the Fish and Game Commission by electing the commissioners.

"I want to state some facts about the present commission that I am of the opinion were not presented to the signers of the petition.

"The budget of this commission for the 1961-1963 biennium shows an increase of some 33 percent. In dollars, the increase amounts to \$1,239,907. A person would think that with this increase in money — fishing and game hunting would be in for a great improvement. However, this is not the case. Three hundred and fifty thousand dollars has been requested for an office building here in Boise. How would this put fish in the streams or improve wild game hunting? Some salaries that were \$552 per month in 1959 go up to \$729 per month in 1961. The pay for conservation officers is increased a small amount, about 11 percent over 1959. Thousands of dollars are spent counting the deer and elk. The telephone expense is so large that it is almost unbelievable!

"The commission claims that this is their money and they can do as they please in spending it. This is true to a certain extent. Still, this fact remains — each year, purchases of real property are made by the commission. This real property is taken off the tax rolls. When this occurs, it shifts the tax load to the balance of the tax payers. Some of these purchases of property are of

value to the sportsman. Still, many are of no value at all.

"I hope that this will give me people a small view of what is going on in this commission. Whenever I see waste or lack of good management in any department, it is my intention to call it to the people's attention. When a department head tells me it is none of my business, I intend to make it my business!

"The same non-political politician, a member of the Wildlife Federation, who had a hand in getting the petition circulated regarding House Bill No. 95 will be requesting that all of you support the out-landish budget along with the \$350,000 office building that will provide an air-conditioned haven for the many experts who are living off the sportsman's dollar at a high salary.

I am told that there is no intent to raise the license fees at this time. Nevertheless, the license vendors are now getting 5 percent for selling licenses and tags. This amounts to some \$50,000 per year. Here is how they want to get by this little discount and get the \$50,000 away from the vendors. The vendor is to charge the purchaser of a license 25c, and for a tag 10c. They say that this will not increase the price of the license or tag. This will take legislative action to do this."

AARON BLEWETT PROMOTED, IS NOW FULL COLONEL

Fort Lewis, Wash. (Official) The week of Feb. 14 was a memorable occasion at Fort Lewis for two former Idaho Army officers, both graduates of the University of Idaho. Colonel Orrin A. Tracy, Moscow, in his capacity as Post Chief of Staff, pinned new eagles on Aaron E. Blewett, Culdesac, the Assistant Chief of Staff, G-3, Fort Lewis, when Blewett was promoted to Colonel, U. S. Army.

These two infantry officers paths have crossed only once since leaving

the Idaho campus in the late '30s, and that was at Fort Benning, Ga. At the end of World War II both officers were instructors at the famous U. S. Army infantry school. Both officers are graduates of the infantry school and the Army Command and General Staff College at Fort Leavenworth, Kansas. In addition, Col. Tracy is a graduate of the Army War College, Carlisle Barracks, Penn., and Colonel Blewett is a graduate of the Armed Forces Staff College, Norfolk, Va.

Other similarities in the careers of these two former ROTC students are that both were integrated into the Regular Army Officer Corps after World War II, and both have been assigned duties in connection with training future army officers —

Tracy at the Military Academy, at West Point, and Blewett as P. M. S. & T. at the University of Idaho, and both were assigned to Fort Lewis from major overseas commands, Col. Blewett having been assigned to Headquarters, European Command, The Joint U. S. Command in Paris, France.

Colonel Blewett married Helen Leiniger of Seattle and they have two children, Sharon, a freshman at the University of Washington in Seattle, and John, a high school sophomore at Tacoma. They make their home at Fort Lewis.

Colonel Blewett is a brother of R. L. Blewett, Kendrick, and Mrs. Ben P. Cook, now at Halley, Idaho. He is very well known at Kendrick, having visited here often with his family.

LATAH CHAMBERS MEET IN JULIAETTA

The February meeting of the Latah County Chambers of Commerce was held at Juliaetta in the Elementary school lunch room Wednesday evening of last week. The Rebekah Lodge served a sumptuous 7:00 o'clock dinner to some 45.

The Latah County Health Unit presented the first section of the evening's program, following a short business session.

Wayne R. Heiskari, Public Health Sanitarian served as M. C. He told briefly of the units duties regarding tests of public water supplies, septic tanks, sewage, restaurants, and in general outlined his duties and those of other members of the Unit.

Present also, and telling of their duties in various sections of the county, in schools, and public health in general were: Grace Smith, R. N.; Nancy Fordham, R. N., and Martha Tomlinson, R. N.

They explained duties in the school room — testing for sight, hearing, vaccinations, discovery of communicable diseases, etc.

All of these services cost \$1.60 per person per year in Latah county, and of this Latah county pays \$1.02 per year.

It was most interesting, and they received a fine round of applause at the conclusion.

