## HOPS VALUED BY LOOKS AND AROMA.

### Best Are Raised in Bohemia, Bavaria and Parts of England.

According to the prevailing opinions, which, according to some American growers, are mere prejudices, the best hops are raised in Bohemia, Bavaria and some parts of England, notably Kent. Most American brewers as well as their European brothers value hops largely by their appearance and their aroma. This matter is being

HEAD OF GOLDENBUSH HOP.

thrashed out thoroughly in connection with the barley and hop exhibition which will be held in Chicago Oct. 12-22. As in the case of other aromatic plants, the sources of the aroma are not well understood. Aroma usually depends upon such minute particles of substance that even the delicate reactions in the chemical laboratory are frequently inadequate to discover them. The high prices which are paid, for instance, for certain vines are based upon their flavor or aroma, and yet this flavor or aroma cannot be discovered by chemical analysis. It is not surprising, therefore, that the substances which contain the flavor or aroma of hops have never been ascertained with certainty. There is a theory that they are closely associated with the soft resins contained in the lupulin, or the hop flour, which is found between the bracts of the cone and which is really the essential part of the hop plant.

As for the color of the hops, various preferences prevail, some preferring the varieties which are entirely green, while others think the yellowish green is preferable. In this country the yellowish kinds are usually preferred, while in Germany the green ones have the call.

Inasmuch as the brewing value of hops depends largely upon the lupulinic acid and the soft resins and the American hops are unusually rich in soft resins, American hop growers need have no fear of entering the prize competition at Chicago under the rules which have been adopted for the jury which is to judge the hops.

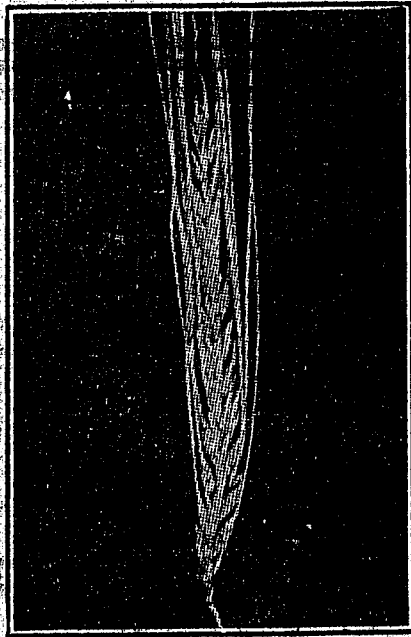

## REASONS FOR USING HOPS IN BEVERAGES

### Taste and Aroma as Well as Preservative Quality Are Desired.

Some American growers claim that, inasmuch as American hops in many cases are just as rich in the soft resins as the best European hops, their brewing value ought to be equal to that of the Europeans. They have not, however, been able to convince American brewers of the accuracy of this view. They will try to do so at the barley and hop exhibition in Chicago in October, 1911. The principal trouble, however, with American hops as they

reach the market is that they are picked carelessly. The only part that is of value to the consumer is the cone, and everything in the shape of stems and leaves that is mixed with the grains not only diminishes the amount of available material, but introduces a decidedly injurious element, the leaves and cones being rich in tannic acid, which imparts a stringent and harsh taste.

In the international barley and hop exhibition, which will be held in Chicago in October, 1911, the item of

HEAD OF CHEVALIER BARLEY.

clean picking will cut an important figure in the valuation of the hops that will be entered for prize competition.

The great importance of this exhibition will lie in the fact that it will tend to put the valuation of hops upon a substantial basis of facts rather than of individual preferences.

All exhibits at this exposition will be in the names of growers, no dealers being admitted to the competitive exhibition. The exhibition is in charge of the committee on awards, 1508 Republic building, Chicago.

## AWARDS OF PRIZES FOR HOP EXHIBITS.

### Conditions That Will Govern In This Class.

Awards of prizes will be made according to the following rules for hops entered in the second international barley and hop prize exhibition to be held at Chicago, Oct. 12-22, 1911:

The awards will consist of twenty-one prizes, the highest amounting to \$150. For the purpose of prize distribution each distinct hop growing section (foreign or domestic) will constitute a class by itself. The following American sections are recognized as distinct for this purpose: (1) New York state, (2) California, (3) Oregon, (4) Washington, (5) British Columbia.

Hops grown outside of these sections will be considered as belonging to that section which conforms most closely to their districts geographically and climatically, in the discretion of the committee on awards.

All samples of hops must be certified to have been grown by the exhibitor. The amount of hops offered for exhibit must be at least ten pounds, with six clusters of about twelve cones each.

Portuguese Not Unit.

Lisbon.—The political situation in Portugal is taking a serious turn. The Republic party is completely divided. The advanced element under the leadership of Alfonso Costa, provisional minister of justice, and the conservative section, under Antonio Almeida, provisional minister of the interior, and Senhor Camacho, declared open war at the elections for the presidency, the moderates winning the day.

New York.—The marital difficulties of Upton Sinclair and Meta Fuller Sinclair, who have been married 11 years, reached a climax here when the author brought suit for absolute divorce, naming Harry Kemp, the poet, as co-respondent.

## CONSPIRACY CHARGE CAUSE OF ARRESTS

### Speeches at Meeting Cause Issuance of Warrants for Seattle Men.

Seattle, Wash.—Charged with conspiring to obstruct the administration of justice in a United States court, Oliver T. Erickson, member of the Seattle City Council, Le Roy Sanders, editor of the Seattle Star, B. H. Canfield, publisher of the Star, John H. Perry, attorney for Canfield and Sanders, Sheriff Hugo Kelly, Paul K. Mohr, a labor leader, Thomas Homer, a real estate dealer, were arrested on warrants sworn to by United States District Attorney Elmer B. Todd.

A warrant for the arrest of A. W. Fawcett, who was ousted from the office of mayor of Tacoma in a recent recall election, was issued and sent to Tacoma for service.

The warrants for the arrest of the alleged conspirators were issued as the result of the hanging in May of United States District Judge Hanford and the utterance at a mass meeting of inflammatory speeches denouncing the court for issuing an injunction restraining the people of Rainier Valley from interfering with the Seattle, Renton & Southern Railway, which is involved in a dispute with its patrons.

The indictment charges all the leaders of the mass meeting with conspiracy to obstruct justice by arousing people to disobedience of the injunction and refers to remarks made at the mass meeting.

Rusk's Canadian Opponent, La Grande, Union City, will be a candidate for the Republican nomination for Representative in Congress from the Second Congressional district in the primary nominating election next April. Mr. Rusk formally announced his candidacy here, and at a subsequent date will make a formal announcement.

## ELECTION STRUGGLE INTENSE IN CANADA

Ottawa, Ont.—Reports coming in from all parts of Canada show the intensity of the election struggle now under full headway, and reflect also the position and progress of the various elements on the main issue, reciprocity between Canada and the United States.

Reciprocity has continued the dominant issue since Premier Laurier and Opposition Leader Borden made their initial addresses.

The grounds taken for and against reciprocity are shown in the reports coming from all sections. The fight against reciprocity is made on both economic and sentimental grounds. The opposition speakers declare that agriculture in the United States is so much better developed than it is in Canada that the Canadian farmer will be swamped by the arrival of food products from the United States.

Girl Tossed Overboard.

Holland, Mich.—Angered, he said, because Grace Lyons, of Chicago, broke her promise of marriage, Walter Hopper, of Chicago, attacked her on board the steamer Puritan in mid-lake and tossed her overboard. Her body was not recovered.

## SINCLAIR WANTS DIVORCE

As Papers Are Being Prepared, Author, Spouse and Affinity Talk.

New York.—The marital difficulties of Upton Sinclair and Meta Fuller Sinclair, who have been married 11 years, reached a climax here when the author brought suit for absolute divorce, naming Harry Kemp, the poet, as co-respondent.