The second portion of the program was brought by the "Inland Empire Multiple Use Committee", with Royce Cox of P. F. I., and Gary Ringold.

Mr. Cox explained, with the use of projected maps in color, the proposal of the U. S. Forestry Service to put certain areas into "wilderness areas" and open others to multiple use, such as timber cutting, logging, etc.

The "Multiple Use Committee" wishes the forestry service to open far more territory to logging, etc., and also, it seems, disapproves of the proposed "Wilderness Bill" now before congress.

Perhaps the lateness of the hour had something to do with it — but it was plain that the large majority of those present did not agree with Mr. Cox — preferring to let the U. S. Forestry Service go ahead with their plans. Only one or two questions were asked, but the remarks heard following the break-up of the meeting could all be summed up in the remark of one member: " — they're going to be wanting to log Yellowstone Park next!"

Commented two well known local men interested in logging and forest items: "We believe that certain areas should have selective logging — but are not prepared to lay out definite borders or amounts."

ELK RIVER HANDS TIGERS DEFEAT

Elk River clinched its first White Pine basketball trophy in nine years as the Bobcats defeated Kendrick's Tigers 57 to 38 Friday night. Elk River won six straight against their league opponents, after losing to Troy in the opener.

Allen Hill and Ed Anedhon each scored 15 points for Elk River. All of the Bobcats played and all but two scored. Steve Groseclose led Kendrick with 14.

WELL DRILLING IS RESUMED

Last Friday workmen for Zinkgraf & Sons, well drillers, abandoned efforts to hook and fish out the big 12-inch baler bucket caught in the hole, and resumed drilling operations by beginning to pound the bucket to pieces. The bucket has been lodged in the bore since late in July.

Frank Abrams, Kendrick mayor, said that had active operations not been resumed the village would have "exercised" its bond by the company.

Mr. Abrams added that he did not know how long it would take to pound the 12-inch by 16-foot bucket to pieces — but that was up to the company — as the well must be completed to permit permanent installation of pump and other necessary items as soon as possible.

MASONS, STARS, PLAY CARDS SAT.

A card party celebrating the birthday anniversary of George Washington, was enjoyed by the Masons of Kendrick Lodge; the Eastern Stars of Kendrick Chapter, and their escorts, Saturday evening, February 18.

There were 16 tables in play. High scores went to Mrs. Harry Benscoter and Cecil Gruell; lows to Mrs. Tom Long and Ed Mielke. A. O. Kanik-keberg took the "goose" home.

The typical cherry pie, ice cream, coffee and punch was served at the close of the evening by the Masons.

VANDALISM

During the forepart of the week rural mail boxes on Route 1 have been molested, some being torn down and others damaged. Among the victims were the Arthur Johns family, Leon Branson family and Horace Thompson and brother Tom.

Postal authorities have been notified, and since this is a federal case there seems little doubt that the guilty parties will be apprehended.

SURGERY PATIENT

Walter Benscoter entered the St. Joseph's Hospital at Lewiston last Wednesday to undergo major surgery Thursday morning. The family reports he is improving satisfactorily, but do not know when he can come home.

NEW MAIL HOURS

"Under instructions from the Postal department," says Fred Stedman, local postmaster, there will be no window service after 3:00 p. m. on Saturdays. Mail will be processed to go out at 5:00 o'clock as usual, but windows will close at 3:00."

PANSIES BLOOMING

In a brief note to the Gazette on Monday, Mrs. Wm. Thornton, Lealand says in part: "I want to say I have three purple pansies in bloom. They have been outside all winter — or should I call it winter?"

Mrs. Ben Westendahl, Drive chairman, wishes to thank all who helped and those who gave so generously.

LIONS FEED 225 AT ANNUAL PANCAKE FEED SAT. EVE.

It was "pancakes to the right of them," pancakes to the left of them" and "pancakes in front of them" as the Kendrick Community Lions Club fed 225 at the new Kendrick High School cafeteria Saturday evening. And compliments were piled on compliments for the hotcakes, which were "Alaska Sour Dough" variety — some consuming as many as five cakes. Ham, syrup and coffee or milk completed the menu.

We won't attempt to name the Lions taking part in the event — but almost every member of the club "saw action" of one type or another. One member of the Kendrick Grange, very much interested in what was going on in the kitchen volunteered to help — and was promptly put to work frying ham! Other volunteers, not members, also helped out — just for the fun of it!

Proceeds from the affair go to the "Seeing Eye Dog Fund," with Pacific Lutheran University at Tacoma the breeders of the dogs.

No information is available on how many gallons of hotcake batter was used — but it took five hams, three gallons of syrup; about six gallons of milk — and untold gallons of coffee to supply the crowd. Butter for the affair was "compliments" of the Arden Creamery.