While the papers were being prepared by Mr. Sinclair's attorney for

service upon his wife she and her husband and the co-respondent poet sat in the assembly room of a large Broadway hotel and quietly discussed with reporters the problem of marital relations and Utopia in general.

Fisher Tells Alaskans He'll Help. Katalla, Alaska.—An avowed determination to go the limit to bring relief for bona fide coal land claimants whose entries long have been held up by executive orders was expressed by Secretary of the Interior Walter L. Fisher in an informal talk to Katalla citizens.

Fire Destroys Mine.

Springfield, Ore.—The buildings of the Great Northern mines in the Blue River district, 45 miles east of this city, on the Santiam watershed, were destroyed by fire, which wiped out the entire gold mining plant valued at \$50,000, and which spread to the forests nearby.

## R. L. BORDEN

R. L. Borden, Canadian Opposition Leader, who is fighting Premier Laurier and the Reciprocity Treaty.

## KILLS PARENTS FOR MONEY

Youth Confesses Killing of Mother, Father, Brother to Get Money.

Evansville, Ind.—The story of how he crept into the room where his father, Richard Lee, his mother and brother Clarence were sleeping and slew them with an axe in order that he might obtain money with which to set up a home for the girl he was to marry, came from the lips of William Lee, a 21-year-old boy, here.

After maintaining a show of indifference for two days young Lee broke down when confronted with damaging evidence the authorities had collected against him. He confessed to Sheriff John J. Davis, going into details, and declaring that after his parents were dead he set fire to their bed. He then ran from the house and gave the alarm, he said, to avert suspicion.

## FILM EXPLODES IN THEATER

Panic Follows Cry of "Fire," and Many Are Killed and Injured.

Canonburg, Pa.—Twenty-five persons were killed and more than 60 injured when a moving-picture film exploded in the Canonburg Opera House. Immediately following the flash of the film some person shouted "fire." There was a rush for the exit and in a moment there was a writhing, screaming mass of humanity 10 feet high in the narrow stairway leading to the entrance of the theater. Most of the dead were smothered.

A great majority of the spectators were women and children. In the fierce rush for the exit they were trampled on. Others were thrown upon them and those at the bottom of the human pile were suffocated.

The Spokane Interstate Fair has just issued a very handsome poster advertising the coming exhibition Oct. 2 to 8. Copies of same may be had by writing the Spokane management.

## VETERANS KILLED IN TRAIN WRECK

### Over Score Killed and Many Injured When Express Train Jumps Trestle.

Manchester, N. Y.—Pinned in the coaches of a heavily laden eastbound 14-car train on the Lehigh Valley Railroad from 25 to 30 persons met death and more than 100 were injured when the coaches plunged over a trestle into Canandaigua Lake. Many of the passengers were war veterans and excursionists from the Grand Army encampment at Rochester.

The engines and two day coaches had just passed the center of a 400-foot trestle over the Canandaigua outlet, 150 yards east of the station at Manchester, when the Pullman car Astoria, the third car of the long train, left the rails. It dragged with it the dining car, two day coaches and two Pullmans.

All jumped over the ties a short distance, when the coupling broke. The forward end of the train dragged the derailed Pullman and dined over safely, but both day coaches plunged down the south embankment and rolled over.

It is now established the wreck was caused by a broken rail. Three cars out of the train of 14 plunged from the track. The train was bound from Buffalo to Jersey City, and a majority of those aboard were on their way to homes in New Jersey and Eastern Pennsylvania.

## COMBINE TO CRUSH MEN'S FEDERATION

New York.—Preparing for a general strike of railroad shopmen, involving not only the Harriman lines, but practically every big system in the West, officials of the roads maintaining headquarters in New York City are reported to be formulating plans to absolutely crush the "system federation" before it is extended to the operating forces.

Arrangements have been completed with employment agencies to hold themselves in readiness to furnish strike breakers at once on receipt of telegraphic orders.

San Francisco.—That the granting of the demands of the federation of shop employees of the Harriman lines would mean chaos; that it would abridge or deprive the corporations of the ability to fulfill the duties imposed upon them by the law, and that the officers deliberately so betraying the trusts as to agree to such an arrangement would be universally and justly condemned by public opinion, was the statement made by Julius Kruttschnitt, vice-president and director of maintenance and operation of the Harriman roads.

## NEWS OF GENERAL INTEREST IN IDAHO

### Important Occurrences of the Past Week From Cities in Our State.

**Dry Farms Getting Big Results.**  
Idaho Falls.—That dry farming methods when properly followed, are successful has just been demonstrated by Professors Briggs, Kearney and Shantz of the department of agriculture, who, in behalf of the department, have completed an investigation of the dry farms in this valley. Professor Briggs, before leaving this city, stated that in all of the travels of the committee it has not seen either irrigated or nonirrigated farming which produced better results than were to be found on the dry farms here, in the face of the fact that the year has been one of severe drought.

**\$220,000 Paid for Mine.**  
Silver City.—The biggest mining sale that has been made in this section of the country in a number of years was consummated last week when Elias Meyers, an Englishman, said to be worth at least \$40,000,000, purchased the Flint property, a silver mine located eight and one-half miles from Silver City, owned by Percy and Marcus White and Superintendent Holdridge of the B. & M. Railroad, for \$220,000.

**MCCLURE GIVES FIGURES**  
Investments in Sheep Industry Are Very Heavy.  
Gooding.—The secretary of the National Wool Growers' Association, S. W. McClure, of Gooding, says, with reference to the traffic in wool: "The last census shows that there are more than 50,000,000 sheep in the United States, owned by more than 600,000 persons. These sheep are estimated to be worth \$250,000,000, and the lands upon which they graze in private ownership are worth \$500,000,000 more.  
"Last year our sheep produced \$28,000,000 pounds of wool, worth \$80,000,000, and 750,000,000 pounds of dressed mutton, worth \$75,000,000. These two items alone show a production from the sheep industry of \$135,000,000 for the year 1910."

**After Samples of Idaho Grain.**  
Lewiston.—D. W. Greenburg, chairman of the state grain commission, left for south Idaho to gather grain samples, as is required by the law governing the establishing of grades by the board, preparatory to a meeting of the commission which will be held in the headquarters offices here between now and September 20.

**Teach Cooking in Bonner.**  
Sandpoint.—A department of domestic science will be installed in the public schools here this year, the action being urged by Superintendent H. T. Irlon. The school board has authorized the securing of a teacher at not more than \$800 a year, and the purchase of the equipment.

### ISSUES DEPEND ON RESULT

**State Politicians Anxiously Await Election Outcome.**  
Boise.—The discriminating optics of many politicians are focussed on Canyon and Bannock counties, because of the local option elections to be held in both counties September 6.  
Canyon county voted its acceptance of the local option prohibitory law two years ago by a majority of 1300, while Bannock expressed itself in favor of the new provision by 900 votes.  
Both "wets" and "drys" are well organized in each county and at this time each claims certain victory.  
Upon the result in these two normally Republican counties will depend to a large degree the solution of two material points in politics. One of these is the prohibition plank in party platforms at the next general election, the other the raising of the issue in several other "dry" counties in the south of Idaho.

**Kettenbach Trial Is Set.**  
Boise.—Judge Frank S. Dietrich, of the Federal Court, has set the date of the trial of Frank W. Kettenbach, ex-president of the Lewiston National Bank, charged with falsifying reports to the Controller of the Currency, for September 3.

### Leland Mercantile Co. Changes Hands.

The Leland Mercantile Co. has been sold by Mr. Moffet to a company of which Stanley Talbott will be manager. They will immediately put in a larger and better stock of all lines of general merchandise and will be prepared to supply all the wants of the people in that vicinity.  
Mr. Talbott is now in Portland securing new stocks and will return in about a week to assume the active management.