JULIAETTA TV ASSN. SHORT OF FUNDS

As of this date, according to all information available, the Juliaetta TV Association has collected \$1,000, and has an additional \$200.00 in pledges. This is still far short of the necessary funds.

The Secretary has received a letter directly from the Federal Communications Commission which definitely clarified the financial requirements in connection with VHF translator stations. The clarification is as follows:

"The Commission requires that an applicant have readily available funds equal to the cost of construction and the amount estimated to be necessary for the cost of operation and maintenance for one year. The Commission WILL accept a showing of firm pledges for any part of the total estimated cost."

The Juliaetta TV Association encourages these people who can not pay cash to be sure and get in their pledge cards, for they are recognized as equally important. April 1st is the deadline for Form 346 — therefore action must be taken soon.

LOCAL HAPPENINGS IN CAPSULE FORM

Mr. and Mrs. Marvin Long took the train to Spokane Wednesday, where they will spend a few days on business.

Mr. and Mrs. Marion Rowden drove to Kirkland, Wash., last Friday, where they plan to spend a week visiting their son-in-law and daughter, Mr. and Mrs. C. Allumbaugh and children, and with other relatives in the vicinity.

Bill Cuddy and children of Coeur d'Alene visited here in the home of Mr. and Mrs. Dick Cuddy and other relatives over the week-end.

Mr. and Mrs. Ig. Flaig and Mr. and Mrs. Bob Spencer, all of Coeur d'Alene, were here Friday and Saturday helping their mother, Mrs. Estrella Leith, re-decorate the interior of her home.

Mr. and Mrs. Herman Eberhardt of Lewiston were Saturday overnight guests in the Paul Lind home, all attending the Lions' Pancake Feed. Milton Eugene Lind, also of Lewiston, joined them on Sunday.

Mr. and Mrs. Everett Fraser were Spokane visitors last Thursday. Mr. Fraser received a medical check.

Mrs. Everett Crocker, Lewiston, was a Monday guest in the home of her brother-in-law and sister, Mr. and Mrs. Walter Brocke.

Mr. and Mrs. Elmo Eldridge drove to Moscow Sunday evening and were supper guests of their son and daughter-in-law, Mr. and Mrs. Leonard Eldridge and little daughter.

The following group of women attended the World Day of Prayer Service held at the Clarkston Methodist Church last Friday: Mesdames F. C. Schmidt, A. O. Kanikkeberg, Bob Magnuson, Howard Hoffman, Bob Nelson, W. A. Watts, H. C. Schupfer, Frank P. McCreary, John Darby, D. A. Christensen and Paul Lind.

Mrs. Pearl Long accompanied Mrs. Silvie Cook to her home in Lewiston Saturday evening, and was an over-night guest, returning home Sunday evening.

Mr. and Mrs. Richard Phelps and daughters of Spokane (granddaughter Seeran) of Mrs. L. S. Thurber, visited in the Thurber home over the week-end. They were enroute to Lewiston, taking Weldon Cleveland home from the hospital in Spokane, where he had undergone disc surgery. He was released a little early to get home, as his wife (nee Donna Knox) was admitted to the Lewiston hospital in his absence.

Mrs. Dick Cuddy and Mrs. Jack Kuykendall were Lewiston visitors on Monday.

Mrs. Ross Armitage of Winchester visited here Monday with their daughter, Mrs. Max Clemenhagen and family. It was little Carala Clemenhagen's second birthday anniversary. While here Mrs. Armitage received a call from Caldwell saying their son Jim was suddenly taken to a hospital. Mrs. Armitage left Tuesday morning for Caldwell. The nature of his illness is not known but believed to be an intestinal disorder.

NEWS NOTES FROM KENDRICK HIGH

Janice Heimgartner, Kendrick High School graduate, now a freshman at Lewis-Clark Normal School, Lewiston, was named to the Dean's Honor Roll, according to notice received from Cleon C. Caldwell, Dean of the school. According to Dean Caldwell, Miss Heimgartner received all A's, one of three L-C N. S. students to achieve that record.

Twenty-four students in all were appointed to the Honor Roll which required all A's and/or B's to qualify, Dean Caldwell reported.

Miss Heimgartner, a daughter of Mr. and Mrs. Lawrence Heimgartner, Kendrick, was a 1960 K. H. S. graduate, and was class Salutatorian.

Girls Lose to "Sure Shot Moms"

Girls To Play Asotin Girls

The High School Girls' basketball team will play the Asotin Girls' team Thursday afternoon of this week, just after school.

Junior Class Play

Here's a happy, "haunting" comedy which is so madly humorous for an audience that it keeps them hilarious.

Dwelling alone in a dark, drafty mansion in the shadow of the nation's capital are two weird sisters, Teresa (Tessie) Drake and Loretta Page. One nightfall in early autumn, these two lonely ladies are inexplicably besieged by a succession of visitors.