### Coyote in the City Limits

Stewart Compton shot a coyote last Sunday morning back of Mr. Koker's house in the west end of town. It is not known whether this animal is one of those infected with poison or some disease, as while there was fur on the hide, the fur was very loose.  
If anyone is putting out poison for coyotes, they should use great care so that no more valuable hounds will be lost through carelessness with poison.

### Some Good Crops

Among the good crops that have been called to our attention during the past week are the following:  
On American Ridge Mrs. M. A. Deobald had a twenty-acre tract that threshed 50 bushels machine measure, which will probably weigh out considerably more; M. V. Thomas returned Saturday evening from his ranch and reported that on a fifty acre tract, just threshed, the yield was 1300 sacks, or 52 bushel machine measure. These are probably among the best on American Ridge.  
On Big Bear Ridge M. L. McGraw threshed 160 sacks of oats from a five acre tract, one of the best oat crops that has been brought to our attention.  
J. F. Brown secured Sunday samples of oats raised on the place of Andrew Peterson near Tekan, that are the best we have seen this year. The oats are of the Big Four variety and are not threshed yet, but Mr. Peterson expects them to go nearly 100 bushel to the acre. On one straw 152 kernels were counted.

### \$5 00 Prize Offered

The management of the Lewiston-Clarkston fair can now assure the visitors they will not be compelled to go elsewhere to witness all the best features of the Northwest fairs. We have the flying attraction, the beeman feature and Buffalo Vernon as a fitting complement of the best attractions.  
Feeling confident of a big fair, we are desirous of fittingly designating the occasion by some popular slogan and we are therefore offering \$5.00 to any boy or girl under the age of 18 years who will propose the best one, and the same amount to the one proposing the best name for the carnival features.  
We ask any boy or girl who will propose both or either of above to send the same to the secretary of the Lewiston-Clarkston fair on or before the 10th of September.  
J. E. Nickerson, Secretary.

in that state, so that each may have  
its lands in a more compact body  
than at present. Acting Secretary of  
Agriculture Hayes signed a co-operative  
agreement with the state for the  
examination of unsurveyed school  
lands in the Kootenai and Shoshone  
counties, so as to exchange them for lands  
of equal value along the boundary of the  
national forests.

School teachers applying for a  
job in the Gordon district in Shoshone  
County, are confronted by the  
board with the requirement that the  
successful aspirant have four children.  
Health, youth, beauty and even  
efficiency are disregarded. The directors  
offer \$100 monthly salary. The  
Gordon district, one of the richest in  
the world, must pass out of existence  
unless four children are added at  
once, and leave a good school, large  
library and a surplus of more than  
\$4000.

At Boise in the Federal court next  
month the government will bring to  
trial 32 defendants, prominent residents  
of Long Valley, who are  
charged with conspiring to defraud  
the United States out of valuable  
lands and to deprive entrymen out of  
their rights to file on public domain.

An organization of commercial club  
executives that is to take in the entire  
western slope was effected at a  
luncheon of the commercial club  
executives assembled at Boise held  
at the Boise Commercial Club. Every  
paid secretary of every commercial  
organization in all the western  
states was declared eligible for membership,  
and some of the details of the  
organization were worked out.

### Lee in Solitary Cell.

Jeffersonville, Ill.--William Lee, accused  
murderer of his father, mother  
and brother at Boonville, Ind., is in  
solitary confinement in the Indiana  
Reformatory. He was taken to the  
prison from Princeton, where officers  
took him following the publication of  
his confession.

### Woman Uses Potato Masher.

Wallace.--For using her wooden potato  
masher on the head of her neighbor's  
husband, Mrs. Ida Mattson of  
Enaville was arrested, charged with  
assaulting W. M. Smith with intent to  
commit murder.

representatives of 18 clubs of the  
National party. He has no opposition.