The daring and the doing come to a spellbinding close when, as Tessie herself put it: "The villains are bashed, the spy ring smashed; justice is triumphant and laughter rampant!"

"Terror in the Suburbs" offers an excellent variety, from moments of suspense to those of comedy. The Juniors feel that this play is really "something different".

BABY SHOWER

Mrs. Elroy Kuykendall and infant daughter, born Feb. 8, were honored at a baby shower Tuesday evening in the home of Mrs. Max Clemenhagen. Games were played and a social hour enjoyed. The honoree received many lovely gifts.

Delicious refreshments were served at the close of the evening.

DISTRICT TOURNEY U. OF I. GYM., FEB. 27 THRU MAR. 4

The District Tournament for this section will be held in the U. of I. gymnasium at Moscow, Monday, Feb. 27, through March 4.

The schedule of games for the first evening is as follows:

First game, 6:00 p. m., Elk River vs. Deary.

Second game, 7:30 p. m., Weippe vs. Pierce.

Third game, 9:00 p. m., Kendrick vs. Genesee.

Troy drew a bye for the first night.

If Kendrick should win their first game they would play Troy the following night, Feb. 28, at 9 p. m. If they lose they draw a bye and play again Wednesday.

The State Tourney for A classification schools will be held in Lewiston this year, on March 16, 17, 18. One team from our district or Dist. 2, will enter that tournament. This will be an 18-game single elimination tournament.

A. Controlled-Action SHAMPOO

At last! A shampoo that doesn't wash away the natural oils of your hair by over-cleansing. The scientific base for Rexall's exclusive formula is amphoteric - which means the ingredients are so balanced that they automatically meet the cleansing needs of your hair... protecting Nature's own precious nutrients. Leaves your hair with more of its natural strength, moisture balance, softness and sheen!

B. Sheen 'n' Shield RINSE

Contains Rexall's exclusive Prolanovite, a secret formula containing protein, lanolin and Panthanol, a vitamin found in the hair. Actually takes Prolanovite right into the hair shaft! Protects the beauty-building action of New Awakening Shampoo by leaving an invisible anti-static shield on each hair to help repel dust and dirt. And it makes even the stubbornest hair more controllable!

C. Moisture Guard

CONDITIONER
Gives your hair and scalp a beneficial treatment of Rexall's exclusive Prolanovite. Helps reinforce its natural elasticity, protects moisture balance by combating drying effects of sun, wind, dust. Used daily, it pays dividends in extra beauty!

D. Crystal Clear HAIR SPRAY

Different from ordinary sprays, this new Rexall formula contains Panthanol, vitamin, lanolin, other ingredients, but NO lacquer. NO dulling film. In visible, yet holds your hair in the most delicate natural styles. Anti-static to repel the dust which many other sprays seem to attract.

E. Star Shine HAIR GLOSS

Fortified with lanolin and Panthanol, it makes your hair dance with high lights, gleam with a natural brilliance you never dreamed was there!

TO GET FORESTRY CASH IN IDAHO

Wash., D. C. — Senator Frank Church, Idaho, says Idaho would receive a total of \$20,557,600 in U. S. Forest Service funds for the fiscal year 1962 if present budget proposals are adopted.

This would be an increase of ap-

proximately \$1.5 million over the amount expected to be expended by the Forest Service in the state during the fiscal year ending June 30th.

Increases, the Idaho Senator explained, would be primarily for forest roads and trails, forest protection and brush disposal.

He said the decreases included a reduction of \$88,100 for insect and disease control in Idaho.

"I do not believe the \$1.3 million

requested for insect and disease control is adequate," Church said. "I understand that another \$400,000 is needed for new anti-biotics in the blister-rust control program."

Church said that during 1959, an estimated 4 million white pine trees in the Pacific Northwest were individually treated with anti-biotic fungicides applied by hand spray equipment. During 1960, he added, the anti-biotics were also applied by airplane.

"If this program is both effective and adequate, it could treble the national forest acreage in Idaho dedicated to growing white pine, thus making a significant contribution to the economy," he added.

Church said more than 2,000 Idaho ranchers pay fees for grazing nearly 700,000 head of livestock on the national forests each year.

He pointed out that national forests in Idaho contribute in excess of 600,000,000 board feet of timber annually, and that one-fourth of all forest receipts are returned to the counties as payment in lieu of taxes.

"It is estimated that these shared revenues will provide 1,507,000 for Idaho's public schools and roads during the next fiscal year," Church added.