## TAFT SAYS LEADERS "PLAYED POLITICS"

Hamilton, Mass.—Pres. Taft began the presidential campaign of 1912 in a speech that breathed defiance and condemned the insurgent Republicans and Democrats who combined to revise several schedules of the present tariff at the special session of Congress just closed.

The president singled out Senator La Follette, of Wisconsin; Speaker Clark and Chairman Underwood, of the House ways and means committee, as leaders of the revision and charged them with "playing politics."

Mr. Taft indicated that he regarded the proposed revision as injurious and dangerous to business, but made it plain that if the tariff board in December reported in favor of downward revision of the cotton and wool schedules, he would recommend a reduction.

The president spoke before the Essex County Republican Club at the formal launching of the state campaign here.

### Seven Killed by Storm.

Charleston, S. C.—Seven persons are known to be dead, many injured, and property damage of more than \$1,000,000 is the havoc wrought by the storm which struck Charleston Sunday afternoon, isolating that city from the rest of the world.

### Gale Hits Georgia Coast.

Savannah, Ga.—Suddenly appearing off the coast of South Carolina and Georgia a storm, reaching a velocity of a mile a minute, passed over Savannah, spending its force on plate glass windows, street lamps and trees, putting all wires between Savannah and Charleston out of commission, and isolating that city and Beaufort, S. C.

### Cotton Mills Shut Down.

Boston.—More than 60,000 cotton mill operatives in the New England states will be idle until September 5, emphasizing the most drastic curtailing policy which has been in force in nearly 20 years. A general resumption of activity is set for September 5.

KENDRICK IDAHO

Easterners returning to their homes after touring the Pacific Northwest and quoted in their home papers, invariably go into raptures over the climate they encountered here. Accordingly this asset is to be used extensively in next year's advertising. The suggestion has been made that mammoth thermometers be erected in the large centers of population, whereon the temperature of the Northwest will be indicated each day. This would be a novel way of attracting attention.

Spokane has decided to hold another apple show this fall. The business men have subscribed \$85,000 to defray the expenses. For the past 8 years, Spokane has done honor to the King of Fruits, and the shows have always attracted large crowds. Last year the display was taken East, following the close in Spokane, but this venture did not prove a success. The purposes of the Spokane Apple Show are worthy and there is no doubt that competition this year will be more spirited this year than ever before.

There is considerable speculation among business men as to the ultimate effect of the decision of the Interstate Commerce Commission in the so-called Spokane case. This cuts out the "back haul charge" from tidewater to interior points. Spokane has been fighting for years for such a decision and believes it will reap important trade advantages therefrom. Coast interests hold that it will really prove a boomerang, as every other interior city gets the same advantage. On top of all comes the report that the railroads intend to readjust all freight rates, because of the decision.

## FRANCESCO FERULLO.

Stellar Attraction Booked For the Interstate Fair This Year.

Francesco Ferullo and his band of fifty pieces will be the stellar musical feature of the eighteenth annual Spokane Interstate Fair.

Manager Cosgrove has closed a contract for the appearance at the fair next fall of the famous organization which is creating such a furore in the California musical world.

Spokane bands will furnish the regular music for the fair, and the big band will appear only in concert programs. A new band stand for their accommodation will be erected in front

of the grand stand on the west side of the race track, and the concert numbers will be given between race events. The band will be the star feature at night, in addition to the spectacular number, including a strong pyrotechnic program.

Ferullo is fulfilling a musical triumph at Idora Park, Oakland, and is stated to have a musical organization second to none. Ferullo is a demon with the baton. In his hand the baton is a wand drawing forth the harmonies from the array of men who sit waiting for its every turn and curve.

Under the spell of this struggle of the mortal with the unseen Ferullo twists, squirms, raves, and his raven locks wave and flutter. He arouses an audience into a fever of suppressed excitement. Sounds issue in volumes or are repressed as a whisper in answer to his every contortion.