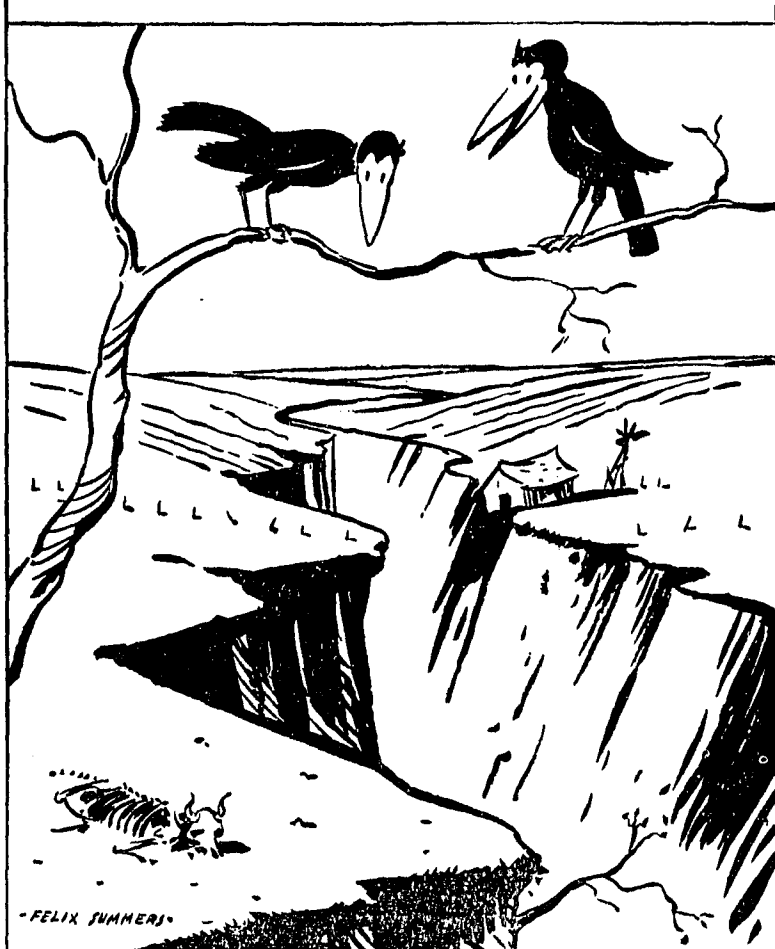

A budgeted increase in funds for construction of Idaho forest roads and trails, from \$4,349,000 in the present fiscal year to \$5,669,500 in the next fiscal year will be a much needed improvement, Church said.

SPRINKLER SCHOOL FEBRUARY 28TH

Spokane — Inland Empire farmers interested in learning more about irrigation by sprinkler have been invited to attend the Second Annual Sprinkler Irrigation School sponsored by the Washington State Agricultural Extension Service and the Farm Committee of the Inland Empire Electrical League. The one-day event is scheduled for Feb. 28, and will be held in the Washington Water Power Co. auditorium at the company's new general office building in

SOIL CONVERSATION

"No, It Wasn't the H-Bomb, Just the Result of Soil Erosion"

Soil Conservation Society of America

Young crows tell tall tales, but this is one tale that needs telling time and again. We need real action to defeat our terrible resource problems of increasing floods and droughts combined with too many persisting bare gullies. See your local soil conservation district today.

Spokane. It will start at 9:30 a. m. and end at 3:15 p. m.

"Last year over 100 attended," Jack Daly, chairman of the farm committee said, "and indications are that we will have twice that number this year."

A thirteen-member panel of well qualified farm irrigation experts will include such well-known names as Mel Hagood, Prosser; Walter H. Gardner and Max Jensen of W. S. U.; Gale Gurtie, Spokane, and Don Jordan of W. W. P.

Subjects to be discussed cover every problem associated with the sprinkler irrigation, control of moisture, motor and pump maintenance, and end with a panel discussion. Anyone interested in sprinkler ir-

igation is invited to attend the session. A no-host luncheon will be served at 12:45, and there will also be a morning coffee break.

CABBAGE TOP FOOD FOR FEBRUARY MEAL

For people who like cabbage — and that includes most of us — this is a fine season to serve lots of it. There is a good supply on the market at favorable prices.

Some of the old time recipes are worth using along with the usual modern ones, says Ruth Shane,

county home agent. How about hot slaw on a cold February day?

This recipe makes four servings: Two eggs, one-fourth cup of water, three tablespoons vinegar, one-half teaspoon salt, one-fourth teaspoon dry mustard, two tablespoons sugar, a few celery seeds, one tablespoon butter, and one pint finely shredded cabbage.

Beat the eggs, add the water, vinegar, salt, mustard, sugar and celery seed. Cook over low heat, stirring frequently until thick. Stir in the cabbage and mix with the dressing. Cover and heat a few minutes. Serve hot.

Variations may be made by including sliced ripe olives, onion, shredded carrot, chopped celery or parsley.

Cabbage and onions are among the winter plentiful throughout the country, according to the department of agriculture.

FIRE LOSSES DROP DESPITE BAD YEAR

Forest fire losses in the Northern Rockies continued to drop despite bad fire seasons such as the one last summer, according to Regional Forester Chas. I. Tebbe.

"More than 18-thousand acres burned inside national forest protection boundaries in the region last summer. This brought the average for the past ten years up to about 5,300 acres, but left it far below previous decades," the forester stated.

He said that the amount burned last year was less than half the average burned each year during the 1940's. It was about one-twelfth the yearly average for the 1930's, one-twentieth for that of the 1920's, and about one-ninth the average amount burned each year during the very bad fire seasons from 1910 to 1919.

The forester noted that man-caused fires have been increasing in the Northern Rockies in recent years. Man caused fires in the Northern region dropped from a high of 66 percent of fires during the 1910's to 18 percent during the 1940's, then climbed back to 24 percent during the 1950's he said.

"The recent increase in man caused fires can be attributed, in part at least, to the very large increase in number of people visiting national forest lands," he said. "The 386 man caused fires last summer is about 50 percent more than for each of the previous three years, and roughly 100 percent greater than for the three years preceding that. He said that it was well below the 444-man caused fires reported in 1953.

The national forester said that the goal of the forest service is to reduce losses to forest fires by at least another 50 percent.

ELEPHANT BRAND FERTILIZER PAID FOR THIS TRACTOR

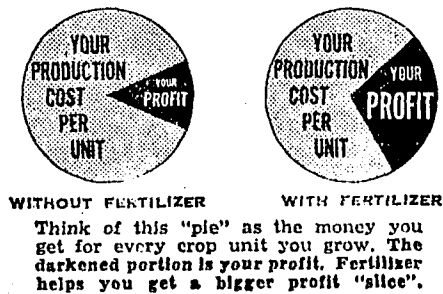

This is an example of what can be bought with profits from the use of fertilizer. The money could have been used for a new car, a college education or any one of a hundred things that make for better living.

With Elephant Brand you grow more so you lower the production cost of each crop unit (each bushel, pound or ton).

Whether you grow small grains, coarse grains, row crops or fruit — raise beef cattle or dairy herds — if you can lower the cost per unit of your cash crop or your forage you will make more money. Lower unit cost is the key to more profitable farming. There is no surer way to lower unit costs than by using Elephant Brand.

You can make more in three different ways when you fertilize with Elephant Brand: first, you grow better grade crops which sell for higher prices; second, bigger yields give you more to sell; and third, you get a greater profit from each crop unit of whatever you grow.

Q. Do you have plans available for a sandbox with a sunshade?
A. The plans we prepared for this reader will, I believe, provide a rewarding do-it-yourself project for anyone who has small children. The sandbox can be cut, assembled, painted and prepared for use over the weekend.

It is 3 feet 10 inches wide, 4 feet long, has a bench on which youngsters may sit or place their "sand cakes" and digging paraphernalia, and an attractive sunshade.

No. 1 white pine is used in constructing all parts of the sandbox, except the roof and bottom, which are sections of 1/8-inch tempered pressed wood.

The only phase of construction which may puzzle an inexperienced home handyman concerns

Sandbox provides rewarding do-it-yourself project.

the angle cuts of the tapered sunshade and mortises suggested for special strength. These aspects are detailed in the free plans, though, and all cutting, specified can be accomplished in seconds with portable electric saws designed for the home craftsman. Accuracy, then, is your chief concern.

The 1x4 posts joining the sandbox and sunshade are fastened with 2-inch carriage bolts. The two sections easily can be assembled for storage if desired.

All material used should be treated with a sealer before painting with exterior paint, and nails should be coated with so no metal is protruding and tear clothing.

When the work is completed just add sand, relax and let those youngsters begin.

RELEASE WILD TURKEYS

Idaho Fish and Game department men admire big wild turkey weighing 22 pounds, before releasing him and 16 others in the lower reaches of the Salmon river near Whitebird a couple of weeks ago.

Tom M. Kilmer, conservation officer, examines spur as Elwood Bizeau, state bird supervisor, struggles to hold the big turkey. An exchange deal was worked out with the Colorado department to swap Idaho mountain goat for wild Merriam's turkeys, a species native to the Rocky mountains from Mexico to Pikes Peak. Four toms and 13 hens were released.

NEED TREES? U. - I. FORESTRY DEPT. HAS THEM READY TO GO

Orders for trees must be sent to the Nursery Department, College of Forestry, University of Idaho, Moscow, Idaho before March 10. Order blanks are available at your county agents office.