# An Anchor to Windward

Sooner or later during your voyage through life, storms will beset you. Towering waves of adversity will engulf you. Squalls of calamity will overtake you. You will be swamped. It is then you will need an anchor. There will come a time when the sympathy of a kind friend and the advice of a hearty well-wisher will not profit you. You will need more than empty words of encouragement. You must have something substantial to tie to. What will it be? Ready cash—that is the stay. When the kindly hand cannot reach you, when the hearty hand shake avails you not, the ready cash will purchase your needs. It is plain sailing now. Prepare for the storm. Open a bank account today and lay an anchor upon which you may rely, come what calamity there may.

#### Northern Pacific Publishes Census Figures

The Northern Pacific has just pro-  
duced a 72 page booklet containing  
the complete 1910 census figures for  
the seven northwestern states trav-  
ersed by its lines. The booklet  
shows the population of all incorpo-  
rated cities, towns and villages in  
these states for 1890, 1900 and 1910.  
In the rear of the booklet are also  
given summaries of agricultural and  
industrial statistics. Another table  
shows population of all the cities in  
the country having over 25,000, to-  
gether with the population of the  
10 largest cities in the world.

A copy of the booklet may be ob-  
tained on request of the General Pas-  
senger Office of the Northern Pacific  
Railway at Saint Paul.

##### THREE REQUESTS

The pastor of the Second Reformed  
Church of Harrisburg, Pa., recently  
sent a circular letter to the members  
of his congregation, in which he made  
the following requests:

"Attend the services of the church as  
regularly as you can; your presence at  
worship will be a spiritual gain to your-  
self, an encouragement to others, and  
an inspiration to your pastor. There  
is nothing that will stimulate a congre-  
gation more than regular attendance  
on the Lord's Day. Ask a friend or  
neighbor to come with you—many are  
only waiting for an invitation.

"Take part in the activity of some dis-  
tinct organization of the congregation.  
Select one in which you feel that you  
can be at home; find a place where you  
can be busy and useful; worker in the  
Master's Vineyard are always needed.

"At all times speak well of and pray  
for your church. There is much that  
you can commend, though there may  
be some things to be regretted. As you  
would regard yourself or your family,  
so regard your church in your speech  
to others, especially in the presence of  
strangers or your children—a thought-  
less criticism, often spoken at ran-  
dom, can result only in harm."

GEORGE H. ROACH, Pastor.

#### AUTO TURNS SOMERSAULT

Veteran Driver and Mechanic Die in  
Speed Race.

Elgin, Ill.—The 305-mile automobile  
road race, won by Len Zengel in a  
National, with Harry Grant second  
and Hugh Hughes third, was not con-  
tested without its toll of death and  
injuries.

David Buck, veteran Chicago auto-  
mobile racer, was within 11 laps of  
the finish, going 66 miles an hour on  
the back stretch, when his right for-  
ward wheel threw a tire. The ma-  
chine turned a somersault and Sam  
Jacobs, mechanic, was killed.  
Buck's back was broken and he died  
that night.

##### Walla Walla Elects New Officials.

Walla Walla, Wash.—Commission  
government forces won the third  
battle here and the victory was a  
sweeping one. A. J. Gillis, candi-  
date of the Commission Government  
League for Mayor, was elected, and  
A. K. Dice and George Struthers were  
chosen commissioners on the same  
ticket.

Under the Allen law, the commis-  
sion government will become effec-  
tive September 11. The newly elect-  
ed officers will take their seats at  
that time. They have the appointing

#### GOOD ROADS EXHIBIT AT 1910 SPOKANE FAIR.

No fair or exhibition can be wholly  
successful if run from the amusement  
standpoint only. To be sure, fair vis-  
itors want amusement—must have lots  
of it—but in addition there must be  
many educational features of real val-  
ue. One of the most interesting of

these demonstrations at the Spokane  
Interstate Fair last year was the model  
roads exhibit made by the Spokane  
County Good Roads association. This  
will be enlarged this year, and visitors  
at the fair during the week of Oct. 2  
may learn much of the science of real  
road building at this exhibit.