This year the nursery has in stock over 900,000 evergreens and 200,000 broadleaf trees and shrubs. This spring Richard Lawson, a farmer from Tensed is going to take advantage of this service. He has ordered enough trees and shrubs to plant a 5-row wind break around his farm buildings. His farmstead, which is located on a hill is exposed

to nearly a steady blow from the Southwest and occasionally from the North.

The five row-wind break should be effective in three to five years. The protection in these early years will largely come from the fast growing broad leaf trees and shrubs. In five to ten years the evergreen trees will begin to contribute more to the windbreak.

Walter Olson, a neighbor of Lawsons is more than willing to testify to the effectiveness of his windbreak. In addition to windbreaks the tree seedlings will be used for reforestation and Christmas tree planting throughout the state of Idaho.

FOOD FOR SOBER THOUGHT IN R. R. MERGER PLANNED

All have read in newspapers, seen and heard on TV or radio the great problems caused in many areas by unemployment — and the steps being taken or proposed to alleviate the situation in many critical areas.

Now, to add to this is the proposed merger of three giant railroads — the Northern Pacific, Great Northern and Chicago and Burlington and Quincy railways, who in a prepared statement under date of Jan. 19, say: "Specific Job guarantees and assurance of continued employment under the proposed Great Northern-Northern Pacific-Chicago, Burlington & Quincy-Spokane, Portland & Seattle railway merger are given by Presidents John M. Budd of the Great Northern; Robert S. Macfarlane of the Northern Pacific and H. C. Murphy of the Burlington, in a statement made public today.

"The presidents said widespread

inaccurate statements being made by a few railroad union representatives as to the effects of consolidation on railroad employees prompted today's statement in advance of formal application to the Interstate Commerce commission. Filing of the application is expected in the next few weeks.

"The statement declared that future job opportunities for all now employed by the four companies are firmly assured by the plan of consolidation, and outlined in detail how the employees will be protected. The statement follows:

"No single aspect of the proposed merger has been given more thoughtful, thorough consideration than that of employment — from the standpoint of both the individual and the community in which he works.

"Future job opportunities for all employees now in service on the component lines are firmly assured by the plan of consolidation which, once approved, will require an estimated five years to complete. The gradual process of integration will have a minimizing effect on proposed employment changes.

"By the end of the consolidation

period the new company will be operating efficiently with about 8 per cent fewer than the present 64,000 employees."

And there you have it — when employment is needed — now or in the future, 8 per cent of 64,000 is not a figure to be considered lightly.

So far as we know, not one of these lines is in financial difficulty of any kind — and consolidation would certainly tend toward monopoly — a situation becoming all too prevalent in the United States today.

Recently we saw monopolistic tendencies by "price fixing" among the huge electric companies. We very firmly believe that this consolidation should not be permitted by the I. C. C., if for no other reasons than the two above!

WEATHER? - WET!

Just one word — "wet" — can accurately be used to describe weather in this area over the past week. It has been rain, rain and more rain here in the canyon — but on top the hills snow fell early Sunday morning to add to the mud and slop! Night temperatures have been just above freezing at the coolest — and into the 50 mark during the day. Hills about town are daily getting greener, and tulips and daffodils are up as high as 6 inches — and lilacs are beginning to bud! "Nuff sed!"

Fresh fish arrives every week-end at Blewett's Market, Kendrick. adv

A GLASS OF BEER
Means Many Things

BIGGER PAYROLLS

There's more to a glass of beer than the well-known satisfaction and cheerful pleasure you get from the golden beverage of moderation. A glass of beer is the product of an industry which employs nearly a million Americans with an annual payroll of \$460 million; over 73,000 people in manufacturing alone. The brewing industry is proud of the fact that every state in the union derives income and better payrolls from the sale of some agricultural, mineral or forest product used in the production of beer and ale.

...FOREST MANAGEMENT
IS RESEARCH IN ACTION

HELPING TO ASSURE A FUTURE

By the constant practice of selective logging . . . greater utilization and conservation of the forest product, we are assured that scenes such as this will be repeated in the years to come. By putting these policies into action we have discovered many other benefits. Among them: preservation of recreational areas . . . protection of wild life and watersheds . . . thus assuring that the students of today will have a bright future in their businesses of tomorrow . . . another reason why we say forest management is research in action.

Surprise On 30th Anniversary

Mr. and Mrs. Walter May were given a surprise reception on their 30th Wedding Anniversary — Sunday afternoon, Feb. 19, from 2:00 to 5:00 p. m., by their children, Mrs. James E. White (nee Dee Dee May) of Spokane, and Mr. and Mrs. Bruce May of Leland. Invited guests were all old friends and relatives of the honored couple.

A beautiful cake, baked and decorated by their daughter was served from a lace-covered table, flanked on either side with lighted tapers. After the first piece was cut by the honored couple, Mrs. Roy Craig and serving Mrs. Dora Taylor, Moscow, an aunt of Walter May, poured coffee. Their actual wedding date is February 16, but the 19th was the closest Sunday.

There were 63 who signed the guest book. Those coming from a distance included: Mr. and Mrs. Bert Bruce of Moscow; Mr. and Mrs. John Bruce and son of Lewiston; Mrs. Betty Burtness, Mrs. James White, Jr., and children and Mrs. Ramona Powell, all of Spokane; Mr. and Mrs. Al Heppner, Moscow; Mr. and Mrs. Roy Davis and son of Colfax, and Mrs. Dora Taylor of Moscow.

PARK PATTERN

By Mrs. Ben J. Smith

Spring Now and Winter — When?
The robins have returned to Park by the dozens in the past few days and a short look around the Smith home will reveal snow-drops in bloom and daffodils and narcissus "up" about two inches. Lilac buds are starting to swell. Everyone was getting a false sense of "time to get out the seed catalogues" when it began snowing Saturday afternoon. By Sunday morning there was a three-inch layer of the white stuff on everything. Monday morning it turned warm again and now — you guessed it — every yard is a swamp!

Promotion Noted — Word has been received by Mr. and Mrs. Charley Enger that their son, Charles, who is with the army at Schwabach Hall, Germany, received a promotion to Specialist 5th. He is with a howitzer unit.

PINOCHLE PARTY — The bi-weekly pinochle party was held at the school house Saturday evening with a small but enthusiastic crowd present. Those from Deary were W. D. Kirk and Bill Baumgartner. From Park were Mr. and Mrs. Charles Stratton, Mr. and Mrs. Charley Enger, Linn and Kathy, J. D. Baumgartner, Charles Gudmundsen, and Mr. and Mrs. Jerry Smith and two children. High prizes were won by Kathy Enger and J. D. Baumgartner. Lows went to Mrs. Enger and Charles Gudmundsen.

TONSILS MISSING — Bruce McKinney, son of Mr. and Mrs. Ted McKinney, parted with his tonsils about two weeks ago. He is recovering nicely.

GUDMUNDSENS HAVE A BUSY WEEK — The Charles Gudmundsen home seemed to be the place to visit in Park last week. On Sunday Mr. and Mrs. Clarence Hosley of Lewiston and Mr. and Mrs. Norman Enger of Deary called. Monday's visitors were the Gudmundsen's son and daughter-in-law, Mr. and Mrs. Eugene Gudmundsen and their two youngest children from Deary, Mr. and Mrs. Louis Miller and their two youngest children of Harvart. Mrs. Stratton visited Tuesday. On Wednesday Mrs. Gudmundsen went to Deary to visit Mrs. Bill Dahlberg. Thursday dawned and — more visitors. This time it was Mr. and Mrs. Charles Stratton and Charles Jelleberg. Sunday evening, Mr. and Mrs. Jerry Smith, Barbie and Lewis called.

OTHER ITEMS — Visitors in the Ed. Lord home Friday were Mr. and Mrs. Ted McKinney and sons, Mrs. Lord's mother, Mrs. Fred Makus and her brother and sister-in-law, Mr. and Mrs. Otto Makus were week-end guests.

Mr. and Mrs. Charles Stratton were in Moscow, Monday, on business.

Mr. and Mrs. Jerry Smith and children visited his sister, Mrs. Anna Weber and children in Juliaetta on Monday. Mrs. Hazel Enger spent Thursday afternoon at the Smith's and was joined later in the day by her family. They were supper guests that evening. Charles Jelleberg helped butcher at the Smith's on Sunday, and was a supper guest.

Published Weekly by the Union Oil Service at Kendrick
W. L. "Bill" Rogers, Editor

HELLO, FOLKS:

Now the time to check over your spring work needs of motor oils, lubricants, greases, special service items, gasoline and diesel fuel — and give us a call at 4251 — we'll deliver them when you say the word — and you'll be ready for work!

Hap: "Why did you have to go to the doctor about that eye, just for drinking coffee?"

Jim: "Well, I was watching that pretty waitress, and forgot to take the spoon out of the cup!"

Like to hear the old bus purr like a kitten? Royal Triton Motor Oil and Royal 76 Gasolines are the answer. We sell both of them. One try will convince you!

Turing from the huge mound of

work piled up in front of him, the business man roared at his secretary: "Miss Jackson, where's my confounded pen?"

"Behind your ear, sir."

"Yes, yes, Jackson. Don't waste time. Which ear?"

Let us grease your car, truck or pickup. There's a specialized Union Lubricant for every point — and we use the right ones!

Farmer Brown: "How's your pretty daughter getting on in Hollywood?"

Farmer Green: "Fine. She's got a steady job as bridesmaid to a film star."

Don't bet on the weather. We can be there in a jiffy to fill that fuel oil tank. Phone us at 4251.