In fact, there will be many more  
educational features in connection with  
the 1911 Spokane Interstate Fair than  
have ever been seen at one interstate  
fair before. Both the Washington  
State college and the Idaho State col-  
lege have agreed to send up large ex-  
hibits, and all the Spokane education-  
al institutions will be well represented.  
It has been necessary to provide new  
room for the Spokane schools exhibit,  
as they completely filled and overflowed  
the space allotted them last year.

Outside of the strictly educational  
exhibits there will be the dairy show,  
which will present this year a com-  
plete line of dairy machinery, including  
milking machines, and the apary show  
with all the bee and honey exhibits and  
paraphernalia. Down at the apary de-  
partment Professor Frank G. Odell  
will hold forth twice daily, and the  
tricks he does with the bees are almost  
beyond belief. When he stands with  
a hat full of bees on his head, a quart  
tucked away inside his shirt next the  
skin and thousands crawling over his  
body, up his trousers and out of his  
collar, all the time talking like a Gatling  
gun about the marvels of bee life or  
the wonderful achievements of scienti-  
fic agriculture his auditors bawl over  
with enthusiasm.

Ye Olde Time Auction  
in Ye City of Lewiston  
State of Idaho

Tuesday, Sept. 12th

We have inaugurated an **Auction Market Day** in Lewiston, to be held  
monthly, and have employed a first-class Auctioneer who will be on the ground  
and will sell any Live Stock or Farm Produce of any description that you have to  
offer for sale **WITHOUT ANY CHARGE WHATSOEVER**. We are  
turning over the city of Lewiston to out-of-town buyers and sellers on that day.  
This will permit you to receive the highest market price through competitive bids  
with no cost, no trouble to you. Our aim is to acquaint you with the fact that  
Lewiston affords you the **BEST MARKET** of any place in the Northwest  
for everything the country produces.

**Remember Everything is Free. No charge will be made  
for the many high-class attractions to be given that date.**

Send in a list of what you will have to sell on that day to the committee,  
as soon as you can, so that arrangements can be made to care for same.

## LOCAL

Prosecuting Attorney Suppliger was among the business visitors in town Monday.

Mr. and Mrs. Chas. Le Marinel have been visited the past week by Mr. Le Marinel's mother.

A bag of candy will be given free with every tablet bought at Lauterbach's next week.

Fire at the Benjamin place on Little Bear Ridge last week burned the barn, shed, etc. We are unable to state the amount of insurance, if any.

T. B. West states that he is now prepared to insure automobiles against fire or accident and that anyone who owns an auto and thinks of running off one of these grades should call and see him.

The annual harvest dance at the Barnum Theatre will be given Friday evening, September 8th, and it is expected there will be a large attendance and a good time for all. Music will be furnished by the Kendrick Orchestra.

A separator belonging to George Garner was burned last Friday evening on the Herman Wilken place. The fire started while the crew were at supper, quick work saving the setting, but the separator was ruined. Mr. Garner immediately sent for a new separator, a Case 28 inch, Monday noon.

Let the Banks have your deposits and the Idaho Land Co. your insurance.

A regular meeting of the City Council will be held next Wednesday evening at the City Hall.

T. B. West made a business trip to Spokane the first of the week, returning Tuesday evening.

Two well drilling outfits were shipped in last week. We understand they are to be used on Big Bear Ridge this fall.

Go to A. J. Geer for your harness and shoe repairing. First door south of the post office, Kendrick. All work guaranteed.

Persons who wish to invest in LEGAL RESERVE INSURANCE should see Chas. LeMarinel, the special representative of the Western Union Life.

This company has a policy at present that gives protection free of charge during the period of disability from accident or any sickness. The company also has a policy that pays for loss of eyes, limbs or time caused by any sickness or accident.

The policy can be converted into cash before death should the insured himself desire money rather than protection. Thus, while he prospers he deposits the money for life insurance, and when he is financially in trouble he is not compelled to sell other property at a sacrifice to get cash.
